The Bite, the Breast and the Blood Amy Williams Wilson,2018-10-09 Central to every vampire story is the undead s need for human blood but equally compelling is the human ingestion of vampire blood which often creates a bond This blood connection suggests two primal natural desires breastfeeding and communion with God through a blood covenant This analysis of vampire stories explores the benefits of the bonding experiences of breastfeeding and Christian and vampire narratives arguing that modern readers and viewers are drawn to this genre because of our innate fascination with the relationship between human and maker

[The Immortal Hunter](#) Lynsay Sands,2009-10-06 Even vampires need a vacation But Decker Argeneau s ends abruptly when he s asked to help hunt the group of rogue vampires targeting mortals one that might include a defector in his own family Before he can worry about that though he s got to rescue the latest victim It s all part of the job including taking a bullet for a beautiful doctor Dr Danielle McGill doesn t know if she can trust the man who just saved her life There are too many questions such as what is the secret organization he says he s part of and why do his wounds hardly bleed However with her sister in the hands of some dangerous men she doesn t have much choice but to trust him Except now Decker s talking about life mates and awakening a passion that s taking Dani beyond anything she s ever known Being undead may not be half bad especially if it means spending forever with a man who would love her with his mind body and immortal soul
