Generational Key to History Michael A. Susko, 2025-01-17 *Generational Key to History Tracing Phases From Ancient Egypt to America* This work reveals how generations form the hidden rhythm of history By charting time in 15 year generational intervals an approach first used by the medieval historian Bede and later championed by the twentieth century philosopher Jos Ortega y Gasset the author uncovers distinct phases that recur across civilizations Rather than relying solely on yearly dating which can fragment historical awareness this generational lens exposes history s deeper coherence The phases found are 1 Beginnings and testing 0 15 generations 2 Establishment and unifying image beginning at 15 20 generations 3 Consolidation and opening up 30 generations 4 Crisis and creativity 40 generations 5 Universalization and inclusion 50 generations and 6 Renewal or rigidification 60 generations Through detailed

case studies Egypt Israel Judah Rome the Medieval Modern era and the United States the author shows how each culture moves through these generational arcs revealing a pattern that mirrors the human life cycle The 30th generation often neglected by historians emerges as a pivotal phase of openness justice and illumination In sum A Rosetta Key for History does not merely present a new way to measure time it reveals the living architecture of history itself Across continents and centuries generations become the Rosetta key for understanding time s unfolding design Engaging Bodies Ann Cooper Albright, 2013-12-03 Winner of the Selma Jeanne Cohen Prize in Dance Aesthetics 2014 For twenty five years Ann Cooper Albright has been exploring the intersection of cultural representation and somatic identity in dance For Albright dancing is a physical inquiry a way of experiencing and participating in the world and her writing reflects an interdisciplinary approach to seeing and thinking about dance In her engagement as both a dancer and a scholar Albright draws on her kinesthetic sensibilities as well as her intellectual knowledge to articulate how movement creates meaning Throughout Engaging Bodies movement and ideas lean on one another to produce a critical theory anchored in the material reality of dancing bodies This blend of cultural theory and personal circumstance will be useful and inspiring for emerging scholars and dancers looking for a model of writing about dance that thrives on the interconnectedness of watching and doing gesture and thought Hardcover is un jacketed Choreographing Copyright Anthea Kraut, 2016 Choreographing Copyright Provides a historical and cultural analysis of U S based dance makers investment in intellectual property rights In a series of case studies stretching from the late nineteenth century to the early twenty first the book reconstructs dancers efforts to win copyright protection for choreography and teases out their raced and gendered politics **Performing Queer Modernism** Penny Farfan, 2017 Focusing on some of the best known and most visible stage plays and dance performances of the late nineteenth and early twentieth centuries Penny Farfan s interdisciplinary study demonstrates that queer performance was integral to and productive of modernism that queer modernist performance played a key role in the historical emergence of modern sexual identities and that it anticipated and was in a sense foundational to the insights of contemporary queer modernist studies Chapters on works from Vaslav Nijinsky s *Afternoon of a Faun* to Noel Coward s *Private Lives* highlight manifestations of and suggest ways of reading queer modernist performance Together these case studies clarify aspects of both the queer and the modernist and how their co productive intersection was articulated in and through performance on the late nineteenth and early twentieth century stage **Performing Queer Modernism** thus contributes to an expanded understanding of modernism across a range of performance genres the central role of performance within modernism more generally and the integral relation between performance history and the history of sexuality It also contributes to the ongoing transformation of the field of modernist studies in which drama and performance remain under represented and to revisionist historiographies that approach modernist performance through feminist and queer critical perspectives and interdisciplinary frameworks and that consider how formally innovative as well as more conventional works collectively engaged with modernity at once reflecting

and contributing to historical change in the domains of gender and sexuality **ASIA&EUROPE IN SOCIAL SCIENCES: CONNECTIONS, REPRESENTATIONS, INTERPRETATIONS** ALEXANDRA GABRIELA CONSTANTINESCU, ANGELICA HELENA MARINESCU, 2020-01-01 Aceast lucrare pune fa n fa Europa i Asia n studii realizate de antropologi coreografi filologi istorici lingvi ti muzicologi i sociologi Grani ele sociale i culturale dintre cele dou lumi at t de dep rtate fizic sunt relevate de lucrare a fi extrem de sub iri Lucrarea abordeaz at t aspecte teoretice c t i practice discut despre leg tura dintre postcolonialism i postcomunism despre semnifica ia cultural a mirodeniilor despre modernitatea n artele vizuale despre diseminarea culturii populare sud coreene n Rom nia despre lumea oriental ca surs de inspira ie pentru compozitorii europeni despre apari ia mi c rilor feministe n vestul Europei cu cele similare din Asia Articolul despre rolul cultural i stereotipal al monumentelor coloniale este foarte instructiv in contextul mi c rilor sociale recente din SUA i Europa de Vest Lucrarea se ncheie cu o cercetare ce aduce n discu ie imaginarul unei c l torii n India a a cum este ea proiectat de europeni
