Tanner, Andrew Gardner, 2024-03-19 Materialising the Roman Empire defines an innovative research agenda for Roman archaeology highlighting the diverse ways in which the Empire was made materially tangible in the lives of its inhabitants The volume explores how material culture was integral to the processes of imperialism both as the Empire grew and as it fragmented and in doing so provide up to date overviews of major topics in Roman archaeology Each chapter offers a critical overview of a major field within the archaeology of the Roman Empire The book s authors explore the distinctive contribution that archaeology and the study of material culture can make to our understanding of the key institutions and fields of activity in the Roman Empire The initial chapters address major technologies which at first glance appear to be mechanisms of

integration across the Roman Empire roads writing and coinage The focus then shifts to analysis of key social structures oriented around material forms and activities found all over the Roman world such as trade urbanism slavery craft production and frontiers Finally the book extends to more abstract dimensions of the Roman world art empire religion and ideology in which the significant themes remain the dynamics of power and influence The whole builds towards a broad exploration of the nature of imperial power and the inter connections that stimulated new community identities and created new social divisions

Early Buddhist Transmission and Trade Networks Jason Neelis,2010-11-19 This exploration of early paths for Buddhist transmission within and beyond South Asia retraces the footsteps of monks merchants and other agents of cross cultural exchange A reassessment of literary epigraphic and archaeological sources reveals historical contexts for the growth of the Buddhist sa gha from approximately the 5th century BCE to the end of the first millennium CE Patterns of dynamic Buddhist mobility were closely linked to transregional trade networks extending to the northwestern borderlands and joined to Central Asian silk routes by capillary routes through transit zones in the upper Indus and Tarim Basin By examining material conditions for Buddhist establishments at nodes along these routes this book challenges models of gradual diffusion and develops alternative explanations for successful Buddhist movement

The Roman Impact on the Economy of the Lower Germanic Limes Region Erik Timmerman,2023-09-25 The remarkable economic performance of the Roman Empire is now widely acknowledged Yet there is still much debate about its interpretation Although this debate is mainly conducted at the empire wide level regional syntheses are indispensable to its further advancement This book contributes to that purpose by providing a comprehensive account of the Roman impact on the economy of the Lower Germanic Limes region By drawing on a large number of scattered publications and archaeological datasets the work demonstrates that Roman rule also led to important economic developments in a part of the empire that was remote from its Mediterranean heartland
