Vault Guide to the Top 50 Consulting Firms Daniel McHugh, 2001 A collection of company profiles offering an inside look at management consulting careers and the firms that shape the industry **Vault Guide to the Top 50 Consulting Firms** Douglas Cantor, Clay Risen, Vault.com Staff, 2003-08-22 This best selling guide offers an inside look at management consultant careers and the firms that shape the industry Vault Guide to the Top 50 Management and Strategy Consulting Firms, 2009 **The Vault Guide to the Top 50 Consulting Firms** Naomi Newman, 2007 The only annually updated insider's guide to consulting firms The Vault Guide to the Top 50 Consulting Firms now in its 10th edition is an unbiased investigative look at the top management and strategy consulting firms Based on interviews and surveys of more than 1 500 consultants the guide provides the inside scoop on recent firm news firm culture pay diversity initiatives hiring process and more at more than 50 top firms The guide includes Vault's exclusive rankings of the top 50 consulting firms **Vault Career Guide to Consulting**, 2002 **Vault Career Guide to Consulting** Eric Chung, 2008-02-07 Whether you are considering a career in consulting but don't know where to start or changing jobs within the industry the Vault Career Guide to Consulting offers an inside look at the industry and teaches you the ins and outs of the world of consulting What You'll Find Inside New trends in the consulting industry The skills you'll need Life on the job culture lifestyle hours and more What to ask during the interview Book jacket **Vault Guide to the Top 50 Management and Strategy Consulting Firms** Marcy Lerner, Naomi Newman, 2005 Based on interviews and surveys of thousands of consultants the Guide provides the inside scoop on recent firm news firm culture pay diversity initiatives hiring process and more at more than 50 top firms as well as Vault's exclusive rankings of the top 50 consulting firms **Vault Reports Guide to the Top Consulting Firms**, 1999 **The Meritocracy Trap** Daniel Markovits, 2019-09-10 A revolutionary new argument from eminent Yale Law professor Daniel Markovits attacking the false promise of meritocracy It is an axiom of American life that advantage should be earned through ability and effort Even as the country divides itself at every turn the meritocratic ideal that social and economic rewards should follow achievement rather than breeding reigns supreme Both Democrats and Republicans insistently repeat meritocratic notions Meritocracy cuts to the heart of who we are It sustains the American dream But what if both up and down the social ladder meritocracy is a sham Today meritocracy has become exactly what it was conceived to resist a mechanism for the concentration and dynastic transmission of wealth and privilege across generations Upward mobility has become a fantasy and the embattled middle classes are now more likely to sink into the working poor than to rise into the professional elite At the same time meritocracy now ensnares even those who manage to claw their way to the top requiring rich adults to work with crushing intensity exploiting their expensive educations in order to extract a return All this is not the result of deviations or retreats from meritocracy but rather stems directly from meritocracy's successes This is the radical argument that Daniel Markovits prosecutes with rare force Markovits is well placed to expose the sham of meritocracy

Having spent his life at elite universities he knows from the inside the corrosive system we are trapped within Markovits also knows that if we understand that meritocratic inequality produces near universal harm we can cure it When *The Meritocracy Trap* reveals the inner workings of the meritocratic machine it also illuminates the first steps outward towards a new world that might once again afford dignity and prosperity to the American people *Opening Strategy* Richard

Whittington, 2019-03-21 *Strategy is becoming more open more transparent and more inclusive* *Opening Strategy* tells the story of how corporate strategists and strategy consultants have worked since the middle of the last century to open up the strategy process First strategic planning then strategic management and now open strategy have all brought more people into the strategy process and provided more strategic information for the benefit of both business and society at large Informed by interviews with corporate strategists and consultants at leading firms such as General Electric and McKinsey Co and drawing on the historical archives of strategy s pioneers this book provides vivid insights into the trials and tribulations of practice change in the strategy profession Above all it stresses the hard work of the little recognized and sometimes eccentric individuals who have been leaders in practice change By building on a wide range of illustrations covering both successes and failures the book draws out general lessons for practice innovation in strategy Those studying the topic will be able to set standard strategy techniques in historical and social context and develop new areas for investigation while practising executives and consultants should gain a sense of how to innovate in strategy and how not to **The**

Sustainable City Steven Cohen, Guo Dong, 2021-06-15 Living sustainably is not just about preserving the wilderness or keeping nature pristine The transition to a green economy depends on cities Economic technological and cultural forces are moving people out of rural areas and into urban areas If we are to avert climate catastrophe we will need our cities to coexist with nature without destroying it Urbanization holds the key to long term sustainability reducing per capita environmental impacts while improving economic prosperity and social inclusion for current and future generations *The Sustainable City* provides a broad and engaging overview of the urban systems of the twenty first century It approaches urban sustainability from the perspectives of behavioral change organizational management and public policy looking at case studies of existing legislation programs and public private partnerships that strive to align modern urban life and sustainability The book synthesizes the disparate strands of sustainable city planning in an approachable and applicable guide that highlights how these issues touch our lives on a daily basis including the transportation we take the public health systems that protect us where our energy comes from and what becomes of our food waste This second edition of *The Sustainable City* dives deeper into the financing of sustainable infrastructure and initiatives and puts additional emphasis on the roles that individual citizens and varied stakeholders can play It also reviews current trends in urban inequality and discusses whether a model of sustainability that embraces a multidimensional approach to development and a multistakeholder approach to decision making can foster social inclusion It features many more examples and new international case studies spanning the globe
