*A Fabric of Defeat* Bryant Simon,2000-11-09 In this book Bryant Simon brings to life the politics of white South Carolina millhands during the first half of the twentieth century His revealing and moving account explores how this group of southern laborers thought about and participated in politics and public power Taking a broad view of politics Simon looks at laborers as they engaged in political activity in many venues at the polling station on front porches and on the shop floor and examines their political involvement at the local state and national levels He describes the campaign styles and rhetoric of such politicians as Coleman Blease and Olin Johnston himself a former millhand who eagerly sought the workers votes He draws a detailed picture of mill workers casting ballots carrying placards marching on the state capital writing to lawmakers and picketing factories These millhands politics reflected their public and private thoughts about whiteness and blackness war and the New Deal democracy and justice gender and sexuality class relations and consumption Ultimately the people depicted here are neither romanticized nor dismissed as the stereotypically racist and uneducated rednecks found in many accounts of southern politics Southern workers understood the political and social forces that shaped their lives argues

Simon and they developed complex political strategies to deal with those forces      *I Hear America ...* Vernon Loggins, 1967

*Peculiar Whiteness* Justin Mellette, 2021-03-01 Peculiar Whiteness Racial Anxiety and Poor Whites in Southern Literature 1900 1965 argues for deeper consideration of the complexities surrounding the disparate treatment of poor whites throughout southern literature and attests to how broad such experiences have been While the history of prejudice against this group is not the same as the legacy of violence perpetrated against people of color in America individuals regarded as white trash have suffered a dehumanizing process in the writings of various white authors Poor white characters are frequently maligned as grotesque and anxiety inducing especially when they are aligned in close proximity to blacks or to people with disabilities Thus as a symbol much has been asked of poor whites and various iterations of the label e g white trash tenant farmers or even people with a little less money than average have been subject to a broad spectrum of judgment pity compassion fear and anxiety Peculiar Whiteness engages key issues in contemporary critical race studies whiteness studies and southern studies both literary and historical Through discussions of authors including Charles Chesnutt Thomas Dixon Sutton Griggs Erskine Caldwell Lillian Smith William Faulkner and Flannery O Connor we see how whites in a position of power work to maintain their status often by finding ways to recategorize and marginalize people who might not otherwise have seemed to fall under the auspices or boundaries of white trash
