The Anthem Companion to Alexis de Tocqueville Daniel Gordon, 2019-05-30 The Anthem Companion to Alexis de Tocqueville contains original interpretations of Tocqueville's major writings on democracy and revolution as well as his lesser known writings on colonies prisons and minorities The Introduction by Daniel Gordon discusses how Tocqueville was

canonized during the Cold War and the need to reassess the place of Tocqueville's voice in the conversation of post Marxist social theory Each chapter that follows compares Tocqueville's ideas on a given subject with those of other major social theorists including Bourdieu Dahl Du Bois Foucault L vi Strauss and Marx This comprehensive volume is based on the idea that Tocqueville was not merely a founder or precursor whose ideas have been absorbed into modern social science The broad questions that Tocqueville raised his comparative vision and his unique vocabulary and style can inspire deeper thinking in the social sciences today [The Palgrave Handbook of Religion and State Volume I](#) Shannon Holzer,2023-10-11 The Palgrave Handbook of Religion and State Volume I Theoretical Perspective deals with the relationship between Religion and its long history that has played out throughout time and across the globe Countries in Africa the Middle East and Europe approach the subject of religion and the state in various ways While the word religion to westerners usually brings Christianity to mind in Japan it is Shintoism and Buddhism Volume II offers chapters on the relationship of both Shintoism and Buddhism to the Japanese state It is very easy to see how the deeply traditional Japanese citizens may come into conflict with the strictly secular Japanese state It also contains chapters about mosque and state as well as synagogue and state

The Oxford Handbook of the Sociology of the Middle East Armando Salvatore,Sārī Ḥanafī,Kieko Obuse,2022 The Oxford Handbook of the Sociology of the Middle East integrates the study of the social dynamics in the Middle East within history culture and politics The volume transcends a purely regional perspective to investigate the global nature of these dynamics and their impact on the life of people in the region It provides a comprehensive perspective in connecting the vexed state society relations in the region with movements of transformation and the affirmation of rights and creativity in the public arenas **Cold Civil War** Jim Belcher,2022-03-22 America is experiencing extreme polarization and fragmentation that could split the country in two How can we bring America back together before its too late Laying out a quadrant
