The Body in Tolkien's Legendarium Christopher Vaccaro, 2013-08-29 The timely collection of essays is thematically unified around the subject of corporeality Its theoretical underpinnings emerge out of feminist Foucauldian patristic and queer hermeneutics The book is organized into categories specific to transformation spirit versus body discourse and source material More than one essay focuses on female bodies and on the monstrous or evil body While Tolkien s The Lord of the Rings is central to most analyses authors also cover The Hobbit The Silmarillion and material in The History of Middle earth

Tolkien: the Illustrated Encyclopedia David Day, 2001-07 *The Hobbit and Tolkien's Mythology* Bradford Lee Eden, 2014-09-24 At the 2013 Celebrating The Hobbit conference at Valparaiso University marking the 75th anniversary of the book s publication and the first installment of Peter Jackson s Hobbit movies two plenary papers were presented Anchoring the Myth The Impact of The Hobbit on Tolkien s Legendarium by John D Rateliff provided numerous examples of The Hobbit s influence on Tolkien s legendarium and Tolkien s French Connections by Verlyn Flieger discussed French influences on the development of Bilbo Baggins and his adventures In discussions with the plenary speakers and other

presenters it became apparent that a book focusing on how The Hobbit influenced the subsequent development of Tolkien's legendarium was sorely needed. This collection of 15 previously unpublished essays fills that need. With Rateliff's and Flieger's papers included, the book presents two chapters on the Evolution of the Dwarven Race, two chapters on Durin's Day examining the Dwarven lunar calendar, and 11 chapters on themes exploring various topics on influences and revisions between The Hobbit and Tolkien's legendarium. **Illustrated World of Tolkien: The Second Age** David Day, 2023-12-12. An illustrated guide to the least known period in Middle-earth's history, the Second Age. The lore and legends of this period are given life through hundreds of illustrations from artists who have studied Tolkien's work and insightful commentary from David Day makes this a valuable addition to the shelf of anyone with a keen interest in exploring more of Tolkien's world.

Tolkien's Mythic Meaning Quinn A. J. Gervel, 2025-05-27. Perhaps you have read The Lord of the Rings multiple times because it is a captivating story. Maybe you experienced an awakening through the narrative that drew you back to Middle-earth again. Some have chosen to relive the journey from The Shire and back again because the adventure continues to bring new unexpected clarity about life. Whatever the reason, the story was compelling enough for you to revisit those hundreds and hundreds of pages all over again. Tolkien's Mythic Meaning explores how and why. After J.R.R. Tolkien's The Hobbit debuted in 1937, readers were so enchanted by Bilbo's adventures they demanded more. It took Tolkien over a decade to write The Lord of the Rings, a monumental undertaking but one well worth the time invested to produce something he perceived readers were desperately hungry for. Tolkien's Mythic Meaning demonstrates how Tolkien intentionally crafted The Lord of the Rings so that its narrative would mediate meaning to readers on a personal level deeper than words. **What's So Liberal about the Liberal Arts?**

Paul W. Lewis, Martin William Mittelstadt, 2016-04-27. FRAMEWORKS is a series dedicated to interdisciplinary studies on the integration of faith and learning. Given Jesus' command to love God with heart, soul, mind, and strength, the time is ripe for confessional scholarship and education across the disciplines. We implore God's Spirit to change us through the great works of history and literature alongside developments in science, psychology, and economics, and all of this through intense engagement with the Scriptures. We want to celebrate God's work across the disciplines. We seek the likes of psychologists in conversation with philosophers, ethicists with historians, biblical scholars with rhetoricians, scientists with economists, environmentalists with neurologists. As these conversations continue across the disciplines, the framework from which to draw our individual and collective testimonies will only enlarge. We invite you to think, behave, preach, sing, pray, research, and indeed to live this multi-faceted journey with us. If indeed our stories are never complete, we invite future contributors and readers to join us in pursuit of deeper personal and collective transformation. **The Hobbit**
