Tombstone The Great Chinese Famine 1958 196:

Tombstone Yang Jisheng, 2012-10-30 A veteran journalist presents an epic account of the worst famine in history a landmark in the Chinese people's own efforts to confront their history Ian Johnson The New York Review of Books An estimated thirty six million Chinese men women and children starved to death during China's Great Leap Forward in the late 1950s and early 60s One of the greatest tragedies of the twentieth century the famine is poorly understood and in China is still euphemistically referred to as the three years of natural disaster As a journalist with privileged access to official and unofficial sources Yang Jisheng spent twenty years piecing together the events that led to mass nationwide starvation including the death of his own father Finding no natural causes Yang attributes responsibility for the deaths to China's totalitarian system and the refusal of officials at every level to value human life over ideology and self interest Tombstone is a testament to inhumanity and occasional heroism that pits collective memory against the historical amnesia imposed by those in power Stunning in scale and arresting in its detailed account of the staggering human cost of this tragedy Tombstone is written both as a memorial to the lives lost an enduring tombstone in memory of the dead and in hopeful anticipation of the final demise of the totalitarian system *Railroads and the Transformation of China* Elisabeth Köll, 2019-01-14 To convey

modern China's history and the forces driving its economic success rail has no equal From warlordism to Cultural Revolution railroads suffered the country's ills but persisted because they were exemplary institutions Elisabeth Köll shows why they remain essential to the PRC's technocratic economic model for China's future **China's Political Worldview and**

Chinese Exceptionalism Benjamin Ho, 2025-10-01 China's Political Worldview and Chinese Exceptionalism International Order and Global Leadership uses the notion of Chinese exceptionalism as a framework to analyze China's international politics and foreign policy This book argues that China's approach to international relations is best understood in the context of these claims to exceptionalism and China's broader political world view In doing so it fosters a more comprehensive understanding of China's actions within the realms of foreign policy and international politics and in the context of the preferred world order norms and rules that the country seeks to promote Focuses on the study of China's political worldview an area that is under studied by Western scholars of Chinese politics Emphasizes on China's diplomatic activities in Asia which is an area of great interest to policy makers Study on Chinese exceptionalism which is also an under researched albeit growing theme in recent years **Afterlives of Chinese Communism** Christian Sorace, Ivan Franceschini, Nicholas

Loubere, 2019-06-25 Afterlives of Chinese Communism comprises essays from over fifty world renowned scholars in the China field from various disciplines and continents It provides an indispensable guide for understanding how the Mao era continues to shape Chinese politics today Each chapter discusses a concept or practice from the Mao period what it attempted to do and what has become of it since The authors respond to the legacy of Maoism from numerous perspectives to consider what lessons Chinese communism can offer today and whether there is a future for the egalitarian politics that it
