Book Club Felicity Hayes-McCoy, 2020-03-05 I was utterly charmed a pitch perfect delight Marian Keyes A sparkling life affirming novel Cathy Kelly Eager to cheer up her recently widowed gran Cassie Fitzgerald persuades Lissbeg library to set up a Skype book club linking readers on Ireland's Finfarran Peninsula with the little US town of Resolve where generations of Finfarran's emigrants have settled But when the club decides to read a detective novel old conflicts on both sides of the ocean are exposed hidden love affairs come to light and as secrets emerge Cassie fears she may have done more harm than good Will the truths she uncovers about her granny Pat's marriage affect her own hopes of finding love Is Pat who's still

struggling with the death of her husband about to fall out with her oldest friend Or could the transatlantic book club itself hold the clue to a triumphant happy ending Literary Agents in the Transatlantic Book Trade Cécile Cottenet, 2017-04-07 By way of a case study of one of the oldest French book agencies Agence Hoffman this book analyzes the role played by French literary agents in the importation of US fiction and literature into France in the years following World War II It sheds light on the material conditions of the circulation of texts across the Atlantic between 1944 and 1955 exploring the fine mechanisms of agents negotiations which allowed texts and ideas to cross borders While providing comparative insights into the history of publishing in France and in the United States in the immediate aftermath of the war this book aims at foregrounding the role of the book agent an all too often neglected intermediary in the field of book history Grounded in archival work conducted both in France and the United States this study is based on previously unexamined correspondence Considering the concept of mediation as central in the field of print culture this book addresses the dearth of scholarship on literary agents on both sides of the Atlantic and intersects with the current scholarship on transatlantic internationalism and transnational cultural and trade networks as evidenced by the recently emerged field of sociology of translation in Europe

The Cambridge Companion to the Victorian Novel Deirdre David, 2012-10-18 In the Victorian period the British novel reached a wide readership and played a major role in the shaping of national and individual identity As we come to understand the ways the novel contributed to public opinion on religion gender sexuality and race we continue to be entertained and enlightened by the works of Dickens George Eliot Thackeray Trollope and many others This second edition of the Companion to the Victorian Novel has been updated fully taking account of new research and critical methodologies There are four new chapters and the others have been thoroughly updated as has the guide to further reading Designed to appeal to students teachers and readers these essays reflect the latest approaches to reading and understanding Victorian fiction **The Irish Expatriate Novel in Late Capitalist Globalization** Joe Cleary, 2021-11-11 This study of contemporary Irish expatriate fiction offers a boldly original world facing rather than nation focused overview of the contemporary Irish novel Chapters examine how Irish narrative deals with the United States in a time of declining global hegemony a rising China and Asia a thwarted and turbulent Global South and a European Union that has decisively reshaped Ireland in the last half century The author argues that in a late capitalist world defined by volatile economic and cultural globalizations the Irish novel is struggling to imagine new ways to narrate the country's relationship to the world capitalist system and to find new place for Irish writing in the world literary system Looking at a rapidly changing Ireland in a rapidly changing international order Joe Cleary offers new readings of novels by Colm Tóibín Anne Enright Joseph O'Neill Deirdre Madden Mary Costello Naoise Dolan Aidan Higgins Colum McCann Ronan Sheehan and Ronan Bennett **Trans Atlantic** Colum McCann, 2004

history signaling the end of a premodern system of translation and the advent of modern literary exchange McMurran illuminates aspects of prose fiction translation history including the radical revision of fiction's origins from that of cross cultural transfer to one rooted by nation the contradictory pressures of the book trade which relied on translators to energize the market despite the increasing devaluation of their labor and the dynamic role played by prose fiction translation in Anglo French relations across the Channel and in the New World McMurran examines French and British novels as well as fiction that circulated in colonial North America and she considers primary source materials by writers as varied as Frances Brooke Daniel Defoe Samuel Richardson and Fran oise Graffigny *The Spread of Novels* reassesses the novel's embodiment of modernity and individualism discloses the novel's surprisingly unmodern characteristics and recasts the genre's rise as part of a burgeoning vernacular cosmopolitanism British Fiction and the Cold War A. Hammond, 2013-09-19 This book offers a unique analysis of the wide ranging responses of British novelists to the East West conflict Hammond analyses the treatment of such geopolitical currents as communism nuclearism clandestinity decolonisation and US superpowerdom and explores the literary forms which writers developed to capture the complexities of the age *Secondary Heroines in Nineteenth-Century British and American Novels* Jennifer Camden, 2016-04-01 Taking up works by Samuel Richardson James Fenimore Cooper Sir Walter Scott and Catharine Maria Sedgwick among others Jennifer B Camden examines the role of female characters who while embodying the qualities associated with heroines fail to achieve this status in the story These secondary heroines often the friend or sister of the primary heroine typically disappear from the action of the novel as the courtship plot progresses only to return near the conclusion of the action with renewed demands on the reader's attention Accounting for this persistent pattern Camden suggests reveals the cultural work performed by these unusual figures in the early history of the novel Because she is often a far more vivid character than the heroine of the marriage plot the secondary heroine inevitably engages the reader's interest in her plight That the narrative apparently seeks to suppress her creates tension and points to the secondary heroine as a site of contested identity who represents an ideology of womanhood and nationhood at odds with the national ideals represented by the primary heroine whom the reader is asked to embrace In showing how the anxiety produced by these ideals is displaced onto the secondary heroine Camden's study represents an important intervention into the ways in which early novels use character to further ideologies of race class sex and gender *Handbook of American Romanticism* Philipp Löffler, Clemens Spahr, Jan Stievermann, 2021-07-05 The Handbook of American Romanticism presents a comprehensive survey of the various schools authors and works that constituted antebellum literature in the United States The volume is designed to feature a selection of representative case studies and to assess them within two complementary frameworks the most relevant historical political and institutional contexts of the antebellum decades and the consequent re appropriations of the Romantic period by academic literary criticism in the twentieth and early twenty first centuries The Atlantic Enlightenment Francis D. Cogliano, 2017-03-02 Transatlantic

studies especially during the enlightenment period is of increasing critical interest amongst scholars But was there an Atlantic Enlightenment This interdisciplinary collection harnesses the work of some of the most prominent figures in the fields of literature intellectual cultural and social history geography and political science to examine the emergence of the Atlantic as one of the key conceptual paradigms of eighteenth century studies In this spirit the contributors offer new insights into the conditions that generated a major transatlantic genre of writing addressing questions of race political economy and the transmission of Enlightenment ideas in literary political historical and religious contexts Whether examining John Witherspoon s evolution from Calvinist theologian to Revolutionary theorist or Adam Smith s reception in the antebellum United States the essays remind us that the transatlantic traffic in ideas moved from west to east from east to west and in patterns that both complicate and enrich what we thought we knew about the vectors of transmission in this pivotal period

Founded in Fiction Thomas Koenigs,2021-06-15 An original account of the importance of diverse forms of fiction in the early American republic one that challenges the rise of the novel narrative What is the use of fiction This question preoccupied writers in the early United States where many cultural authorities insisted that fiction reading would mislead readers about reality Founded in Fiction argues that this suspicion made early American writers especially attuned to one of fiction s defining but often overlooked features its fictionality Thomas Koenigs shows how these writers explored the unique types of speculative knowledge that fiction could create as they sought to harness different varieties of fiction for a range of social and political projects Spanning the years 1789 1861 Founded in Fiction challenges the rise of novel narrative that has long dominated the study of American fiction by highlighting how many of the texts that have often been considered the earliest American novels actually defined themselves in contrast to the novel Their writers developed self consciously extranovelistic varieties of fiction as they attempted to reform political discourse shape women s behavior reconstruct a national past and advance social criticism Ambitious in scope Founded in Fiction features original discussions of a wide range of canonical and lesser known writers including Hugh Henry Brackenridge Royall Tyler Charles Brockden Brown Leonora Sansay Catharine Maria Sedgwick Edgar Allan Poe Robert Montgomery Bird George Lippard Harriet Beecher Stowe Frederick Douglass and Harriet Jacobs By reframing the history of the novel in the United States as a history of competing varieties of fiction Founded in Fiction shows how these fictions structured American thinking about issues ranging from national politics to gendered authority to the intimate violence of slavery
