Leaders of the Light in the Age of Great Awakening Don P. Valeri, 2025-09-15 Many seers mystics astrologers philosophers even theologians have foreseen a new age that is birthing on planet Earth Some call it the Age of Great Awakening which is the term used in this book It will be an age in which spirituality will prevail and not religion politics finance and material gain that now predominate human thinking It will encompass and affect every facet of our lives especially those who currently rule over humanity Why do we have so many Evil corrupt psychopath people ruling over us In this age a new breed or species of Leaders will emerge This book is about those emerging leaders what they will look like how they will behave ethically and what they will have to face and confront in the decades to come A good portion of the book deals with our flawed understanding of leadership and what can be called leadership from the shadows Here the words of Carl Jung are worth remembering In order to know the light we must first experience the darkness And it is this darkness that so many are now living through But as this wise person also said As far as we can discern the sole purpose of human existence is to kindle a light in the darkness of mere being **"A Curious Machine"** Arseny Ermakov, Glen
