Transformative Conversations A Guide To Mentoring Communities Among Colleagues In Higher Education:

Transformative Conversations Peter Felten, H-Dirksen L. Bauman, Aaron Kheriaty, Edward Taylor, 2013-02-21 Praise for Transformative Conversations In the superstorm of writings about the crisis in higher education this little gem of a book stands out like a mindfulness bell It calls us back to the only thing that truly matters the energy and wisdom buried in the minds and hearts of dedicated educators Diana Chapman Walsh president emerita Wellesley College trustee emerita Amherst College member of the MIT Corporation This book is revolutionary It is about transforming the very essence of higher education through the power of authentic conversation knowing that as the people within the institution evolve the institution will transform Patricia and Craig Neal The Art of Convening Authentic Engagement in Meetings Gatherings and Conversations founders Heartland Inc This is a radical story about how to create a more intimate and relational culture inside the halls of higher education for those who long for higher education to return from the abyss of siloed isolation to its original charter as a cooperative learning institution committed to developing the whole person in service of the common good Peter Block Flawless Consulting and Abundant Community Transformative Conversations offers guidance to help readers create and sustain Formation Mentoring Communities where faculty staff and administrators can speak openly and honestly to the heart of their work as educators and human beings

Becoming a Student-Ready College Tia Brown McNair, Susan Albertine, Michelle Asha Cooper, Nicole McDonald, Thomas Major, Jr., 2016-06-27 Boost student success by reversing your perspective on college readiness The national conversation asking Are students college ready concentrates on numerous factors that are beyond higher education's control Becoming a Student Ready College flips the college readiness conversation to provide a new perspective on creating institutional value and facilitating student success Instead of focusing on student preparedness for college or lack thereof this book asks the more pragmatic question of what are colleges and universities doing to prepare for the students who are entering their institutions What must change in an institution's policies practices and culture in order to be student ready Clear and concise this book is packed with insightful discussion and practical strategies for achieving your ambitious student success goals These ideas for redesigning practices and policies provide more than food for thought they offer a real world framework for real institutional change You'll learn How educators can acknowledge their own biases and assumptions about underserved students in order to allow for change New ways to advance student learning and success How to develop and value student assets and social capital Strategies and approaches for creating a new student focused culture of leadership at every level To truly become student ready educators must make difficult decisions face the pressures of accountability and address their preconceived notions about student success head on Becoming a Student Ready College provides a reality check based on today's higher education environment

Contemplative Practices in Higher Education Daniel P. Barbezat, Mirabai Bush, 2013-10-30 Contemplative pedagogy is a way for instructors to empower students to integrate their own experience into the theoretical material they are being taught

in order to deepen their understanding help students to develop sophisticated problem solving skills support students sense of connection to and compassion for others and engender inquiries into students most profound questions Contemplative practices are used in just about every discipline from physics to economics to history and are found in every type of institution Each year more and more faculty education reformers and leaders of teaching and learning centers seek out best practices in contemplative teaching and now can find them here brought to you by two of the foremost leaders and innovators on the subject This book presents background information and ideas for the practical application of contemplative practices across the academic curriculum from the physical sciences to the humanities and arts Examples of contemplative techniques included in the book are mindfulness meditation yoga deep listening contemplative reading and writing and pilgrimage including site visits and field trips

Professional Service Across the Field of Education Joy Egbert, Mary F. Roe, 2016-02-12 Service is increasingly recognized as a crucial part of academic life and in this incredibly competitive industry trustworthy best practice guides are notably missing Even with supportive mentors many emergent scholars are left to learn these lessons the hard way In this straightforward and thorough book Joy Egbert and Mary Roe address the most common challenges facing academics at all stages of their careers as they navigate the world of professional service Illuminating the unspoken rules behind book reviewing anticipating the difficulties of collaborating offering support on chairing mentoring and graduate student committees chairmanship and more this book is a must have for anyone starting an academic career in Education and for veteran academics who want to polish their skills

The Quest for Meaning and Wholeness: Spiritual and Religious Connections in the Lives of College Faculty Jennifer A. Lindholm, 2013-12-24 An insightful scholarly resource for dialogue about the symbiotic relationship between the life of the mind and the life of the heart of faculty and what faculty can do to provide students an education that focuses on meaning and purpose Larry A Braskamp professor emeritus Loyola University Chicago Among the strengths of this book are Lindholm s solid research design and data analysis deft integration of quantitative and qualitative data in presentation of findings and interpretation and clear writing Dr Lindholm makes an important contribution both to higher education literature on faculty and to religious studies literature on this dimension of religion and spirituality in colleges and universities Michael D Waggoner professor University of Northern Iowa editor Religion coauthor of Rethinking Faculty Work Higher Education s Strategic Imperative At last a book for faculty about faculty on an important but long neglected topic Jennifer Lindholm provides a cogent readable analysis of how faculty view spirituality and religion not only in their own lives but also their role in higher education Peter C Hill Rosemead School of Psychology Biola University

Relationship-Rich Education Peter Felten, Leo M. Lambert, 2020-11-03 A mentor advisor or even a friend Making connections in college makes all the difference What single factor makes for an excellent college education As it turns out it s pretty simple human relationships Decades of research demonstrate the transformative potential and the lasting legacies of a relationship rich college experience Critics suggest

that to build connections with peers faculty staff and other mentors is expensive and only an option at elite institutions where instructors have the luxury of time with students But in this revelatory book brimming with the voices of students faculty and staff from across the country Peter Felten and Leo M Lambert argue that relationship rich environments can and should exist for all students at all types of institutions In Relationship Rich Education Felten and Lambert demonstrate that for relationships to be central in undergraduate education colleges and universities do not require immense resources privileged students or specially qualified faculty and staff All students learn best in an environment characterized by high expectation and high support and all faculty and staff can learn to teach and work in ways that enable relationship based education Emphasizing the centrality of the classroom experience to fostering quality relationships Felten and Lambert focus on students influence in shaping the learning environment for their peers as well as the key difference a single well timed conversation can make in a student s life They also stress that relationship rich education is particularly important for first generation college students who bring significant capacities to college but often face long standing inequities and barriers to attaining their educational aspirations Drawing on nearly 400 interviews with students faculty and staff at 29 higher education institutions across the country Relationship Rich Education provides readers with practical advice on how they can develop and sustain powerful relationship based learning in their own contexts Ultimately the book is an invitation and a challenge for faculty administrators and student life staff to move relationships from the periphery to the center of undergraduate education
