**Jesus in a World of Colliding Empires, Volume Two: Mark 8:30-16:8 and Implications** Mark J. Keown, 2018-03-16 At the time of Christ world politics was an ebb and flow of colliding empires and forces The world knew only dynastic succession and rule by force Israel was swept up in this world Her expectations of deliverance while diverse had in common the anticipation of violent liberation by an alliance of God the expected one Theo and Israel's forces Her vision included the subjugation of the world to Yahweh Any messianic claimant would be expected to fulfill this hope Mark's story of Jesus must be read against such expectations of military power Mark knows that Jesus' plan of salvation differed radically from this Rather than liberation through revolution it involved deliverance through humble loving service and cross bearing However the disciples follow Jesus but do not understand Jesus' purpose They constantly expect war So the Gospel is then read from Mark's full understanding and the disciples' flawed perspective In this first volume of Jesus in a World of Colliding Empires Keown backgrounds Mark and the political situations of the world at the time He then unpacks Mark 1 1 8 29 as Jesus seeks to show the disciples he is Messiah while drawing out the deep irony of their incomprehension

**Apocalyptic Transformation** Elizabeth K. Rosen, 2008-02-15 Since its inception the story of the apocalypse has been used as a means by which to understand the world and one's place in it The appeal of the apocalyptic myth is largely rooted in its ability to make sense of instances of crisis by incorporating those crises into a larger plan for history and an end of time that God has planned Apocalypse is both an organizing principle to be imposed on an overwhelming seemingly disordered universe and a fundamentally moral story which offers hope of a new

world where good and evil can be clearly delineated and addressed But all of the traditional functions and comforts of the apocalyptic myth are challenged when the myth collides with postmodernism The characteristics that define a work as postmodern ultimately destabilize the traits that make the apocalyptic myth unique Using the work of Terry Gilliam Don DeLillo Kurt Vonnegut and other writers in the genre Apocalyptic Transformation examines the collision of the postmodern mode and the apocalyptic myth explores the process of secularizing this religious story and the reasons for doing so and asks the question What happens when an author undermines the grand narrative of the apocalypse

*Philip Hooker* Edward Wales Root,1929 Theater of a City Jean E. Howard,2011-06-03 Arguing that the commercial stage depended on the unprecedented demographic growth and commercial vibrancy of London to fuel its own development Jean E Howard posits a particular synergy between the early modern stage and the city in which it flourished In London comedy place functions as the material arena in which social relations are regulated urban problems negotiated and city space rendered socially intelligible Rather than simply describing London the stage participated in interpreting it and giving it social

meaning Each chapter of this book focuses on a particular place within the city the Royal Exchange the Counters London s  
whorehouses and its academies of manners and examines the theater s role in creating distinctive narratives about each In  
these stories specific locations are transformed into venues defined by particular kinds of interactions whether between  
citizen and alien debtor and creditor prostitute and client or dancing master and country gentleman Collectively they suggest  
how city space could be used and by whom and they make place the arena for addressing pressing urban problems  
demographic change and the influx of foreigners and strangers into the city new ways of making money and losing it  
changing gender roles within the metropolis and the rise of a distinctive town culture in the West End Drawing on a wide  
range of familiar and little studied plays from four decades of a defining era of theater history Theater of a City shows how  
the stage imaginatively shaped and responded to the changing face of early modern London

Marie Hartvigsen, 2018-12-17 The story of Joseph and Aseneth is a fascinating expansion of the narrative in Genesis of Joseph  
in Egypt and in particular of his marriage to the daughter of an Egyptian priest This study examines the portrayal of Aseneth  
s transformation in the text focusing on three perspectives How did Aseneth s encounter with Joseph and her subsequent  
transformation affect various aspects of her identity in the narrative In what ways do the portrayals of Aseneth her  
transformation and her abode relate to select metaphors and other symbolic features depicted in the Septuagint the Hebrew  
Bible and the Pseudepigrapha And how do the ritualized components through which Aseneth s transformation occurred  
function in the narrative and why are they perceived as effective In order to shed light on these facets of Joseph and Aseneth  
the author draws on the contemporary approaches of intersectionality conceptual blending intertextual blending and the

cognitive theory of rituals using these theoretical frameworks to explore and illuminate the complexity of Aseneth's transformation
