**The Calling of Congregational Leadership** Larry L. McSwain, 2013-05-30 Leading is a calling from God but that doesn't mean it is easy There are choices to be made about what your congregation believes how your church organizes for effective ministry and how your church serves the settings of which you are a part The good news is that others have gone before you Author Larry L. McSwain's forty years of experience can help guide you through these choices Rooted in research *The Calling of Congregational Leadership* teaches a three pronged approach to congregational leadership being a good leader the knowledge needed by the leader and the managing of ministry leadership By using this practical holistic approach to leading congregations McSwain shows you how to use your church's potential for conveying the power of God in the lives you touch *The Calling of Congregational Leadership* is for those who seek to enlarge the understanding of their leadership to make their communities of faith more vital and more reflective of the mission of God in the world

*Respecting Congregations* Clyde Ervine, 2025-05-22 Across North America congregations and their leaders are experiencing unprecedented anxiety Despite the many organizational and growth strategies offered to congregational leaders over the last five decades few congregations are growing and most are coping with numerical decline With fewer people attending worship and fewer students offering themselves for ordination at least in mainline denominations many Christians worry that the church across the continent is in the process of dying While Ervine's book may not offer swift solutions it does offer hope Fearful congregations and their leaders are invited to set the

search for quick fix solutions aside and instead take the time to discover and then respect the identity purpose and ministry priorities that the New Testament provides to congregations This book is written in the conviction that clarity about their in Christ identity their purpose in God s ongoing mission and what is essential to their ministry will give congregations new confidence to offer Christian witness rooted in biblical teaching while respecting twenty first century cultural realities

Stephens, 2024-03-29 *Reckoning Methodism* addresses the brokenness of The United Methodist Church UMC in the United States Homosexuality is but one of several fault lines with decades long histories in this predominantly White denomination Demographic shifts racism and imperialism are heavily implicated in the current state of division What then is the true nature and mission of this church The UMC is the public church divided Distinct missional theologies arise from competing commitments and priorities When Methodist programmatic initiatives such as vital congregations environmental witness and volunteers in mission fail to account for these differences denominational unity is weakened Constructively this book seeks historical clarity collective repentance charismatic learning and institutional courage as United Methodists reckon with inherited animosities and divisions This book provides no answers or programmatic fixes Rather it provides possibilities for repairing past harms as United Methodists seek ways to continue living out their Wesleyan faith *Reckoning with the public church divided* we glimpse the nature and mission of the church not only as it has been but also as it could be Podcast interview with GCAH **The Scattering** Dwight Lee DuBois, 2015-11-05

each chapter      *Useful Wisdom* Anthony B. Robinson, 2020-03-18 We've got a list of questions issues stuff we're dealing with We want your input your thoughts on this stuff Such were the origins of this little book Two young clergy early in their first call imagined that I might have some useful wisdom to pass on based on my own years in ministry Something like this was once standard preparation Young people learned a profession like law ministry or medicine by apprenticing themselves to one seasoned in the practice Not only has that way of learning largely vanished but we now live in times of increasing segregation and suspicion between different generations Still these two millennials bucked the trends They thought they might have something to learn from an old boomer The result is this collection of letters personal wry direct and honest Full of both hope and realism about the church and ministry This collection will be a welcome companion for young and for many not so young clergy trying to get a handle on ministry in the midst of a time that is full of change and challenge      **Born of Water, Born of Spirit** Sheryl A. Kujawa-Holbrook, 2010-04-07 What does the church look like if we take the ministry of the baptized the priesthood of all believers seriously How are congregations transformed when the church supports and affirms the ministry of all the baptized particularly in small congregations without the means to hire a seminary trained pastor And what ecclesial structures and educational models need to emerge in the next decades to assist these small congregations in the recovery of baptismal living and their own vitality Sheryl Kujawa Holbrook and Fredrica Harris Thompsett explore these questions as well as the variety of ways people in small congregations many with no more than fifty members are living out their baptism and the impact their actions are having on their congregations judicatories and communities and the institutions that educate clergy The authors argue that just because a community cannot pay a seminary trained minister a growing problem in remote regions it does not mean that there is no ministry there It does mean that we need to look at ministry and the church in a more expansive way The stories of the congregations revealed in this book serve to inspire us about what is possible when we live intentionally as the reconciling presence of the body of Christ in the world They also educate us about what will be needed in the years to come to lift up still more small congregations for their work in the larger community      *TRANSFORMED ON THE MOUNTAIN* Marcella Reid Figueroa, 2024-08-21 Scripture note 1 C Corinthians 12 12 31 Scripture note 1 C Corinthians 12 12 31 Tension is a term musicians often use to describe the condition of the strings on instruments like the violin the cello the harp or the guitar Musicians know that the tone or pitch produced by the instrument is greatly affected by the tension of the strings carrying the sound The outcome of good tension is good sounding music while bad tension produces sour flat or sharp sounds that are unpleasant to listen to There is good tension and bad tension in church as well One task of effective leadership is to discern good and bad tension within the church The outcome of good tension is success in achieving the goals and objectives of the ministry Bad tension can result in chaos complexity confusion and contradiction Bad tension freezes a ministry in time with no productive movement no common ground no unity and an endless array of activity spiraling into uselessness When each member of the church discovers his

her own God given abilities to express love for God through the service of humankind the result is not unlike a symphony of diverse instruments chords and sounds all making a joyful sound in peaceful coexistence Bad tension creates a stench in God's nostrils It is the task of every Christian to embark upon a journey of discovery that ends in a God given ministry niche or place of service God calls every Christian to God's own hands to be broken melted molded filled and used to the glory of God Leaders are part of the solution and not part of the problem How does a vibrant and healthy congregation balance the need for stable leadership with the need for change How do changes within a ministry impact relationship within the church What effect does systemic change have on the entire church body What is the role of leadership in church relations What is a creative tension dynamic Leaders today must learn constructive interventions that interrupt malevolent cycles of destructive behaviors in order to balance the tension between resistance and acceptance in a way that empowers ministry and inspires growth

*Lost in the Middle?* Wesley J. Wildman, Stephen Chapin Garner, 2009-11-24 There exists a deep and broad population of Christians who feel the labels of liberal and evangelical both describe their faith and limit their expression of it By working to reclaim the traditional historical meanings of these terms and showing how they complement rather than oppose each other Wesley Wildman and Stephen Chapin Garner stake a claim for the moderate Christian voice in today's polarized society *Lost in the Middle* guides readers through a process of diagnosis and articulation offering complementary perspectives on the phenomenon problem and promise of Christians with both liberal and evangelical instincts The authors show how individuals and institutions alike can reclaim and celebrate the highest virtues of both liberal and evangelical Christianity and how doing so can lead to the creation of authentic and vibrant communities of faith Pastors congregational leaders seminarians and all thoughtful Christians will learn how truly moderate Christianity can unite the compassionate openness and social activism of liberal Christianity with the magnetism and spiritual fervor of evangelical Christianity You may feel lost in the middle but you are not alone there The middle may be the place where you find yourself living most authentically

*Leadership Handbook of Management and Administration* James D. Berkley, 2008-01-01 This substantial resource offers pastors and church leaders practical insight into the daily issues of running a church Conceived and compiled by the editors of *Leadership Journal* this book covers the full spectrum of ministry practice Readers will learn about perennial topics such as time management negotiating the terms of a call handling crisis and conflict hiring and managing staff conducting special fund drives spending church money and dealing with tax and law considerations This revised and expanded edition of a proven ministry resource contains new contributions from prominent ministry leaders Contributors include Leith Anderson Rick Warren Brian McLaren Luis Palau John Ortberg Aubrey Malphurs and many others

**Speaking Church** I. Ross Bartlett, 2019-01-03 Language is the gift by which we shape our understanding and tell our story But if we cannot see ourselves and our context in our language our lives can be confused and our witness weakened through a kind of cognitive dissonance created when the only vocabulary available to us fails to match our lived situation

Urban and suburban congregations live this disconnect when the language and imagery often employed in hymns prayers imagery and liturgies reflect a rural ideal far from the experience of believers The irony is revealed when we recognize that the Bible is a book deeply and profoundly urban in nature Christianity s earliest history gives both authorization and resources for helping urban and suburban congregations find their unique voice [Connecting the Dots](#) Peter

Rudowski,2009-04-09 We have learned from nature that animal and plant life thrives when all the systems of their surroundings are in harmony The same can be said for human institutions When the organizational systems of human institutions are in harmony the organization thrives This book identifies the interaction of eight organizational components that promote creative ministry in the Christian church setting The author combines biblical study management theory and hard earned experience to help church leaders understand and use organizational systems to maximize their ministry Connect the dots of these eight components for effective ministry in the 21st century [All for God's Glory](#) Louis B.

Weeks,2008-12-08 Nobody likes scutwork the unwanted dregs of the working day Pastors are no exception to this often dreading the endless e mails and phone calls having no heart for putting together one more bulletin or attending one more meeting all of which feels like so much distraction from the true pastoral work to which they have been called Louis Weeks challenges that paradigm and lifts up scutwork as an integral part of pastoral care and leadership How can we administer congregations in ways most likely to increase the measure of pastoral care How can our service in menial and glorious work alike build up the Body of Christ How can all the work and worship in this congregation help God s work in the world Preparation organization and other administrative duties are crucial for effective programs and mission in a congregation as elsewhere in society Preaching teaching and pastoral care three indispensable parts of congregational life all depend upon competent congregational administration It is through focused attention to the details of scutwork that pastors are able to build solid relationships within the congregation and without the trust that comes from these relationships no true pastoral care and leadership is possible All for God s Glory explores ways in which churches are engaged and can engage in practices of administration that deepen care and build a healthy congregational community [Ethnography as a Pastoral Practice](#)

Mary Clark Moschella,2023-04-01 Ethnography as a Pastoral Practice invites you to open your eyes ears and hearts to your congregation By listening to their stories you will not only find out who they are but help them to better claim whose they are By studying the texts of your community Mary Clark Moschella helps you to understand their contexts Moschella will inspire you through actual cases to be more prophetic and priestly in ministry Ethnography as a Pastoral Practice will in a step by step fashion help you and your congregation to embrace change and celebrate transformation This revised second edition incorporates new scholarship on qualitative methods in ethnographic research and their spreading application in seminaries universities and divinity schools As Moschella writes in her reflection on the book fourteen years after the publication of the first edition The teaching and practice of qualitative research methods help shape new generations of religious professionals

in respectful modes of disciplined inquiry enabling practitioners to learn about and from the communities they serve The revised edition includes two appendices by Steve Taylor and Ryan Juskus respectively that travel the trail of research blazed by the first edition of this book

**Reconstructing Church** Todd Grant Yonkman, 2014-08-06 The general decline of American mainline Protestant churches today is well documented Church redevelopment imagining and actualizing new life for dying churches is a productive and vital response to congregational decline but it can be daunting Here is guidebook for church leaders to help them reinvigorate their churches with both practical advice and tested theory A comprehensive case study of Beneficent Congregational Church which successfully turned the tide and quadrupled its worship attendance provides inspiration as well as concrete strategies for church redevelopment The study indicates that successful and faithful church redevelopment involves a shift from a modern patronage ministry model to a postmodern plural ministry model Building on current church redevelopment literature by bringing selected Biblical and theological texts into conversation with leadership concepts systems theory social sciences and congregational studies this book creates a multidisciplinary transformative conversation The result is both strategic proposals for growing your church and a model for doing practical theology in your own ministry context Dedicated trained leadership in cooperation with the power of the Spirit can create the possibility of new life in dying congregations

*Wind and Whirlwind* David Moffett-Moore, 2013-02-13 It will come as no surprise to pastors and their families that the vocation of a minister involves stress In fact it involves a great deal of stress Unfortunately when many pastors encounter stress they tend to hunker down in the hopes of just surviving All too frequently the stressful situations that have not been dealt with continue to build up and the result is fatigue and burnout In *Wind and Whirlwind* Dr David Moffett Moore presents a better way He has survived the whirlwind in his own ministry and more importantly with the help of many others he has learned to turn the stress into an opportunity for growth both for himself and for the congregations he serves In a series of 16 short chapters he will help you identify the sources of stress discover ways to manage it spiritually and emotionally and point you to spiritual disciplines and practices that will help make you a better person and bring success to your ministry While the chapters are short they do not present easy trite answers to complex problems Rather they will help you strengthen yourself so you can discern the way God is working in your life and ministry Each chapter presents topics for meditation and questions for discussion It is designed to be used by clergy peer groups
