Transition And Economics Politics Markets And Firms Comparative Institutional Analysis:

Transition and Economics Gérard Roland, 2000 The transition from socialism to capitalism in former socialist economies has transformed the economic structure This book provides an overview of research on the issues raised by the shift from collective to private ownership

Market Institutions in Sub-Saharan Africa Marcel Fafchamps, 2003-12-05 An analysis of recent data on the economic behavior of market institutions in sub Saharan Africa with implications for future research and current policy In Market Institutions in Sub Saharan Africa Marcel Fafchamps synthesizes the results of recent surveys of indigenous market institutions in twelve countries including Benin Ghana Kenya Madagascar Malawi and Zimbabwe and presents findings about economics exchange in Africa that have implications both for future research and current policy Employing empirical data as well as theoretical models that clarify the data Fafchamps takes as his unifying principle the difficulties of contract enforcement Arguing that in an unpredictable world contracts are not always likely to be respected he shows that contract agreements in sub Saharan Africa are affected by the absence of large hierarchies both corporate and governmental and as a result must depend to a greater degree than in more developed economies on social networks and personal trust Fafchamps considers policy recommendations as they apply to countries in three different stages of development countries with undeveloped market institutions like Ghana countries at an intermediate stage like Kenya and countries with developed market institutions like Zimbabwe Market Institutions in Sub Saharan Africa caps ten years of personal research by the author Fafchamps in collaboration with such institutions as the Africa Division of the World Bank and the International Food Policy Research Institute participated in the surveys of manufacturing firms and agricultural traders that provide the empirical basis for the book The result is a work that makes a significant contribution to research on the continuing economic stagnation of many countries in sub Saharan Africa and is also largely accessible to researchers in other fields and policy professionals

Multi-faced Transformations Elena Danilova, Alina Zubkovych, 2015-10-19 Multi faced Social Transformations Challenges and Studies brings together the proceedings of the 7th Slovenian Social Science Conference The Challenges of Social Transformations held in September 2014 It was organized by the School of Advanced Social Studies SASS the Slovenian National Committee of the Management of Social Transformations programme MOST and the Slovenian National Commission for UNESCO The multidisciplinary contributions presented here analyse various aspects of the economic social and cultural transformations that accompany the contemporary globalized world The book consists of four sections dealing with particular areas of transformations These include a range of political economic and cultural dimensions that are observed from the macro level in social systems and structural changes to the micro level in aspects of individuals lives The book will be of interest for academics in the field of social sciences as well as for civil society activists and policy makers The frames of the transformations are not limited to the European space and provide a more global perspective

Das Konzept der sozialen Marktwirtschaft und seine Anwendung Bernhard Seliger, Jüri Sepp, Ralph

Michael Wrobel, 2009 Die Wirtschaftsordnung der Bundesrepublik Deutschland wie auch die Weltwirtschaftsordnung durchleben derzeit eine Vertrauenskrise die die vielleicht gr te Herausforderung nach dem Zweiten Weltkrieg darstellt Hat die Marktwirtschaft und in Deutschland speziell die Soziale Marktwirtschaft versagt Gerade die Soziale Marktwirtschaft ist die Wirtschaftsordnung die der Bundesrepublik Deutschland den Wiederaufstieg nach dem Zweiten Weltkrieg erm glichte Sie machte Deutschland zu einem der wohlhabendsten Staaten weltweit und zu einem Muster an Stabilit t Die Diskussion der Grunds tze der Sozialen Marktwirtschaft und ihre Anwendung auf die Herausforderungen der Gegenwart sind das Thema dieses Bandes der auf den Ergebnissen des ersten Ordnungspolitischen Dialoges an der Wests chsischen Hochschule Zwickau im November 2007 basiert Dabei geht es nicht darum einer Orthodoxie zu dienen die die Soziale Marktwirtschaft als ewige Wahrheit beweihrt sondern den wertvollen Gehalt dieser Wirtschaftsordnung f r die heutige Wirtschaftspolitik zu bestimmen

Dictionary of Contemporary Chinese Economics Hong Yinxing, 2025-05-26 This Dictionary provides the theoretical summary and conceptual framework around the milestones obtained through Chinese reform and development and highlights the research achievements of Chinese economics over the past 40 years It also presents Chinese economics to the world featuring the Belt and Road Initiative and the Chinese theory and Chinese system to be known and shared internationally with a Chinese intellectual foundation It sets out to frame the theoretical achievements of extraction and summary of practice experience from Chinese reform and development The choice of entries in the Dictionary seeks to embody the very Chinese characteristics of economics and the combination of theory and practice is illuminated Furthermore the dictionary explores examples of scientific achievements that traditional economics has brought forward and how they fit and unify within both a Chinese as well as an international context

Journal of Economic Literature ,2007 The Political Economy of Structural Reforms in Europe Nauro F. Campos, Paul De Grauwe, Yuemei Ji, 2018-07-03 Reforms in labour and product markets play a central role in government policies The Political Economy of Structural Reforms in Europe takes stock of current frontier work It brings together leading contributions from academia the central banks in Europe and the OECD to argue that structural reforms can make a fundamental contribution to improve economic performance across Europe The Political Economy of Structural Reforms in Europe brings together theoretical and empirical studies that address the potential role of structural reforms in restoring macroeconomic stability resuming economic growth addressing income inequality and grappling secular stagnation It throws new light on the determinants and effects of structural reforms and on how these shape the European integration experience

The Oxford Handbook of State Capitalism and the Firm Mike Wright, Geoffrey T. Wood, Alvaro Cuervo-Cazurra, Pei Sun, Ilya Okhmatovskiy, Anna Grosman, 2022-06-30 There has been a major revival of interest in State Capitalism what it is where it is found and why it is seemingly becoming more ubiquitous As a concept it has evolved from radical critiques of the Soviet Union to being deployed by neo liberals to describe market reforms deemed imperfect to settle into a middle ground as a pragmatic way to describe the state assuming a role as an

active economic agent in addition to its regulatory social and security functions The latter is the central focus of this book although due attention is accorded to the origins of state capitalism and how it has changed over the years as well as contemporary ways in which state capitalism may be theorized This economic agency may assume direct forms for example via state owned enterprises However it may also be indirect for example actively serving private interests through promoting insider firms who may occupy monopolistic market positions and perform outsourced state functions In turn this leads to raising salient governance questions The latter may encompass agency tensions between public ownership and political or even private interest control it may also include issues of transparency and monitoring Although state capitalism has often been depicted as the preserve of states in the global south be they developmental or predatory many forms of state capitalism are visible in mature economies be they liberal or coordinated and this is not always associated with superior governance arrangements indeed this is an area where clear and easy divisions between the developing or emerging world and the developed or mature world may increasingly be breaking down This volume brings together the accounts of leading experts from around the world it is explicitly multi disciplinary and both consolidates the existing knowledge base and provides new novel and counter intuitive insights
