Transnational Crime And Human Rights Transnational Crime And Human Rights:

Human Security, Transnational Crime and Human Trafficking Shiro Okubo, Louise Shelley, 2011-03-17 Examining transnational crime human trafficking and its implications for human security from both Western and Asian perspectives this book assesses the extent of the problem outlines how it is perceived differently in different countries and the diverse social and legal policy reactions which have developed to address these issues Transnational Crime Jessica Roher, Nicola Guarda, Maryam Khalid, 2018-09-03 Philip Jessup coined the term transnational law in his Storrs Lecture on Jurisprudence delivered in 1956 to describe law that regulates activities or actions that transcend national borders The term redefined the development and practice of the law and became a distinct field of study In 2001 Neil Boister applied Jessup's concept to the field of criminal law and identified the emergence of transnational criminal law in a formative article published in the European Journal of International Law Inspired by Boister's work the editors of the journal Transnational Legal Theory sought contributions from leading academics and practitioners for a symposium issue on transnational criminal law In their papers the authors built upon and developed novel approaches to legal issues arising in an increasingly globalized world where both crimes and the regulation of crimes transcend borders The publication of this book marks the sixtieth anniversary of Jessup's seminal lecture and exemplifies the significant impact that Jessup and later Boister have had on legal scholarship and practice in the area of criminal law We are honoured to publish the symposium as a monograph and to contribute to this rapidly evolving field This book was previously published as a special issue of Transnational Legal Theory Transnational Crime and Criminal Justice Marinella Marmo, Nerida Chazal, 2016-04-13 Providing you with a wide ranging introduction to key international issues in crime and its control this book covers all essential theories and clearly explains their relevance to the world today Going beyond just looking at organized crime the book covers a range of topics including Human rights Terrorism Trafficking Cybercrime Environmental crime International Law Plenty of case studies and examples are included throughout including the Bali 9 Rana Plaza and the shooting of Charles De Menezes and tips on further reading make it easy to know where to go to engage with more debates in the field Making sure you're up to date with current issues this book will be essential reading for students in Criminology and Criminal Justice as well as those in Law and International Relations

The Routledge Handbook of International Crime and Justice Studies Bruce Arrigo, Heather Bersot, 2013-08-15 The Routledge Handbook of International Crime and Justice Studies presents the enduring debates and emerging challenges in crime and justice studies from an international and multi disciplinary perspective Guided by the pivotal although vastly under examined role that consumerism politics technology and culture assume in shaping these debates and in organizing these challenges individual chapters probe the global landscape of crime and justice with astonishing clarity and remarkable depth A distinguished collection of experts examine the interdisciplinary field of international crime and justice Their contributions are divided into thematic sections including theory culture and society industries of crime and justice systems of policing law

corrections and punishment the criminal enterprise global technologies media crime and culture green criminology political violence public health criminology the political economy of crime and justice All the chapters include full pedagogy and instructional resources for easy referencing or classroom use This Handbook will be useful for students scholars and practitioners of law medicine history economics sociology politics philosophy education public health and social policy

Encyclopedia of Transnational Crime and Justice Margaret E. Beare, 2012-04-24 Transnational crimes involve border crossings as an integral part of the criminal activity They also include crimes that take place in one country with consequences that significantly affect other countries Examples include human trafficking smuggling arms drugs currency sex slavery non domestic terrorism and financial crimes Transnational organized crime refers specifically to transnational crime carried out by organized crime syndicates Although several encyclopedias cover aspects of transnational crime it is this encyclopedia's emphasis on transnational justice as well that differentiates it from the pack Not only do we define describe and chart the crimes and criminal activity we also will include significant coverage of policing those crimes and prosecuting them within domestic and international court systems Accessible and jargon free and available in both print and electronic formats the one volume Encyclopedia of Transnational Crime and Justice will contain such entries as arms smuggling art fraud charity fraud hacking and computer viruses copyright infringement counterfeiting drug smuggling extradition human trafficking intelligence agencies international banking laws Internet scams Interpol money laundering pollution and waste disposal price fixing prosecution sanctions sex slavery tax evasion terrorism war crimes the World Court and more Features Benefits 150 signed entries each with Cross References and Further Readings are organized in A to Z fashion to give students easy access to the full range of topics in transnational crime and justice A thematic Reader's Guide in the front matter groups entries by broad topical or thematic areas to make it easy for users to find related entries at a glance In the electronic version the Reader's Guide combines with a detailed Index and the Cross References to provide users with convenient search and browse capacities A Chronology in the back matter helps students put individual events into broader historical context A Glossary provides students with concise definitions of key terms in the field A Resource Guide to classic books journals and web sites along with the Further Readings accompanying each entry helps guide students to further resources in their research journeys An Appendix includes the Congressional Research Service Report on International Terrorism and Transnational Crime

Handbook of Transnational Crime and Justice Philip Reichel, Jay Albanese, 2013-04-29 Transnational crime and justice will characterize the 21st century in same way that traditional street crimes dominated the 20th century In the Handbook of Transnational Crime and Justice Philip Reichel and Jay Albanese bring together top scholars from around the world to offer perspectives on the laws crimes and criminal justice responses to transnational crime This concise reader friendly handbook is organized logically around four major themes the problem of transnational crime analysis of specific transnational crimes approaches to its control and regional geographical analyses

Each comprehensive chapter is designed to be explored as a stand alone topic making this handbook an important textbook and reference tool for students and practitioners alike

An Introduction to Transnational Criminal Law Neil Boister, 2018 National borders do little to prevent trafficking in illegal goods but often hamper the efforts of the authorities in pursuit In this new edition Boister examines whether too much focus on suppressing criminality and not enough on protecting human rights and the rule of law has prevented efforts to create an effective transnational legal space

International Crime and Justice Mangai Natarajan, 2010-11-15 International crime and justice is an emerging field that covers international and transnational crimes that have not been the focus of mainstream criminology or criminal justice This book examines the field from a global perspective It provides an introduction to the nature of international and transnational crimes and the theoretical perspectives that assist in understanding the relationship between social change and the waxing and waning of the crime opportunities resulting from globalization migration and culture conflicts Written by a team of world experts it examines the central role of victim rights in the development of legal frameworks for the prevention and control of transnational and international crimes It also discusses the challenges to delivering justice and obtaining international cooperation in efforts to deter detect and respond to these crimes

International and Transnational Crime and Justice Mangai Natarajan, 2019-06-13 Provides a key textbook on the nature of international and transnational crimes and the delivery of justice for crime control and prevention

Arresting Transnational Crime , Transnational Crimes in the Americas Marshall B. Lloyd, 2018-10-30 Transnational Crimes in the Americas addresses contemporary issues with respect to public institutions that are stakeholders in the fight against globalization of crime Regional public organizations with a primary focus on the Americas constitute a framework for understanding the need for an institutional response within the Western Hemisphere While other authors have addressed the growth of organized crime no one has explained institutional developments in the struggle against transnational crimes Transnational Crimes in the Americas highlights existing organizations emphasizing a regional response to transnational crimes suggestions for a permanent criminal court in the Americas and an appraisal of the current state of institutional developments in the region

International Law and the Investigation of Transnational Crimes Yurika Ishii, 2025-10-14 Obtaining information and evidence abroad remains the main challenge in suppressing transnational crimes Law enforcement mechanisms however have evolved with the globalization of markets and the digitization of information Situated at the intersection of public international law domestic law and transnational crime International Law and the Investigation of Transnational Crimes examines the methods that states use to investigate transnational crimes This book argues that obtaining evidence abroad today relies primarily on the consent of other states and private entities such as financial institutions and communication service providers The first part explains the importance and the boundaries of conventional cross border criminal investigation The second part explores administrative cross border investigations encompassing various practice areas including antitrust securities tax information

law and financial law It also examines non criminal forms of cooperation in addressing foreign bribery and terrorism The third part examines the direct cooperation with the investigating government and a foreign private entity namely financial institutions and communication service providers Thought provoking and pioneering International Law and the Investigation of Transnational Crimes challenges the conventional understanding of international cooperation in criminal matters and provides new insights by exploring the interplay between international and domestic law Transnational Crime and Global Security Philip L. Reichel,Ryan Randa,2018-01-12 This two volume work offers a comprehensive examination of the distressing topics of transnational crime and the implications for global security National security is a key concern for individual nations regions and the global community yet globalism has led to the perfusion of transnational crime such that it now poses a serious threat to the national security of governments around the world Whether attention is concentrated on a particular type of transnational crime or on broader concerns of transnational crime generally the security issues related to preventing and combatting transnational crime remain of top priority concern for many governments Transnational Crime and Global Security has been carefully curated to provide students scholars professionals and consultants of criminal justice and security studies with comprehensive information about and in depth analysis of contemporary issues in transnational crime and global security The first volume covers such core topics as cybercrime human trafficking and money laundering and also contains infrequently covered but nevertheless important topics including environmental crime the weaponization of infectious diseases and outlaw motorcycle gangs The second volume is unique in its coverage of security issues related to such topics as the return of foreign terrorist fighters using big data to reinforce security and how to focus efforts that encourage security cooperation **Histories of Transnational Crime** Gerben Bruinsma,2015-05-13 Histories of Transnational Crime provides a broad historical framework for understanding the developments in research of transnational crime over the centuries This volume provides examples of transnational crime and places them in a broad historical context which has so far been missing from this field of study The contributions to this comprehensive volume explore the causes and historical precursors of six main types of transnational crime piracy human smuggling arms trafficking drug trafficking art and antique trafficking corporate crime The historical contributions demonstrate that transnational crime is not a novel phenomenon of recent globalization and that beyond organized crime groups powerful individuals governments and business corporations have been heavily involved Through a systematic historical and contextual analysis of these types of transnational crime the contributions to this volume provide a fundamental understanding of why and how various forms of transnational crime are still present in the contemporary world In the past two decades the study of transnational crime has developed from a subset of the study of organized crime to its own recognized field of study covering distinct societal threats and requiring a particular approach **Human Traffic and Transnational Crime** Sally Stoecker,Louise Shelley,2005 Russian social scientists legal scholars and officials in government agencies examine human trafficking from Russia and

Ukraine to the US The original Russian *Torgovlia Liud mi* was edited by Elena Tiuriukanova and Liudmila Erochina and published by Academia Press in 2002 the English edition has been updated and enlarged to eight studies in such

Borders and Crime S. Pickering, J. McCulloch, 2012-09-24 The collection considers the growing importance of the border as a prime site for criminal justice activity and explores the impact of border policing on human rights and global justice It covers a range of subjects from e trafficking child soldiers the global war on terror in Africa and police activities that generate crime

International Law as Social Construct Carlo Focarelli, 2012-05-24 This book explores international law as a social construct by analysing its social foundations and by re conceptualizing the way in which it is commonly understood It asks what law is and how it works in society and shows why it is worth to struggle for new and better working rules in the international legal order

Drug Control and International Law Daniel Wisehart, 2018-10-08 This book provides for an extensive legal analysis of the international drug control system in light of the growing challenges and criticism that this system faces In the current debate on global drug policy the central pillars of the international drug control system the UN Drug Conventions as well as its institutions are portrayed as outdated suppressive and seen as an obstacle to necessary changes The book s objective is to provide an in depth and positivist insight into drug control s present legal framework and thus provide for a better understanding of the normative assumptions upon which drug control is currently based This is attained by clarifying the objectives of the international drug control system and the premises by which these objectives are to be achieved The objective of the current global framework of international drug control is the limitation of drugs to medical and scientific purposes The meaning of this objective and its concrete implications for States parties as well as its problems from the perspective of other regimes of international law most notably international human rights law are extensively analysed Additionally the book focuses on how the international drug control system attempts to reach the objective of confining drugs to medical and scientific purposes i e by setting up a universal system that exercises a rigid control on drug supply The consequences of this heavy focus on the reduction of drug supply are outlined and the book concludes by making suggestions on how the international drug control system could be reformed in the near future in order to better meet the existing challenges The analysis occurs from a general international law perspective It aims to map the international drug control system within a wider context of international law and to understand whether the problems that the international drug control system faces are exemplary for the difficulties that institutionalized systems of global scope face in the twenty first century

The Oxford Handbook of International Criminal Law Darryl Robinson, 2020-02-24 In the past twenty years international criminal law has become one of the main areas of international legal scholarship and practice Most textbooks in the field describe the evolution of international criminal tribunals the elements of the core international crimes the applicable modes of liability and defences and the role of states in prosecuting international crimes The Oxford Handbook of International Criminal Law however takes a theoretically informed and refreshingly critical look at

the most controversial issues in international criminal law challenging prevailing practices orthodoxies and received wisdoms. Some of the contributions to the Handbook come from scholars within the field but many come from outside of international criminal law or indeed from outside law itself. The chapters are grounded in history geography philosophy and international relations. The result is a Handbook that expands the discipline and should fundamentally alter how international criminal law is understood.

International Crime and Punishment James Larry Taulbee, 2009-06-30. The basics of international criminal law how it is actually enforced and the arguments it has provoked are all introduced in a book that is as current as the headline news. *International Crime and Punishment: A Guide to the Issues* explores the many facets of this relatively new field of criminal law an autonomous branch of law that concerns international crimes and the systems set up to handle individuals who are accused of committing them. As the author explains international crimes include crimes against humanity crimes against peace war crimes trafficking in human beings drug trafficking money laundering arms trafficking and smuggling of cultural artifacts. The laws may seem straightforward but the system is not without controversy. As the author shows the United States has opposed certain actions of the International Criminal Court while other countries have objected to U.S. plans to refer persons accused of terrorism to military tribunals. Clearly and cogently this work introduces the principles of international criminal law its enforcement and the conflicts that have arisen as a result. Journalists policymakers students and educated citizens will find the book an essential tool for unraveling today's news stories.

The Top Books of the Year Transnational Crime And Human Rights Transnational Crime And Human Rights The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have captivated audiences this year. Transnational Crime And Human Rights Transnational Crime And Human Rights : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Transnational Crime And Human Rights Transnational Crime And Human Rights : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
