Ndi ,2018-08-28 Within ecclesiastical circles both from the perspective of legal practice and ordinary relational matters between ecclesiastical entities the theme of contract very scarcely occupies a place of prominence It is a situation that is due on the one hand and to a large extent to the fact that the canonisation of civil law on contracts c 1290 CIC 1983 has had the consequence of transferring the preoccupation of the entities on this matter to the domain of civil law Besides and still connected to the above is the tendency to attribute a merely pastoral relevance to their relationships with little or no reference to the juridic aspects inherent in these relationships It is a situation that is largely responsible for the crisis which do not uncommonly characterise some of these relationships as verified over the centuries particularly in the relationship between dioceses and religious institutes The issuance of various papal and conciliar exhortations before and after Vatican II as well as the normative instructions and legal provisions contained in various juridic documents most prominently cc 271 520 681 and 790 of CIC 1983 has gone a long way to dissipate some of the tensions of the past However the true nature of how the contractual relationship between ecclesiastical entities including the attendant issues of conceptual understanding civil status of ecclesiastical entities resolution of contractual disputes etc remains a matter of investigative interest for the canonist This is in a nutshell the substance of this research work The conclusions arrived at offer the reader an insight into the available untapped resources within the ecclesiastical legal system as well as some considerable possibilities which remain to be explored to the benefit of the subjects of canon law **Travaux dirigés de droit des obligations** Clémence Mouly, Pascal Puig, Jean-Baptiste Seube, 2017-09-28 Fid le aux pr c dentes ditions mais jour de la r forme du 10 f vrier 2016 sur le droit des obligations l ouvrage propose vingt s ances de travaux dirig s qui couvrent par del la semestrialisation des enseignements l ensemble de la mati re contrat responsabilit r gime de l obligation Les principaux types d exercice sont d clin s commentaire d arr t cas pratique dissertation commentaire d article Pour chaque th me trait un exercice est propos une correction enti rement r dig e est sugg r e une bibliographie d appui est conseil e des documents sont annex s des exercices d appoint sont propos s Les auteurs ont volontairement sacrifi les discussions acad miques une pr sentation p dagogique s effor ant de privil gier la clart sans pour autant simplifier les th mes abord s Ils ont videmment tenu compte des apports essentiels de la r forme du droit des contrats et des obligations Th mes abord s l information l offre et l acceptation Les vices du consentement Le contenu du contrat La contrepartie La dur e La nullit du contrat Les effets du contrat et les parties Les effets du contrat et les tiers La responsabilit contractuelle La r solution du contrat Les quasi contrats Le dommage La faute
