Kenworthy, 1991 Obtain a knowledge and understanding of signs symbols trail markers trail signs and codes used on Spanish mine treasure maps and in the field **Magical Treasure Hunting in Europe and North America** J. Dillinger, 2011-11-22 The first comprehensive history of magical treasure hunting from the Middle Ages to the 20th century revealing a magical universe of treasure spirits and wizards who tried to deal with them Combining history and anthropology this study sees treasure hunting as an expression of shifting economic mentalities and changing ideas about history The Encyclopedia of Secret Signs and Symbols Adele Nozedar, 2024-05-07 The aim of this book is to seek a true understanding of the secret signs sacred symbols and other indicators of the arcane hidden world that are so thickly clustered around us During this process we ll shed light on the cultural psychological and anthropological nature of our signs and symbols We ll also be surprised to discover that many of the everyday things we take for granted can hold hidden secrets and by having the key to this knowledge we ll gain an insight into the minds and concerns of our forbears who constructed these symbols Provided by publisher **Searching for Arizona's Buried Treasures** Ron Quinn, 2013-10-01 Searching for hidden treasures in the Tubac and Tumacacori mountains few have ever heard of we discovered places that have never been visited by others to this day The four of us finally unearthed a medium size buried treasure south of Tucson Arizona which consisted of 82 pounds of Spanish gold

bullion *Georgia's Fabulous Treasure Hoards* Ernest M. Andrews, 1966 Reading Peralta Maps Robert L. and Lynda R. Kesselring, 2013-12-06 Reading Peralta Maps Volume 2 The Latin Heart continues the journey that began in the previous volume of this series which revealed the signs leading to the treasure of the Church of Santa Fe Now authors Robert L and Lynda R Kesselring discuss how the maps particularly the Latin Heart Map enabled them to find the site of the Peralta battle where the family had hidden their thirty one caches of bullion as well as what may be the Lost Dutchman Mine This volume shares the Kesselrings scientific analysis and interpretation and shows the physical evidence that supports their claim While providing insight into historical lore and legend Reading Peralta Maps Volume 2 The Latin Heart reveals the location of a cache in the Superstition Mountains and shows the underground images of bullion bars Including GPS directions this guide reveals the location of the sites for visitation **Early Spanish Treasure** D. B. O'Higgins, 19?? Shadow of the Sentinel Warren Getler, Bob Brewer, 2003 Explores the legacy of a Civil War era secret society the Knights of the Golden Circle and describes efforts to crack the society's system of codes and symbols to identify hidden treasure sites across the American south and west **The Signs and Symbols of Primordial Man** Albert Churchward, 1913 Albert Churchward's famous study of Ancient Egyptian myths and symbology reveals how their mythological culture evolved over thousands of years influencing other civilizations The author was among the first Western scholars to investigate the connection between the religious symbols deities and traditions of Egypt and those which emerged in later societies By studying the hieroglyphic texts preserved in the monuments and papyrus of the Egyptian society Churchward uncovered the origins of legendary stories the roles of Gods like Horus and Ptah and the emergence of important symbols such as the triangle cross and swastika The religious and cultural influence of this ancient society whose dynasties stretched across millennia is revealed to be of staggering magnitude This book pieces together the connections between Egyptian lore and that of the Hebrews the Freemasons the Mayans and various tribal societies The depth of Churchward's enquiry is enormous hundreds of drawings symbols and photographs accompany the narrative that the reader may discover the myriad connections and wide ranging influence of the Egyptians from antiquity onward Frequent quotations and cites of accomplished workers in the field of Egyptology such as Dr Wallis Budge and Gerald Massey further support the points established **More Treasure Stories and Folklore of the Caballo Mountains** William H. White, 2011-08-12 This is the fourth book by William White and deals with treasure hunting lore and the actual treasure hunters who still walk the upper reaches of the fabled Caballo Mountains This will be the last book dedicated exclusively to this Mountain Range There will be other stories no doubt but not enough to fill a complete volume with William is a treasure hunter first and a writer second and because of this most of his stories come from actual treasure hunting experiences This book was designed to finish off most of the untold stories that abound here It would be pure conceit to assert that all the treasure stories about the Caballo Mountains are now committed to print This is simply not true and William would agree that these tales represent only those stories that he is aware of His style of writing

is both entertaining and informative in such a manner that one could easily relate to his experiences This is another book that will be difficult to put down once one has started reading it William is humbled by the fact that so many people enjoy reading his books and says that it fuels the fires of creative energy that causes him to continue his work The reader will find this an honest book with no punches pulled for the sake of someone's feelings It is uniquely William White and I can almost hear him telling the stories as I read them in print

Rebel Gold Warren Getler, Bob Brewer, 2008-06-18 As a boy growing up in rural Arkansas Bob Brewer often heard from his uncle and his great uncle about a particular tree in the woods the Bible Tree filled with strange carvings Years later he would learn that this tree was carved with symbols associated with the Knights of the Golden Circle a Civil War era secret society that had buried gold coins and other treasure in various remote locations across the South and Southwest in hopes of someday funding a second War Between the States These secret caches were guarded by sentinels men whose responsibility it was to watch and protect these sites To his astonishment Bob discovered that both his uncle and his great uncle had been twentieth century sentinels and that he had grown up near an important KGC treasure site In Shadow of the Sentinel Bob Brewer and investigative journalist Warren Getler tell the fascinating story of the Knights of the Golden Circle and the hidden caches the KGC established across the country Brewer reveals how with agonizing effort he eventually deciphered the fiendishly complicated KGC codes and ciphers which drew heavily on images associated with Freemasonry Many of the key KGC post Civil War leaders were Scottish Rite Masons who used the cover of that secret fraternity to conduct their activities Using his knowledge of KGC symbolism to crack coded maps Brewer has located several KGC caches and has recovered gold coins guns and other treasure from some of them Shadow of the Sentinel is the most comprehensive account yet of the activities of the KGC after the Civil War and indeed into the 1900s Getler and Brewer suggest that the clandestine network of KGC operatives was far wider than previously thought and that it included Jesse James the former Confederate guerrilla whose stage and bank robberies helped to fill KGC treasure chests This is a rousing and provocative adventure that weaves together one man's personal quest with an intriguing little known chapter in America's hidden history
