Wittgenstein S Lasting Significance Wittgenstein S Lasting Significance:

Wittgenstein's Lasting Significance Max Kölbel, Bernhard Weiss, 2004-08-02 Ludwig Wittgenstein 1889 1951 has exerted a more powerful influence on current philosophy than any other twentieth century thinker Twelve contemporary philosophers explore the nature of this influence and why it has proved so enduring **Wittgenstein's Metaphilosophy** Paul Horwich, 2012-12-13 Paul Horwich presents a bold new interpretation of Wittgenstein's later work He argues that it is Wittgenstein's radically anti-theoretical metaphilosophy and not his identification of the meaning of a word with its use that underpins his discussions of specific issues concerning language the mind mathematics knowledge art and religion

Wittgenstein and the Moral Life Cora Diamond, 2007 Essays by leading scholars that take as their point of departure Cora Diamond's work on the unity of Wittgenstein's thought and her writings on moral philosophy *Historical Dictionary of Wittgenstein's Philosophy* Duncan Richter, 2014-04-04 Ludwig Wittgenstein was the most influential and arguably the greatest philosopher of the 20th century This fact about his influence is not only a matter of how much he influenced people but also of how many people he influenced His early work was taken up by some of the pioneers of analytical philosophy His later work helped spawn another movement within analytic philosophy that of ordinary language philosophy sometimes called Oxford philosophy He is also considered by some to be a key postmodern thinker and an interest in his work is a distinguishing feature of many post-analytical philosophers who seek to bridge the gap between analytical and so-called continental philosophy This second edition of *Historical Dictionary of Wittgenstein's Philosophy* covers the history of this philosophy through a chronology an introductory essay and an extensive bibliography The dictionary section has over 300 cross-referenced entries on every aspect of his work This book is an excellent access point for students researchers and anyone wanting to know more about Wittgenstein's philosophy [Readings of Wittgenstein's On Certainty](#) D.

Moyal-Sharrock, W. Brenner, 2005-05-18 This is the first collection of papers devoted to Ludwig Wittgenstein's cryptic but brilliant *On Certainty* This work Wittgenstein's last extends the thinking of his earlier better-known writings and in so doing makes the most important contribution to epistemology since Kant's *Critique of Pure Reason* a claim the essays in this volume help to demonstrate The essays have been grouped under four headings reflecting current approaches to the work the Framework Transcendental Epistemic and Therapeutic readings [Wittgenstein's Philosophical Investigations](#) Arif Ahmed, 2010-05-13 Published in 1953 Wittgenstein's *Philosophical Investigations* had a deeply unsettling effect upon our most basic philosophical ideas concerning thought sensation and language Its claim that philosophical questions of meaning necessitate a close analysis of the way we use language continues to influence Anglo-American philosophy today However its compressed and dialogic prose is not always easy to follow This collection of essays deepens but also challenges our understanding of the work's major themes such as the connection between meaning and use the nature of concepts thought and intentionality and language games Bringing together leading philosophers and Wittgenstein scholars it offers a genuinely

critical approach and demonstrating Wittgenstein's relevance for contemporary philosophy This volume will appeal to readers interested in the later Wittgenstein in addition to those interested in the philosophy of language the philosophy of mind metaphysics and epistemology *Paraconsistency: Logic and Applications* Koji Tanaka, Francesco Berto, Edwin Mares, Francesco Paoli, 2012-07-26 A logic is called paraconsistent if it rejects the rule called *ex contradictione quodlibet* according to which any conclusion follows from inconsistent premises While logicians have proposed many technically developed paraconsistent logical systems and contemporary philosophers like Graham Priest have advanced the view that some contradictions can be true and advocated a paraconsistent logic to deal with them until recent times these systems have been little understood by philosophers This book presents a comprehensive overview on paraconsistent logical systems to change this situation The book includes almost every major author currently working in the field The papers are on the cutting edge of the literature some of which discuss current debates and others present important new ideas The editors have avoided papers about technical details of paraconsistent logic but instead concentrated upon works that discuss more big picture ideas Different treatments of paradoxes takes centre stage in many of the papers but also there are several papers on how to interpret paraconsistent logic and some on how it can be applied to philosophy of mathematics the philosophy of language and metaphysics *Wittgenstein-Studien. vol. 1* Wilhelm Lütterfelds, 2010 Starting in Spring 2010 the International Ludwig Wittgenstein Society will be publishing a new series of Wittgenstein Studies with Walter de Gruyter Publishers the series is designed as an annual forum for Wittgenstein research The Wittgenstein Studies publish articles and materials on Ludwig Wittgenstein's life work and philosophy and on his philosophical and cultural environment The majority of the articles in the Yearbook are concerned with his *Tractatus Logico Philosophicus* and there is a section on core themes

Journal of Philosophical Research ,1990 *The Journal of Philosophy* ,2003 *The Review of Metaphysics* ,1969

Journal of the History of Philosophy ,1974 **The Modern Schoolman** ,1985 *Ludwig Wittgenstein* Ludwig

Wittgenstein, 2003-05-19 In the safety of his manuscripts Ludwig Wittgenstein was free to endlessly revise rework and reframe his philosophical thoughts Thus his published work yields a glimpse of just a small portion of Wittgenstein's philosophical thought the portion that eventually appeared in print Yet for Wittgenstein philosophy was an on going activity a process Only in his dialog with the philosophical community and in his private moments does Wittgenstein's philosophical practice fully come to light Those public and private occasions are collected here In *Private Occasions* co editor Alfred Nordmann presents Wittgenstein's diaries from the 1930s to an English audience for the first time They are accompanied by Wittgenstein's letters to and from friend Ludwig H nsel Together they reveal a great deal about Wittgenstein who himself says The movement of thought in my philosophizing should be discernible also in the history of my mind In *Public Occasions* James Klagge collects Wittgenstein's papers and speeches some newly published from a number of forums including his lectures at Cambridge and his involvement with the Cambridge Moral Science Club Much of Wittgenstein's philosophical

work came through or in the form of dialogs making these public encounters particularly valuable The result of this collaboration Ludwig Wittgenstein Public and Private Occasions is a thorough look at the philosophy of one of the 20th century s greatest thinkers that goes beyond a mere study of his published work **Language Learning in Wittgenstein's Later Philosophy** Charles S. Hardwick,1971 No detailed description available for Language learning in Wittgenstein s later philosophy *Sats* ,2003 The Philosophy of Richard Rorty Richard Rorty,2010 The Library of Living Philosophers has exceeded even Schilpp s expectations enabling the outstanding philosophers of each generation to do more than clarify by extending and elaborating their thoughts A volume in the Library of Living Philosophers is not merely a commentary on a philosopher s work it is a crucial part of that work Ultimate Reality and Meaning ,1981 **The Philosophical Psychology of William James** Michael H. DeArmey,Stephen Skousgaard,1986 **Contemporary Literary Criticism** Jeffery Hunter,2001-03 Each volume profiles about six to eight novelists poets playwrights short story writers and other creative and nonfiction writers who are currently active or who died after Dec 31 1999 A biographical and critical introduction to each author prefaces a collection of reprinted critical essays and reviews A cumulative title index to the entire series is available separately included in subscription
