To Assume A Pleasing Shape:

Educating the Right Way Michael W. Apple, 2013-01-11 In this book Apple explores the conservative restoration the rightward turn of a broad based coalition that is making successful inroads in determining American and international educational policy It takes a pragmatic look at what critical educators can do to build alternative coalitions and policies that are more democratic Apple urges this group to extricate itself from its reliance on the language of possibility in order to employ pragmatic analyses that address the material realities of social power Folk-lore of Shakespeare Thomas Firmininger Thiselton-Dyer, 1884 *Henry V, War Criminal?* John Sutherland, Cedric Watts, 2000 Shakespeare loves loose ends Shakespeare also loves red herrings Stephen Orgel Loose ends and red herrings are the stuff of detective fiction and under the scrutiny of master sleuths John Sutherland and Cedric Watts Shakespeare's plays reveal themselves to be as full of mysteries as any Agatha Christie novel Is it summer or winter in Elsinore Do Bottom and Titania make love Does Lady Macbeth faint or is she just pretending How does a man putrefy within minutes of his death Is Cleopatra a deadbeat Mum And why doesn't Juliet ask O Romeo Montague wherefore art thou Montague As Watts and Sutherland explore these and other puzzles Shakespeare's genius becomes ever more apparent Speculative critical good humoured and provocative their discussions shed light on apparent anachronisms performance and stagecraft linguistics Star Trek and much else Shrewd and entertaining these essays add a new dimension to the pleasure of reading or watching Shakespeare Few modern academics are doing quite so much as Professor Sutherland to connect the common reader with great books Independent

Nelson, 2021-10-09 Our species has coexisted in the world in a healthy and balanced way for 97% of its existence It was only after our ancestors emerged from life in nature as hunter gatherers that this all began to change By the beginning of civilization some 6 000

years ago these changes rigidified and became destructive on a large scale They have accumulated to such an extent that our species now faces extinction or a dismal future of ever worsening ecocide Meaninglessness and confusion have become rampant in our postmodern era The human psyche has become utterly fragmented and rendered a stranger to reality other people and itself As dispiriting as this all seems the path forward has always been available to us if we can overcome the ignorance that prevents us from taking it We must reject the values of civilization and return to the naturalistic perspective of our ancestors where our values thinking feeling and actions are once again based on how nature and reality truly function While this approach should be evident we have until now been too terrified bewildered or arrogant to adopt it To help us succeed Reality Unedited provides a simple model of reality that serves as a foundation for establishing truth claims in the public sphere Then we can finally take the actions necessary so our species and all life on the planet cannot only survive but thrive
