Tomorrows Synagogue Today Creating Vibrant Centers Of Jewish Life:

Tomorrow's Synagogue Today Hayim Herring, 2012 In the past decade many intelligent people who care deeply about synagogues have written about them So how is this book different from all other books Many books take the overall mission of the synagogue as a given and the recommendations around structure are really about incremental change Tomorrow's Synagogue Today stimulates the reader to unleash the power of synagogues to exponentially influence people's Jewish lives Herring offers creative scenarios to stretch the imagination about how more synagogues could become vibrant centers of Jewish life and how congregational leaders can begin to chart a new course toward achieving that goal Key to his vision are the ways synagogues can collaborate with other synagogues and other Jewish institutions in the local Jewish community and around the globe as well as with organizations outside of the Jewish community Herring also explores structural change that is occurring in the rabbinate as well as future roles rabbis may play and how rabbis might begin preparing for that future now He shares insights from twelve rabbis from across the country about new models of synagogue mission governance and organization He concludes with recommendations about the kinds of investments those who care about synagogues and the Jewish future need to make so that synagogues will remain a significant force in the Jewish community Jewish Megatrends Rabbi Sidney Schwarz, PhD, 2013-01-15 Visionary solutions for a community ripe for transformational change from fourteen leading innovators of Jewish life Jewish Megatrends offers a vision for a community that can simultaneously strengthen the institutions that serve those who seek greater Jewish identification and attract younger Jews many of whom are currently outside the orbit of Jewish communal life Schwarz and his collaborators provide an exciting path building on proven examples that we ignore at our peril from the Foreword The American Jewish community is riddled with doubts about the viability of the institutions that well served the Jewish community of the twentieth century Synagogues Federations and Jewish membership organizations have yet to figure out how to meet the changing interests and needs of the next generation In this challenging yet hopeful call for transformational change visionary leader Rabbi Sidney Schwarz looks at the social norms that are shaping the habits and lifestyles of younger American Jews and why the next generation is so resistant to participate in the institutions of Jewish communal life as they currently exist He sets out four guiding principles that can drive a renaissance in Jewish life and gives evidence of how on the margins of the Jewish community those principles are already generating enthusiasm and engagement from the very millennials that the organized Jewish community has yet to engage Contributors leading innovators from different sectors of the Jewish community each use Rabbi Schwarz's framework as a springboard to set forth their particular vision for the future of their sector of Jewish life and beyond **Relational Judaism** Ron Wolfson, 2013 Noted educator and community revitalization pioneer Dr Ron Wolfson presents practical strategies and case studies to guide Jewish leaders in turning institutions into engaging communities that connect members to Judaism in meaningful and lasting ways **Leading Congregations and Nonprofits in a Connected World** Hayim

Herring, Terri Martinson Elton, 2016-11-02 *Leading Congregations and Nonprofits in a Connected World* shares emerging practices for leading and organizing congregations and nonprofits in our increasingly networked lives Drawing on studies of congregations across denominations and nonprofits with historic ties to faith communities Hayim Herring and Terri Elton share practical research based guidance for how these organizations can more deeply engage with their communities and advance their impact in a socially connected world **New Membership & Financial Alternatives for the American Synagogue** Rabbi Kerry M. Olitzky, Rabbi Avi S. Olitzky, 2015-02-06 Open wide your mind and your community to fresh concepts of synagogue financial and spiritual success A welcome addition Replete with examples of synagogues independent minyanim and spiritual communities that have developed creative and sometimes surprising strategies that ameliorate what many observers believe are obstacles to recruiting and engaging Jews into their spiritual communities from the Foreword by Dr Ron Wolfson The concept of the dues based membership model in synagogues was once an innovation Now that model is in decline and sweeping change is required in order to reverse the downward trend in synagogue participation This groundbreaking book provides synagogue and communal leaders with a useful process and the ingredients necessary to consider important changes in the synagogue including Thoughtful new models for membership and synagogue finance Examples from successful synagogues bolstered by illustrations from the private sector Practical steps for change and implementation With checklists for exploring and adopting alternative models from nationally recognized congregational consultant Debbie Joseph **American Jewish Year Book 2012** Arnold Dashefsky, Ira Sheskin, 2012-12-09 The 2012 American Jewish Year Book The Annual Record of American Jewish Civilization contains major chapters on Jewish secularism Barry Kosmin and Ariela Keysar Canadian Jewry Morton Weinfeld David Koffman and Randal Schnoor national affairs Ethan Felson Jewish communal affairs Lawrence Grossman Jewish population in the United States Ira Sheskin and Arnold Dashefsky and World Jewish population Sergio DellaPergola These chapters provide insight into major trends in the North American and world Jewish community The volume also acts as a resource for the American Jewish community and for academics studying that community by supplying obituaries and lists of Jewish Federations Jewish Community Centers national Jewish organizations Jewish overnight camps Jewish museums Holocaust museums local and national Jewish periodicals Jewish honorees major recent events in the American Jewish community and academic journals articles websites and books The volume should prove useful to social scientists and historians of the American Jewish community Jewish communal workers the press and others interested in American and Canadian Jews American Judaism , 1963

Congress, 2006 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in

session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Israel Scene** ,1985 **Metropolis** ,1994 Connecting Generations Hayim Herring,2019-05-08 Social isolation loneliness and suicide are conditions we often associate with the elderly But in reality these issues have sharply increased across younger generations Baby Boomers Gen X ers Millennials and post Millennials all report a declining number of friends and an increasing number of health issues associated with loneliness Even more concerning it appears that the younger the generation the greater the feelings of disconnection Regardless of age it feels as though we re living through a period of ongoing disequilibrium because we re not able to adapt quickly enough to the social and technological changes swirling around us These powerful changes have not only isolated individuals from their own peers but have contributed to becoming an age segregated society And yet we need fulfilling relationships with people our own age and across the generations to lead lives that are rich in meaning and purpose Even in those rare communities where young and old live near each other they lack organic settings that encourage intergenerational relationships In addition it isn't technology but generational diversity that is our best tool for navigating the changes that affect so many aspects of our lives whether it's work entertainment education or family dynamics We can't restore yesterday's model of community where only those who were older transmitted wisdom downward to the generation below But we can relearn how much members of different generations have to offer each other and recreate intergenerational communities for the 21st century where young old and everyone in between is equally valued for their perspectives and where each generation views itself as having a stake in the other's success Here Hayim Herring focuses more deeply on how Baby Boomers Gen Xers and Millennials perceive one another and looks underneath the generational labels that compound isolation He offers ways we can prepare current and future generations for a world in which ongoing interactions with people from multiple generations become the norm and re experience how enriching intergenerational relationships are personally and communally Rethinking Synagogues Rabbi Lawrence A. Hoffman, PhD,2012-05-24 A critical and challenging look at reinventing the synagogue as the centerpiece of a refashioned Jewish community America is undergoing a spiritual revolution only the fourth religious awakening in its history I plead therefore for an equally spiritual synagogue knowing that any North American Jewish community that hopes to be around in a hundred years must have religion at its center with the synagogue the religious institution that best fits North American culture at its very core from Chapter 1 Synagogues are under attack and for good reasons But they remain the religious backbone of Jewish continuity especially in America the sole Western industrial or post industrial nation where religion and spirituality continue to grow in importance To fulfill their mandate for the American future synagogues need to replace old and tired conversation with a new way of talking about their goals their challenges and their vision for the future In this provocative clarion call for synagogue transformation Rabbi Lawrence A Hoffman summarizes a decade of research

with Synagogue 2000 a pioneering experiment that reconceptualized synagogue life providing fresh ways for synagogues to think as they undertake the exciting task of global change *An American Synagogue for Today and Tomorrow* Peter Blake,1954 **Sacred Strategies** Isa Aron,Steven M. Cohen,Lawrence A. Hoffman,Ari Y. Kelman,2010-05-17 Sacred Strategies is about eight synagogues that reached out and helped people connect to Jewish life in a new way congregations that had gone from commonplace to extraordinary Over a period of two years researchers Aron Cohen Hoffman and Kelman interviewed 175 synagogue leaders and a selection of congregants ranging from intensely committed to largely inactive They found these congregations shared six traits sacred purpose holistic ethos participatory culture meaningful engagement innovation disposition and reflective leadership and governance They write for synagogue leaders eager to transform their congregations federations and foundations interested in encouraging and supporting this transformation and researchers in congregational studies who will want to explore further Part 1 of this book demonstrates how these characteristics are exemplified in the four central aspects of synagogue life worship learning community building and social justice Part 2 explores questions such as What enabled some congregations to become visionary What hindered others from doing so What advice might we give to congregational federation and foundation leaders The picture that emerges in this book is one of congregations that were entrepreneurial experimental and committed to something better **American Synagogues** Samuel Gruber,2003 American Synagogues is the first book to explore the exceptional architecture of modern American synagogues in the twentieth century and this intriguing book relates the fascinating history of the Jewish people in America and how it is expressed in twentieth century synagogue design The book features all new photography of synagogues in many styles from a dozen states many never before published in any form The synagogues were designed by European masters the best known modern American architects and by important contemporary architects including Frank Lloyd Wright Philip Johnson and Minoru Yamasaki The Spirituality of Welcoming Ron Wolfson,2006 Synagogues should be effective and relevant centers of Jewish life but too often the focus is on programs not people on revenue not relationships The end result is frequently a corporate atmosphere where membership lacks commitment core leadership and spiritual fulfillment In this empowering practical guide Dr Ron Wolfson shows you how to transform your synagogue congregation into a sacred community by focusing on strategies for successful change Using a case study format for creating an inviting spiritual center Wolfson defines the welcoming congregation and the fundamental materials that are involved in building one He addresses the services a welcoming congregation should provide the themes the congregation should focus on and the standards that a vital spiritual community should uphold Tapping into his experiences as co developer of Synagogue 2000 the transdenominational project designed to envision and implement the ideal synagogue of the spirit for the twenty first century Wolfson also provides essential problem solving tools that you can use to alleviate roadblocks along the way
