Tongue Tied To The Border:

Border Culture Victor Konrad, Anne-Laure Amilhat Szary, 2022-12-29 This book introduces readers to the cultural imaginings of borders the in between spaces in which transnationalism collides with geopolitical cooperation and contestation Recent debates about the refugee crisis and the spread of the COVID 19 pandemic have politicized culture at and of borders like never before Border culture is no longer culture at the margins but rather culture at the heart of geopolitics flows and experience of the transnational world Increasingly culture and borders are everywhere yet nowhere In border spaces national narratives and counter narratives are tested and evaluated coming up against transnational culture This book provides an extensive and critical vision of border culture on the move drawing on numerous examples worldwide and a growing international literature across border and cultural studies It shows how border culture develops in the human imagination and manifests in human constructs of nation and state as well as in transnationalism By analyzing this new and expanding cultural geography of border landscapes the book shows the way to a fresh broader dialogue Exploring the nature and meaning of the intersection of border and culture this book will be an essential read for students and researchers across border studies geopolitics geography and cultural studies

Borders, Culture, and Globalization Victor Konrad, Melissa Kelly, 2021-05-18 Border culture emerges through the intersection and engagement of imagination affinity and identity It is evident wherever boundaries separate or sort people and their goods ideas or other belongings It is the vessel of engagement between countries and peoples assuming many forms exuding a variety of expressions changing shapes but border culture does not disappear once it is developed and it may be visualized as a thread that runs throughout the process of globalization Border culture is conveyed in imaginaries and productions that are linked to borderland identities constructed in the borderlands These identities underlie the enforcement of control and resistance to power that also comprise border cultures Canada's borders in globalization offer an opportunity to explore the interplay of borders and culture identify the fundamental currents of border culture in motion and establish an approach to understanding how border culture is placed and replaced in globalization Published in English

Chinese American Literature without Borders King-Kok Cheung, 2017-02-18 This book bridges comparative literature and American studies by using an intercultural and bilingual approach to Chinese American literature King Kok Cheung launches a new transnational exchange by examining both Chinese and Chinese American writers Part 1 presents alternative forms of masculinity that transcend conventional associations of valor with aggression It examines gender refashioning in light of the Chinese dyadic ideal of wen wu verbal arts and martial arts while redefining both in the process Part 2 highlights the writers formal innovations by presenting alternative autobiography theory metafiction and translation In doing so Cheung puts in relief the literary experiments of the writers who interweave hybrid poetics with two pronged geopolitical critiques The writers examined provide a reflexive lens through which transpacific audiences are beckoned to view the other country and to look homeward without blinders

Crossing Borders Arnd Adje Both, Jon Hughes, Matthias Stockli, 2020-12-31 The ICTM Study Group on Music Archaeology was founded in the early 1980s by Ellen Hickmann John Blacking Mantle Hood and Cajsa S Lund This is the second volume of the new anthology series published by the study group turning to the topic of cross cultural musical interactions through time Each volume of the series is composed of concise case studies bringing together the world's foremost researchers on a particular subject reflecting the wide scope of music archaeological research world wide The series draws in perspectives from a range of different disciplines including newly emerging fields such as archaeoacoustics but particularly encouraging both music archaeological and ethnomusicological perspectives
