world Learning in Sports Coaching Lee Nelson, Ryan Groom, Paul Potrac, 2016-03-31 The facilitation of learning is a central feature of coaches and coach educators work Coaching students and practitioners are as a result being expected to give increasing levels of thought towards how they might help to develop the knowledge and practical skills of others Learning in Sports Coaching provides a comprehensive introduction to a diverse range of classic critical and contemporary theories of learning education and social interaction and their potential application to sports coaching Each chapter is broadly divided into two sections The first section introduces a key thinker and the fundamental tenets of his or her scholarly endeavours and theorising The second considers how the theorist's work might influence how we understand and attempt to promote learning in coaching and coach education settings By design this book seeks to promote theoretical connoisseurship and to encourage its readers to reflect critically on their beliefs about learning and its facilitation This is an essential text for any pedagogical course taken as part of a degree programme in sports coaching or coach education **Transformational Coaching for Effective Leadership** Behnam Bakhshandeh, William J. Rothwell, Sohel M. Imroz, 2023-03-17 The purpose of this book is to introduce the concept of transformational coaching and to educate professional business coaches or managers as coaches in their organizations on the influential and relevant elements of Transformational Coaching for Effective Leadership designed for coaching individuals teams and businesses or applying such elements in any level of organization development intervention either toward individuals teams groups departments or the organization itself Given the power and long lasting influence of transformational coaching it also could be beneficial to professionals in the fields of human resource development HRD workplace learning and performance WLP human performance enhancement HPE and overall in the domain of workforce education and development WFED This book will start by reviewing the background and presence of transformational coaching in businesses and organizations along with the general concepts perceptions and understanding of coaching _ is book will examine the uses of transformational coaching in management and leadership development human resource development for talent development and retention and for developing managerial coaching skills and competencies Additionally this book will review the presence and use of transformational coaching concepts theories and practices including transformational learning for human resources HR and HRD professionals to influence a workforce's attitude behavior and productivity Features Builds individuals self awareness self realization and self confidence Offers personal and professional development Teaches the concept of transformational learning and its use in transformational coaching Teaches rituals skills and strategies for individuals and teams to increase their productivity Offers an approach to building healthy and strong relationships with oneself and others Includes change management strategies for redirecting poor job performance Helps readers implement effective transformational coaching practices by offering many tools such as forms checklists and worksheets **Sport Coach Learning and Professional Development** Bob Muir, John Lyle, 2024-08-02 Sport Coach Learning and Professional Development describes the genesis and theoretical foundations of an emerging

workflow for supporting sport coaches learning and professional development in performance and high performance sport It is the clear exposition and critical insight into coaches learning and professional development and of coaching practice that provides the foundations for an Embedded Relational and Emergent Coach Learning and Professional Development Strategy Learning and development is not something that can be done to people rather it is about working alongside supporting experienced coaches to identify and resolve meaningful questions that generate personal and professional growth This approach more appropriately attends to individual differences in biographies perspectives roles and socio cultural settings Whilst the focus and nature of support shifts to reflect the goals that coaches and athletes are working towards relative to the changing demands of their context the approach consistently centres around three overlapping themes 1 Supporting coaches to learn through and from their everyday experiences 2 Supporting coaches to reflect on and explore the nature of the experiences they create for others 3 Supporting coaches by being available listening offering reassurance support and caring Working through this process necessitates close cooperation and frequently incorporates reflective dialogue collaborative planning and shared enquiry The work is therefore both relational and developmental Coach and coach developer both bring something to the working relationship which in turn shapes and influences the nature of the work undertaken The nature of the goals pursued the strategies employed and the collective courses of action taken are always shaped and influenced by the interpersonal resources that emerge through the work together the overlap The application and effective deployment of the strategy is illustrated and illuminated in a series of case studies These demonstrate not only the efficacy of the strategy but also the lessons learned from working with coaches in their embedded contexts This book is a key resource for coaches coach developers students and researchers working in the overlapping fields of sport coaching learning and professional development

ECRM 2017 16th European Conference on Research Methods in Business and Management Dr Anthony Buckley,2017 Teaching to Transform Urban Schools and Communities Etta R.

Hollins,2019-03-04 For preservice candidates and novice teachers facing the challenges of feeling underprepared to teach in urban schools this book offers a framework for conceptualizing planning and engaging in powerful teaching Veteran teacher educator Etta Ruth Hollins builds on previous work to focus on transformative practices that emphasize the purpose and process of teaching These practices are designed to improve academic performance transform the social context in low performing urban schools and improve the quality of life in the local community The learning experiences provided in this book guide readers through a sequence of experiences for learning about the local community that include an examination of history and demographics community resources local city and federal governance structures and collaborating with other professionals Focus Questions and a dedicated Application to Practice section in each chapter further guide learning and help make real world connections Designed to enable readers to bridge the gaps between theory and practice and the actual needs of urban students and their communities this groundbreaking text helps prepare preservice candidates to make a

successful transition and aids novice teachers in developing teaching practices that support academic excellence Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Connecting Adult Learning and Knowledge Management Monica Fedeli, Laura L. Bierema, 2019-11-25 This multidisciplinary book represents an initial attempt to connect adult learning and knowledge management in theory and practice It provides educators learners and organizational development professionals with new strategies and resources for developing active and effective pedagogies which in turn prepare learners and practitioners to manage knowledge in organizations and higher education To do so it gathers contributions and case studies from a diverse global team of authors and provides a theoretical and practical outline of new strategies and methods for facilitating adult teaching and learning It also provides a fresh reading of active learning methods by adopting a knowledge management viewpoint that is broadly applicable whether helping students master content in university courses or helping organizations learn and change The book is divided into three main sections a methods and theories for adult teaching and learning b knowledge management in education and c case studies and best practices that consider classroom learning higher education change and organization development

Pathways to Transformation Carrie J. Boden, Sola M. Kippers, 2012-08-01 *Pathways to Transformation Learning in Relationship* is an edited collection that synthesizes current research on transformative learning and expands the current knowledge base This book is timely and significant as it provides a synthesis of some of the most exciting research in two fields adult education and human services The objectives of this themed edited collection *Pathways to Transformation Learning in Relationship* are threefold First this collection serves as a space to synthesize current research on transformative learning Through an extensive literature review the editors have discerned several important strands of research in the area of transformative learning and solicited chapters dealing with these topics The second objective of the collection is to expand the current knowledge base in the area of transformative learning by creating a space for dialog on the subject and bringing together diverse voices The third objective of the collection is to transcend the field of adult education with a specific goal to reach an audience in human services psychology counseling social work marriage and family therapy

Patient Safety Coaching Susanne Knowles, 2024-09-19 This book argues that patient safety is the cornerstone of high quality healthcare and that we need to highlight the positive impact of a Safety 11 approach to risk management to improve the quality of patient services and care Moreover the author emphasizes the importance of upskilling leaders with coaching capability within the healthcare facility so that decisions can be made quickly to prevent adverse events In light of this this book aims to equip clinical leaders across all levels and in all areas of healthcare organizations with the knowledge and skills to develop a patient safety culture in their team and organization based on evidence based contemporary research into patient safety practices The author also proposes strengthening leader capability by outlining how they can create a psychologically safe working environment and adopt a

coaching leadership style that promotes staff wellbeing and patient care This book provides strategies for leaders so they can ensure staff wellbeing at work and a patient centric approach to patient care It outlines how clinical leaders can support team members to reduce their stress better utilize their strengths practice mindfulness remain positive and build resilience in the face of adversity whilst also fostering a workplace culture of trust support and compassion Lastly this book aims to provide high level executives and experienced clinical leaders with contemporary knowledge of governance issues and the best practice methods concerning patient safety as a quality improvement strategy Coaching in Times of Crisis and Transformation Liz Hall,2015-10-03 Coaching in Times of Crisis and Transformation takes an in depth look at crisis and change in the world we live in today and discusses its impact on both individuals and organizations Covering not just coaching in the current crisis but any time of crisis and change it offers a complete practical resource for managers and coaches to tackle the challenges effectively This book can help turn a crisis whether personal or systemic into an opportunity for transformation Coaching in Times of Crisis and Transformation covers definitions of crisis from both the individual and organizational perspective including insights on adapting to change and finding opportunities in crisis what neuroscience tells us about our reactions to change transformative coaching change models supporting organizations in crisis and how coaching and mentoring can act as preventative measures against crises **The Handbook of Transformative Learning** Edward W. Taylor,Patricia Cranton,2012-04-06 The Handbook of Transformative Learning The leading resource for the field this handbook provides a comprehensive and critical review of more than three decades of theory development research and practice in transformative learning The starting place for understanding and fostering transformative learning as well as diving deeper the volume distinguishes transformative learning from other forms of learning explores future perspectives and is designed for scholars students and practitioners PRAISE FOR THE HANDBOOK OF TRANSFORMATIVE LEARNING This book will be of inestimable value to students and scholars of learning irrespective of whether or not their emphasis is on transformative learning It should find its way to the reference bookshelves of every academic library focusing on education teaching learning or the care professions PETER JARVIS professor of continuing education University of Surrey Can there be a coherent theory of transformative learning Perhaps This handbook goes a long way to answering this question by offering a kaleidoscope of perspectives including non Western that consider the meaning and practice of transformative learning SHAUNA BUTTERWICK associate professor University of British Columbia This handbook will be valuable and accessible to both scholars and practitioners who are new to the study of adult education and transformative learning and to more seasoned scholars who seek a sophisticated analysis of the state of transformative learning thirty years after Mezirow first shared his version of a then fledgling theory of adult learning JOVITA ROSS GORDON professor and program coordinator MA in Adult Education Texas State University **Turning Average Instruction into Great Instruction** John O'Connor,2009-01-16 Turning Average Instruction into Great Instruction details a clear and concise approach to school

improvement focusing school leaders on the critical factor that has the greatest impact on student achievement_classroom instruction Decades of research demonstrate that what happens between teachers and students in our nation s classrooms has the greatest impact on how well those students learn The current trend in school reform is to tackle all aspects of a school in order to improve student achievement forcing school leaders to attempt to focus on the school culture use of materials community relations teachers pre service training the school s physical design classroom decorations and instruction Unfortunately such a wide scope leads to a lack of focus among school staff With his singular focus on classroom instruction what O Connor suggests is an antithesis to that approach School leaders will develop a common understanding of the high impact instructional components that should be seen in every classroom O Connor maps out how school leaders can align all personnel to systematically build training support and monitoring mechanisms that ensure that effective instruction becomes part of every classroom routine

Thinking to Transform Companion Manual Jillian M. Volpe White,Kathy L. Guthrie,Maritza Torres,2019-12-01 Through courses internships community engagement social organizations and daily interactions with others every day we accumulate experiences however learning does not happen through experience but from reflection on experiences This manual provides guidance for facilitating reflection in leadership learning and features over 50 activities from 52 reflective leadership educators Guided by a framework for reflection in leadership learning we focus on six methods for reflection contemplative creative digital discussion narrative and written Through prioritizing time holding space and asking questions that challenge assumptions educators facilitate reflection in leadership learning This intentional focus on making meaning of leadership processes enhances the capacity of learners to work collaboratively for change

Multicultural Andragogy for Transformative Learning Peltz, David P.,Clemons, Anthony C.,2018-07-06 As individuals progress through each stage of life they continue to learn and grow intellectually However what may be a conducive learning environment for a child may not be as effective for an adult creating a need to understand how to aid adults in being successful learners in their later life Multicultural Andragogy for Transformative Learning provides a diverse collection of positions related to adult learning The book touches on a variety of topics including autonomous learning as a transformative experience mixing cultures through intercultural methodology and integrating cultural perspectives into organizational learning As a publication with a focus on andragogy this proves a useful resource for academicians higher education administrators and educators who teach both traditional and non traditional students in higher education
