Transnational Capitalism And The Struggle Over European Integration:

Transnational Capitalism and the Struggle over European Integration Bastiaan van Apeldoorn, 2003-08-27 This book presents an analysis of the transnational social forces in the making of a new European socio economic order that emerged out of the European integration process during the 1980s and 1990s Arguing that the political economy of European integration must be put within the context of a changing global capitalism Van Apeldoorn examines how European change is linked to global change and how transnational actors mediate these changes [Transnational Capitalism and the Struggle Over European Order](#) Bastiaan van Apeldoorn, European University Institute. Department of Political and Social Sciences, 1999 *Trade Unions and European Integration* Johannes Kiess, Martin Seeliger, 2019-05-23 Trade Unions and European Integration brings together pessimists and optimists on trade unionism under the contemporary pressures of European integration The Great Recession has brought new attention to structural problems of the European integration process specifically monetary integration holding the potential of disabling any trans national co ordination Other authors argue that the current crisis also poses the chance for mobilization and new impulses for European trade unionism This is discussed in the volume alongside a variety of topics including bargaining coordination co determination European governance regimes and European wide mobilization While the importance of the question of how trade unionism and wage policy can will and should develop under the conditions of European integration seems widely shared the polarization of the debate itself deserves our attention to learn about the opposing arguments and points of view and to enhance academic discussion as well as consultancy to policy makers This volume addresses this debate by bringing together the most distinguished voices and searching for common ground as well as new perspectives on European trade unionism and collective bargaining The chapters of the volume organised topically are each accompanied by a comment from a distinguished scholar highlighting the divisions of the debate With this innovative approach this book advances the dialogue between what have become openly opposed camps of optimists and pessimists on the future of European integration trade unionism and its future chances Trade Unions and European Integration will appeal to students and researchers interested in fields such as European Studies Industrial Relations Political Economics Social Movements and Sociology of Work

Globalisation and European Integration Petros Nousios, Henk Overbeek, Andreas Tsolakis, 2012-05-04 This book explores the links between European integration and globalisation and examines the potential for social transformation in the context of the global economic crisis and the resulting EU reforms Divided into three parts this book offers both empirical and theoretical analyses of social integration supranationality and global competition Drawing on Critical Political Economy research Neo Gramscian Open Marxist Regulationist and Post structuralist scholars subject a wide range of European flagship policies in matters of competition trade and security to critical scrutiny and relate them to global political economy dynamics Contributors examine the ways in which current global economic turbulence has affected the European Union its

membership and its adjacent areas and determine the potential for economic and political transformation in light of the global economic crisis and Europe's 2020 Strategy In the emerging multi polar world in which the EU and the US are expected to share global policymaking with new powers this book argues for a revised conceptualisation of European integration and its relationship with globalisation Globalisation and European Integration will be of interest to students scholars and researchers of globalisation political economy international relations and European Union politics

The Unwanted Europeanness? Branislav Radeljić,2021-01-18 Can we be optimistic about the future of Europe To what extent has the European integrationist project affected the discourse about the core and the semi periphery Why does the European Union struggle with its own and the neighbouring Other These are some of the questions addressed in this thought provoking volume about the dilemmas surrounding the ever uncertain European unity A wide range of contributors have drawn upon invaluable sources and data to examine a broad selection of official discords and discrepancies characterizing the EU s relations with the Balkans East

Central Europe and beyond Moreover past events have shaped present political and socioeconomic cooperation or its deficiencies with no reason to believe that these present challenges will not further influence future arrangements at a supranational or intergovernmental level Whichever the period questions of belonging solidarity and the un wanted Other have remained relevant and have continued to penetrate discussions In addition to complementing the existing analyses of European developments the present findings are of great relevance for researchers policymakers and general readership In fact they are essential if we want to see Europe develop

A Ruined Fortress? Alan W. Cafruny, Magnus Ryner, 2003-06-28 This challenging book argues convincingly that research on European integration has lagged behind important theoretical developments in the fields of international relations international political economy and international organization The contributors contend that prevailing theories of integration despite their considerable differences all suffer from an excessive focus on institutions and ideas while overlooking the ways in which these institutions and ideas have promoted a neoliberal agenda during the last decade To overcome these weaknesses this volume draws on one of the key strands of theoretical innovation critical political economy or transnational historical materialism to develop a more comprehensive and consistent analysis of processes of European integration Although not claiming that states have ceded their role as masters of the treaties the contributors develop innovative case studies of national and transnational processes to illustrate the salience of trans European business networks and the primacy of neoliberalism as central organizing concepts of the post Maastricht European project Contributions by Baastian van Apeldoorn Hans J rgen Bieling Alan W Cafruny Ben Clift Stephen Gill Colin Hay Otto Holman Henk Overbeek Kees van der Pijl Magnus Ryner Thorsten Schulten Giles Scott Smith Leila Simona Talani and Matthew Watson

Regionalism in a Changing World Lorenzo Fioramonti, 2019-01-02 Regionalism has been a key feature of contemporary international relations As the most successful case of regional integration the European Union EU has been leading the international debate Yet in the past few years new regional practices have emerged in other continents thus adding to the variety and scope of regionalization processes This book provides a comprehensive overview of the state of regionalism in a global arena ever more dominated by emerging powers and shifting political economic balances Against the backdrop of the global economic crisis which has invariably weakened Europe and its integration model the book examines the pace of integration in Africa Asia and South America highlighting the opportunities and challenges that the new global order poses to contemporary regionalisms Besides a number of empirical case studies focusing on the political economic and legal aspects of regionalization the book also discusses innovative theoretical approaches to the study of regionalism in a post European context This book was originally published as a special issue of The International Spectator

Governing European Communications Maria Michalis, 2007-01-01 Governing European Communications provides a comprehensive and up to date account of the emergence dynamics and evolution of European level communications governance in the post war era focusing on telecommunications and television policies and regulation and their technological convergence

Concentrating on the EU the book embeds governance within broader economic and political developments in a global context and demonstrates that European governance has been more about the character rather than the level of regulation

Legitimation in the European Union Amelie Kutter, 2020-04-17 This book offers a transdisciplinary perspective on the question of how political legitimacy is constructed in the increasingly contested postnational setting of the European Union Drawing on the example of the controversy about the EU constitution and the use of EU constitution speak in commentaries published by Polish and French broadsheets it reveals the transformation that constructions of political authority and association undergo when they are being transposed from the discourse field of multilateral negotiation to that of national news media Through an original combination of the linguistic theory of discourse developed in Critical Discourse Analysis Bourdieu's field theory and notion of symbolic power and political thought on polity building it develops a framework for the discourse study of legitimation and Europeanisation and proposes applications beyond the case studies in the book To students of European integration it demonstrates the potential these concepts have for unravelling the implicit practices of postnational polity building Discourse researchers on the other hand will discover how detailed text analyses gain significance in debates related to the macro level of political organisation when guided by sociological and political theory

Britain and the Crisis of the European Union David Baker, Pauline Schnapper, 2016-01-03 This book centres on the effects of the political and later economic crisis which seriously affected the European Union and its impact on the seemingly endless UK debate over Britain's position within the EU
