Traveling The Two Lane A Memoir And Travelogue:

Traveling the Two-Lane Marilyn Berman, 2015-03-14 Inching through rush hour traffic at the age of sixty three it dawned on Marilyn that she was also inching through life At that moment she decided to make the journey of her dreams a long vacation a year or more alone in a van She spent months preparing to escape her settled home and habits and in June of 2004 she got on the road Destination Alaska A lifetime of memories accompanied her As she drove explored and hiked she pondered her past Marilyn grew up gay at a time when homosexuality was not only illegal but also considered a mental illness For decades she led a dual existence trying to be normal while fantasizing about girls and women Driving the two lane back roads of North America Marilyn grappled with her ever present past and an uncertain future Traveling the Two Lane is the story of these two journeys a solo sojourn across North America and a lifetime navigating as a closeted and conflicted lesbian in a world with changing opinions about same sex love Witnessing the riches of nature and genius of humankind while recognizing the evils of both Marilyn confronts her past to better live her present **Metamorphoses of Travel**

Writing Grzegorz Moroz, 2010-02-19 This book reflects comments on and adds to a fast growing field of travel writing studies The twenty five papers in this volume rely on a variety of theoretical and methodological approaches and explore a diverse body of travel writing texts created over the last three hundred years in English Polish Hungarian and French The book is divided into three parts The first one includes papers which apply the findings of post structuralism generic and cultural criticism as well as narratology to explore theories canons and genres in travel writing drawing material not only from non fictional and fictional prose narratives but also from poetry and tragedy The second and third parts contain papers on a wide selection of travel writing texts both fictional and non fictional written in Anglophone as well as other literary traditions They are arranged chronologically the second part is devoted to texts written in the eighteenth and nineteenth centuries while the third part focuses on those written in the twentieth and twenty first centuries Travel, Tourism, and Identity Gabriel R. Ricci, 2017-09-29 Travel Tourism and Identity addresses the psychological and social adjustments that occur when people make contact with others outside their social cultural or linguistic groups Whether such contact is the result of tourism seeking exile or relocating abroad the volume s contributors demonstrate how one s identity cultural assumptions and worldview can be brought into question In some cases the traveller finds that bridging the social and cultural gap between himself and the new society is fairly easy In other cases the traveller discovers that reorienting himself requires absorbing a new cultural history and traditions The contributors argue that making these adjustments will surely enhance the traveller s or tourist s experience otherwise the traveller or tourist will be at risk of becoming a marginalized figure one disconnected from the society that surrounds him This latest volume in the Culture Civilization series features a collection of essays on travel and tourism The essays cover a range of topics from historical travels to modern social identities They discuss ancient travels contemporary travels in Europe Africa and sustainable eco tourism and the politics of

tourism Essays also address experiences of Grenada s Spice Island identity and the effects of globalization and migrations on personal identity

JOURNEY TO THE NARRATIVE SPACES OF MALAY LITERATURE (IIUM PRESS) Muhammad Haji Salleh, 2024-07-01 In the field of Malay Studies the traditional artist is among the most mysterious of beings deeply buried under a tradition that was oral and anonymous He is more enigmatic now more than ever before as he is further alienated from us by the technological development the different modes of literary communication and not the least by the disappearance of the rural environment that created the artist all of these factors much influencing his mind There is no doubt that much as he felt *rasa* the world he also thought *fikir* about it about its universe the powers that governed his life the community its values the arts and what made them please and so on

The Balkans in Travel Writing Marija Knežević, 2015-09-18 This book revisits images of the Balkans in twentieth century travel writing that vividly mirrors the turbulent changes that the region went through As such it provides a vital basis for research into the variety of possibilities or obstacles present on the region s path to accession when its unique heritage will have to be reconciled with a more European identity This volume explores the work of well known authors such as Rebecca West Paul Theroux Robert D Kaplan and also contributes to travel writing theory by addressing less known travellers who recorded their thoughts on the social dynamics of the region The corpus offers divergent and often contradictory views ranging from moral and political criticism to a delight in the rich heritage and the still undiscovered Balkan paths More importantly its generic potentials prove to overcome both the discourse of power and the discourse of apology Its narrative style also comprises striking variations from the objective and well researched approaches to quick impressionist sketches Being a multi generic form travel writing is observed from a multidisciplinary perspective encompassing fields such as literature linguistics history sociology anthropology ethnology political sciences and geography

The Global Politics of Contemporary Travel Writing Debbie Lisle, 2006-11-02 To what extent do best selling travel books such as those by Paul Theroux Bill Bryson Bruce Chatwin

and Michael Palin tell us as much about world politics as newspaper articles policy documents and press releases Debbie Lisle argues that the formulations of genre identity geopolitics and history at work in contemporary travel writing are increasingly at odds with a cosmopolitan and multicultural world in which everybody travels Despite the forces of globalization common stereotypes about foreignness continue to shape the experience of modern travel The Global Politics of Contemporary Travel Writing is concerned with the way contemporary travelogues engage with and try to resolve familiar struggles about global politics such as the protection of human rights the promotion of democracy the management of equality within multiculturalism and the reduction of inequality This is a thoroughly interdisciplinary book that draws from international relations literary theory political theory geography anthropology and history *Music, Travel, and Imperial Encounter in 19th-Century France* Ruth Rosenberg, 2014-09-19 This book considers the activities and writings of early song collectors and proto ethnomusicologists memoirists and other musical travelers in 19th century France Each of the book's discrete but interrelated chapters is devoted to a different geographic and discursive site of empire examining French representations of musical encounters in North America the Middle East as well as in contested areas within the borders of metropolitan France Rosenberg highlights intersections between an emergent ethnographie musicale in France and narratives of musical encounter found in French travel literature connecting both phenomena to France's imperial aspirations and nationalist anxieties in the period from the Revolution to the late nineteenth century It is therefore an excellent research tool for scholars in the fields of ethnomusicology musicology cultural studies literary history and postcolonial studies **The Literature of Travel in the Japanese Rediscovery of China, 1862-1945**, 1996-03 This study of the writings of Japanese travelers to China from 1862 to 1945 serves both as a window onto changing Japanese images of China and as a vivid account of Sino Japanese interactions over nearly a century The year 1862 saw the lifting of the Tokugawa shogunate's ban of over two centuries on overseas contacts and Japanese travelers were able to resume contact with China which had begun some fifteen hundred years before Through the centuries China had exerted a profound influence on the development of Japanese culture and what began as a wish to adopt the latest most developed political and cultural achievements of China assumed to be the most advanced country on earth later became an effort to understand the essence of Japan by defining its difference from China This book is based upon some five hundred accounts of travel in China by Japanese only a handful of which have previously been available in Western literature Reversing the Colonial Gaze Hamid Dabashi, 2020-01-16 A transformative account of the adventures of Persian travelers in the nineteenth century moving beyond Eurocentric approaches to travel narratives Interpersonal Encounters in Contemporary Travel Writing Catharine Mee, 2015-03-01 This critical study examines the theme of interpersonal encounter in a range of late twentieth and early twenty first century travel writing written in French and Italian Structured typologically each chapter focuses on a typical activity that brings traveller protagonists into contact with other people Drawing on literary critical studies of travel writing

Wilson, 2012-12-06 The aim of this study is to trace the development of the literary travel memoir in Russia during the last decades of the eighteenth century and the first decades of the nineteenth Having indicated the provenances of this genre in Western Europe I shall evaluate its role in Russian literary history Because this study is not intended to be an historical survey of all significant travel works that appeared in Russia I shall pass over such early pioneer travelers as the Abbot Daniil who visited Palestine at the beginning of the twelfth century and recorded for his countrymen detailed descriptions of the Holy places or the merchant Afanasij Nikitin whose travel notes concerning a trip to India are preserved in a fifteenth

century chronicle The travel genre which had become enormously popular in eighteenth century Western Europe was cleverly exploited by Fonvizin Radishchev and Karamzin to expound to the Russian reading public certain important notions on literary theory on society foreign and domestic on themselves and on nature The travel genre then as now a flexible instrument for transmitting by means of diary style narrative information about distant often exotic people and place had been adapted by Sterne and others to themes having little relation to a conventional journey The Russians were quick to grasp the genre's literary as well as its polemical possibilities and influenced by Western models they too used it to convey theoretical assertions on a variety of Subjects
