The Psychology of Police Deadly Force Encounters Laurence Miller, 2020-02-11 The Psychology of Police Deadly Force Encounters Science Practice and Police is a fascinating look into the reality of police work The author integrates noted theories into a street wise understanding of being a police officer The focus of this book is on the use of deadly force by officers a topic of considerable importance The author discusses the psychosocial aspects of deadly force use stemming from the individual officer the situation organizational influences and the police culture Expanding further into social issues the controversial topic of race and use of deadly force is discussed This depiction looks at both sides that of racial victimization and that of the police which helps to provide a rather unique perspective on this important issue Of interest the author breaks down the different dimensions of cognition as a factor in decision making among police including the perception of the situation the action taken depending on that perception and the role of present and past memory This will make for a useful training topic to alert officers to the cognitive processes that go into deadly force use processes that they have the control to change to make a better decision Next the book delves into the biological factors that may be involved in police decision making again where deadly force is involved The various negative psychological impacts that a deadly force situation may bring about are identified and explained This book will be useful as a tool for both law enforcement practitioners and researchers to better understand the intricacies of deadly force by the police For researchers the book has a multitude of references available for further exploration It will prove to be a useful guide and reference volume for police managers and supervisors mental health clinicians investigators attorneys judges law enforcement educators and trainers rank and file police officers including expert witnesses

THE POLICE OFFICER IN THE COURTROOM Don Lewis, 2001-01-01 The purpose of this text is to guide and instruct the reader in all areas crucial to the effective presentation of evidence in criminal courtroom cases and to emphasize the importance of the part played by the proper advance preparation of reports and evidence prior to getting into the courtroom The text clearly indicates how closely an officer's credibility is tied to his or her investigative report The book thoroughly examines the various problems of evidence holding that often arise during the time between arrest and trial and the steps that can be taken to ensure a smooth

flowing presentation during the trial The text discusses and instructs in great detail on the many facets of direct examination and also takes the reader into the world which the officer witness dreads most that of cross examination Through sample testimony the officer is instructed in how to recognize and understand the defense strategies employed in each of many different situations as well as in how to turn attacks by a defense attorney to the officer s own benefit Many practical question and answer courtroom scenarios are provided as examples In addition to direct and cross examination other major sections of the book include the complete trial process report writing the pre trial process and the use of exhibits Whether used as a reference or a textbook this text will provide the police officer with the necessary tools to develop confidence ability and control in presenting courtroom testimony
