Kadam Masters Thupten Jinpa, 2013-03-26 For many Tibetans the phrase the Kadam masters evokes a spiritual golden age in Tibet an image of a community of simple monks devoted to humble rectitude in the service of others These Tibetan masters are particularly famed for their pithy spiritual sayings poignant utterances that capture essential teachings in digestible bites The sayings reveal an absence of confusion about what makes for a truly happy life one grounded in ethics love and insight

borne of meditation The teachings of the Kadam masters have spiritually nourished the Tibetan people for nearly a millennium The Kadampa tradition began in the eleventh century with the arrival in Tibet of the Indian Bengali teacher Atisa who heralded a large scale revival of Buddhism there with a return to the basics Although these Tibetan teachings emerged nearly a thousand years ago within a specific historical cultural context like many of the world s great spiritual teachings the teachings of the Kadam masters embody wisdom that resonates beyond the boundaries of time culture and language To modern day Tibetan Buddhists this volume will offer in an accessible format some of the most loved teachings of the Tibetan tradition For practitioners of other religious traditions the texts collected in this special Atlantean Dan Frishling,2021-09-22 Atlantis You re kidding No I m not Doctor Wolfcub retorted Examine the facts Falcon Other than this single recollection we know nothing about you Except that a team of assassins put a slug through your brain That the damage was extensive That you ve spent the last twenty six years in a coma and awakened with no memories of your past life In fact if not for your medical bracelet we wouldn t even know your name And lastly or perhaps a better word would be strangely your appearance hasn t changed since the day you were shot But coma or not Doctor We re talking about me participating in events that took place thousands of years ago I countered rolling my eyes Which suggests that either I m an immortal or else we must consider this recollection as an imaginative fantasy And yet as inexplicable as it may be I am serious the doctor insisted What you ve described through the eyes of a fourteen year old is no less than the creation history and culture of the legendary Atlantis Join Falcon on her exciting journeys As a young girl we follow her tribe s transformation from European cave dwellers into the Island s advanced society As a teenager she sails to ancient Egypt as a seeker of knowledge and technologies ending up participating in activities that lead to the elevation of Osiris Isis and Horus to the status of gods And upon maturity she witnesses events that are enshrined in the Bible Are these journeys just a convalescing woman s hallucinations or is Falcon an immortal *Theosophical Outlook* ,1916 **Aberdeen University Studies** ,1907
