Gospel of the Absurd Robert Scot Miller, 2017-08-02 Gospel of the Absurd is a project that originates in the anarchic experiences of a crack cocaine addict who was knocked off his high horse by an experience of Jesus Having spent years as an enemy of the faith R Scot Miller came back to faith with the passion of a new convert infused with a subversive's heart for turning the world upside down In the process of stumbling every bit as much as he learned to walk in the light Miller begins to understand that the subversive claims of the gospel of Jesus as the Christ are not only the most meaningful response to the absurdity of the world but that such absurdity demands a community of action that makes the subversive Christ the credible response to a culture and Christendom run amok with power and greed Gospel of the Absurd is about an ethic informed by an absurd claim that being the claim that voluntary sacrifice of privilege is the proper response to human brokenness and the systems of domination that have lured the church into apostasy Miller then explores whether the church by prioritizing care ethics over legislative or coercive justice is the salvific experience Jesus is calling us to engage in

Public Righteousness Abimbola A. Adelakun, 2023-05-25 Public Righteousness The Performative Ethics of Human Flourishing is driven by the idea that part of what manifests as a disorderly display of virtue in public culture is underlined by

the desire to see a more righteous society and an expression of the will to enact such an ideal world into reality This book restructures the ferment of such public displays and fashions an ethic that overturns the ostentatious signals of self righteousness and the fierce contest of animating visions This book engages the work of social ethicist Nimi Wariboko to explore an idea of public righteousness In place of smug superiority and phony pieties the performative ethics that inaugurate this public righteousness offer an intellectual and moral competence that establishes rectitude and culminates in human flourishing **The Collaborative Bibliography of Women in Philosophy** Noël Hutchings,1997 AAR/SBL Annual Meeting Program American Academy of Religion. Meeting,1996 *Katie's Canon* Katie Geneva Cannon,1998-04-03 In her book the explosive voice of Katie Geneva Cannon as womanist and theological liberation ethicist boldly proclaims the vital presence and contributions of African American women The Presbyterian Outlook Cannon moves easily from the passion of folklore and legend to the conceptually rich language of ethics and womanist theology Her role is to speak as one of the canonical boys and as the non canonical other at one and the same time In this she most assuredly succeeds Library Journal Every theologian student and lay person should have a copy of Katie s Canon to measure the breadth and depth of their theological commitment I strongly recommend it James H Cone **The University of Chicago Magazine** ,1993

E. Orobator, Approaches to Theological Ethics Maureen Junker-Kenny,2019-11-14 Maureen Junker Kenny offers a systematic overview of the discipline of theological ethics in the variety of its approaches which draw upon different philosophical traditions and theological visions in treating its sources Part One examines the four sources of theological ethics the Bible tradition philosophical accounts of the human and the individual human sciences Part Two compares five frameworks in English and German speaking theological ethics based on virtue worship natural law autonomy and feminist analyses Part Three compares three types of vision integralist praxis oriented and discourse focused and Junker Kenny concludes by situating the investigation of the

discipline within contemporary philosophical and theological exchanges on religion in the public sphere The book provides a framework in which students can locate the specific use of core ethical concepts and argumentations comparing how each approach relates to the Bible to historical reason theological thought practical self understandings and interdisciplinary perspectives on ethics in a scientific and technological culture In an age of globalisation where different cultures religions lifestyles and values meet in the workplace in schools and in public spaces shaped by religious and cultural traditions it is necessary to foster the ability to create possibilities and venues for dialogue between different self understandings Analysing the variety of approaches to theological ethics helps articulate different visions of what constitutes a fulfilled life of how the moral vocation of each human being can be supported and of the role of the Christian faith for ethics **The Catholic Library World** ,2002 **The Grace of Difference** Marilyn J. Legge,1992 Marion J Legge addresses theological ethics from the context of Canadian women especially the experience of marginalized women in Canada Beginning with a critical reassessment of Canadian Radical Christianity she argues that approaches that center on question of economic justice have nevertheless overlooked the day to day economic realities of Canadian women Legge develops a reformulated critical theory of culture that though it emphasizes difference avoids premature abstraction and misplaced generalizations She seeks a voice to articulate the theological and ethical dimensions of women s experience in the texts of three Canadian novels In Search of April Raintree by Beatrice Cullen The Diviners by Margaret Laurence and Obasan by Joy Kogawa
