University Of Tanzania Guide 2013 2014:

Politics, Public Policy and Social Protection in Africa Nicholas Awortwi, Emmanuel Aiyede, 2017-05-08 Africa is now in a much improved position to support its poor and vulnerable people It has more money more policy commitment and abundant intervention programmes Yet the number of citizens living lives of desperation or at risk of destitution is at an all time high and still rising What is turning such positive prospects into such a disappointing result Politics Public Policy and Social Protection in Africa reveals key answers drawing on empirical studies of cash transfer programmes in Botswana Ghana Kenya Nigeria and Uganda Social cash transfer might be the most effective safety net formula to emerge so far The country chapters in this book explore why it works and how it might be harnessed for poverty alleviation The studies uncover the very different motives of donors politicians and the poor themselves for making it their preferred choice why governments are not expanding the donor driven pilot programmes as expected and why ruling elites are not trying to help or hinder a concept which on the face of it could derail one of their most lucrative gravy trains This book will be of value and interest to researchers and students of African politics African social policy and sociology as well as policy maker and donors

Community Secondary Schools in Tanzania Elia Shabani Mligo, Devotha Lawrence Mshana, 2018-01-22 Community Secondary Schools are the majority secondary schools in Tanzania These are schools built by community initiatives with the aim of helping more children acquire a secondary education Despite this good intention these schools face a number of challenges One such challenge has to do with academic performance This book investigates this challenge It examines the factors that contribute to students poor performance in the community secondary schools in Tanzania to discern the main factors contributing to their poor performance Many factors contribute to students poor performance such as lack of support from parents on educational issues teachers and students attitudes and perceptions on education inadequate learning and teaching materials and resources learning and teaching environments as well as lack of adequate motivation for teachers and students This book explores these challenges and proposes future prospects to make such schools have efficient performance in Tanzania and other places of the world they are found

Pastoral Counseling for Orphans and Vulnerable Children Tuntufye Anangisye Mwenisongole, Elia Shabani Mligo, 2018-04-27 The existence of orphans is as inevitable to most African cities and the world as it is death These orphans are caused by the death of one or both parents due to various reasons including the scourge of HIV and AIDS Being orphans most of them are vulnerable to difficult lives because they have nobody to fend for them and take care of their lives They lack adequate food living expenses school fees and care since their current guardians are also in adverse economic situations In such situations orphans end up living a life of hopelessness and trauma which makes them deeply remember their dead parents and the care they received from them before death Following the vulnerable situation of most orphans this book through a study done in the Tanzanian context challenges churches to extend their counseling and caring ministries to Orphans and Vulnerable Children OVC It purports that the use of narrative

approach is the most effective way to enter into the world of vulnerable children in order to provide pastoral counseling to them This approach helps pastoral counselors to use life stories proverbs biblical narratives plays arts songs riddles poems symbols and images as healing and coping mechanisms for OVC Therefore this book is helpful not only to churches and their ministry to orphans and vulnerable children but also to those who care for orphans in their homes Moreover it will be helpful to children who live in adverse conditions worldwide to find ways to cope with their situations through the stories of children used inside this book
