whatever comes in life everything lies in that When people think about courage they often think about those who put their lives on the line for us every day like first responders firefighters or police officers But there are so many others who quietly endure with steadfast courage whatever comes their way in life These people are like the anawhim in the Old Testament the good kind people whom very few know about but who trust in the Lord He is their strength It is because of their faith in him that they live their lives with courage to face whatever comes their way In over thirty years as a psychotherapist and spiritual director Wilcox has often been amazed at the strength and courage of so many of his clients Some have faced physical disabilities others struggle with mental emotional or psychological problems still others with personal family or career issues These people are what he calls the hidden faces of courage Often they are not well known They certainly receive no notoriety or press Yet they are always there doing the best they can each day This book is an invitation to understand and appreciate the unnoticed courage and strength of ordinary people If we can walk in their shoes it will help us to be courageous for whatever comes to us in life
