## **Unspeakable Truths And Happy Endings Human Cruelty And The New Trauma Therapy:**

**Unspeakable Truths and Happy Endings** Rebecca Coffey, 1998      Unspeakable Truths and Happy Endings Rebecca Coffey, 1998 With the electrifying tales of 15 survivors of catastrophic human cruelty at its narrative core *Unspeakable Truths* squabbles about victimhood and recovered memory The book concludes that as thinking and caring inhabitants of a menacing world we must all learn to hear unspeakable truths At the same time that we risk accepting the truths about violence and degradation that survivors memories hold we must reasonably engage critical thinking when memories of violence and degradation stretch the limits of our credulity We owe it to survivors to listen compassionately we owe it to ourselves to listen prudently      God and the Victim Jennifer Erin Beste, 2007-09-28 Christian tradition holds that an individual's ability to respond to God's gracious love both God and neighbor is not wholly vulnerable to earthly contingencies such as victimization Today however trauma theory insists that situations of overwhelming violence can permanently damage a person's capacity for responsive agency For Christians this theory raises the very troubling possibility that humans can inflict ultimate harm on each other such that some individuals eternal destiny can be determined not by themselves but by those who do great harm Jennifer Beste addresses the challenges that contemporary trauma theory and feminist theory pose to deeply held theological convictions about human freedom and divine grace Do our longstanding widespread beliefs regarding one's access to God's grace remain credible in light of recent social scientific research on the effects of interpersonal injury With an eye toward the concrete experiences of trauma survivors Beste carefully considers the possibility that one can be victimized in such a way that his or her receptiveness to God's grace is severely diminished or even destroyed Drawing on insights present in feminist and trauma theory Beste articulates a revised Rahnerian theology of freedom and grace responsive to trauma survivors in need of healing Her thinking is characterized by two interconnected claims that human freedom to respond to God's grace can in fact be destroyed by severe interpersonal harm and that God's love can be mediated at least in part through loving interpersonal relations Offering crucial insights that lead to a more adequate understanding of the relation between God's grace and human freedom Beste's important theory reconfigures our visions of God and humanity and alters our perceptions of what it means to truly love one's neighbor      **The Long Journey Home** Andrew J.
