Unspoken Henry Cole:

Unspoken Henry Cole, 2016-10-25 A Civil War era girl's courage is tested in this haunting wordless story. When a farm girl discovers a runaway slave hiding in the barn, she is at once startled and frightened. But the stranger's fearful eyes weigh upon her conscience and she must make a difficult choice. Will she have the courage to help him? *Unspoken* gifts of humanity unite the girl and the runaway as they each face a journey, one following the North Star, the other following her heart. Henry Cole's unusual and original rendering of the Underground Railroad speaks directly to our deepest sense of compassion. Praise for *Unspoken*: A New York Times Best Illustrated Book. Designed to present youngsters with a moral choice, the author, a former teacher, clearly intended *Unspoken* to be a challenging book. Its somber sepia tone drawings establish a mood of foreboding. The New York Times Book Review Moving and emotionally charged Kirkus Reviews starred review. Gorgeously rendered in soft dark pencils, this wordless book is reminiscent of the naturalistic pencil artistry of Maurice Sendak and Brian Selznick. School Library Journal starred review. Cole's beautifully detailed pencil drawings on cream-colored paper deftly visualize a family's ruggedly simple lifestyle on a Civil War era homestead while facing stark ethical choices. Cole conjures significant tension and emotional heft in this powerful tale of quiet camaraderie and courage. Publishers Weekly starred review.

Doing History Linda S. Levstik, Keith C. Barton, 2015-01-30 Now in its fifth edition, *Doing History* offers a unique perspective on teaching and learning history in the elementary and middle grades. Through case studies of teachers and students in diverse classrooms and from diverse backgrounds, it shows children engaging in authentic historical investigations often in the context of an integrated social studies curriculum. The premise is that children can engage in valid forms of historical inquiry: collecting and analyzing data, examining the perspectives of people in the past, considering multiple interpretations, and creating evidence-based historical accounts. Grounded in contemporary sociocultural theory and research, the text features vignettes in each chapter showing communities of teachers and students doing history in environments rich in literature, art, writing, discussion, and debate. The authors explain how the teaching demonstrated in the vignettes reflects basic principles of contemporary learning theory. *Doing History* emphasizes diversity of perspectives in two ways: readers encounter students from a variety of backgrounds, and students themselves look at history from multiple perspectives. It provides clear guidance in using multiple forms of assessment to evaluate the specifically historical aspects of children's learning.

S. Lewis: Solving the Riddle of the Reformation** Jordan Ferrier, 2010-07-04 Why do two groups of Christians read the same verses of Scripture and reach radically opposing views of the Sovereignty of God and the Responsibility of Man Starting with what Augustine called the very beginning of our faith the system of Calvinism is explained from its foundation in the attributes of

Omniscience Omnipotence and Perfection in God up through the Perseverance of the Saints This system of belief supported by numerous quotes from Augustine Luther Calvin R C Sproul James White and John Piper trusts in the absolute sovereignty of God This is not simply an explanation of what Calvinism teaches instead this is an explanation of WHY Calvinists all reach the same conclusions of what Scripture teaches This systematic approach using the writings of Calvin and supporting evidence from current Calvinists will help non Calvinists as well as life long Calvinists better understand exactly what Calvinism teaches C S Lewis understood Calvinism better than most Calvinists Beginning with the same attributes of God as they relate to the creation and fall of man Lewis systematically addressed the foundational reasoning used by Calvin to develop his theology Finding Orthodoxy is as simple as understanding these two opposing systems of belief This presentation of what Calvin and C S Lewis taught breaks down a very complex issue into a series of steps that interlock in a way that allows for an understanding of Sovereignty Responsibility Election Predestination and Salvation Most books describe the two protestant views of theology that came out of the Reformation as Calvinism and Arminianism After the death of John Calvin and Jacobus Arminius the followers of Arminius issued a document disagreeing with five of the points of Classic Calvinism The Synod of Dort was convened to counter these five Arminian points and issued the now familiar five TULIP points of Calvinism Calvin and C S Lewis Solving the Riddle of the Reformation C C is not another simple rehash of these five points Instead of beginning with Total Depravity C C examines the foundation that Total Depravity and the TULIP points are built upon This starting point is not the authors opinion instead the starting point is what Augustine called the father of Reformed Theology and Calvin state to be the very beginning of our faith C C methodically lays out the complete system of Calvinism using the starting point of Augustine and Calvin The TULIP points are shown to be the top of the iceberg in the complete systematic theology of Calvin When the complete system of Calvinism is explained the futility of simply comparing the different views on the TULIP points is readily apparent Tracing Calvinism to its first premise the very foundation that Augustine Calvin and R C Sproul agree on sets up the riddle of the reformation After extensive documentation of Calvin s premises C C explains the how C S Lewis took the same starting point Calvin used and constructed a different systematic theology The explanation of how Calvin and C S Lewis began with the same premises yet arrived at different conclusions solves the riddle of the reformation Why two groups of Christians that read the same verses of Scripture reach radically opposing views of the sovereignty of God and the responsibility of man C C shows that the only definitive way to know which system is Orthodox to solve the riddle is to dig all the way down and examine this foundation C C is exhaustively researched extensively documented charitably presented intellectually challenging and gives excellent answers on the Sovereignty of God and the role of man in salvation
