Unsustainable A Primer For Global Environmental And Social Justice:

Unsustainable Patrick Hossay, 2006 Aimed at an audience including both budding social activists and young people studying the environment and international development this book explains how these crises share the same historical roots Brilliantly combining a huge amount of up to date information visual charts and clear explanation Patrick Hossay shows how an historical path of colonialism capitalist development and industrial growth has yielded bad results He proposes a fundamental restructuring of the way business is done and the book suggests ways in which we can work for lasting change

International Environmental Law and the Global South Shawkat Alam, Sumudu Atapattu, Carmen G. Gonzalez, Jona Razzaque, 2015-09-17 The unprecedented degradation of the planet's vital ecosystems is among the most pressing issues confronting the international community Despite the proliferation of legal instruments to combat environmental problems conflicts between rich and poor nations the North South divide have compromised international environmental law leading to deadlocks in environmental treaty negotiations and noncompliance with existing agreements This volume examines both the historical origins of the North South divide in European colonialism as well as its contemporary manifestations in a range of issues including food justice energy justice indigenous rights trade investment extractive industries human rights land grabs hazardous waste and climate change Born out of the recognition that global inequality and profligate consumerism present threats to a sustainable planet this book makes a unique contribution to international environmental law by emphasizing the priorities and perspectives of the global South
