Urban Apologetics Answering Challenges To Faith For Urban Believers:

Urban Apologetics Eric Mason, 2021-04-06 Urban Apologetics examines the legitimate issues that Black communities have with Western Christianity and shows how the gospel of Jesus Christ rather than popular socioreligious alternatives restores our identity African Americans have long confronted the challenge of dignity destruction caused by white supremacy While many have found meaning and restoration of dignity in the black church others have found it in ethnocentric socioreligious groups and philosophies These ideologies have grown and developed deep traction in the black community and beyond Revisionist history conspiracy theories and misinformation about Jesus and Christianity are the order of the day Many young African Americans are disinterested in Christianity and others are leaving the church in search of what these false religious ideas appear to offer a spirituality more indigenous to their history and ethnicity Edited by Dr Eric Mason and featuring a top notch lineup of contributors Urban Apologetics is the first book focused entirely on cults religious groups and ethnocentric ideologies prevalent in the black community The book is divided into three main parts Discussions on the unique context for urban apologetics so that you can better understand the cultural arguments against Christianity among the Black community Detailed information on cults religious groups and ethnic identity groups that many urban evangelists encounter such as the Nation of Islam Kemetic spirituality African mysticism Hebrew Israelites Black nationalism and atheism Specific tools for urban apologetics and community outreach Ultimately Urban Apologetics applies the gospel to black identity to show that Jesus is the only one who can restore it This is an essential resource to equip those doing the work of ministry and apology in urban communities with the best available information [Urban Apologetics](#) Christopher W. The Debaters of This Age Steven H Propp, 2019-02-05 It is June 2018 as an unusual group of scholars professors lecturers and students gather in a California hotel They are all attendees of an Apologetics conference intended to join qualified representatives of Christian Deist and Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics Catholicism liberal Christianity and Deism are also well supported The Atheist perspective is advocated by a polemical author and a college professor notorious for attacking the views of his Christian students As the participants argue over controversial issues such as cosmology evolution The Bible historical evidence for Jesus the resurrection biblical prophecies and the problem of evil intellectual fireworks result But what will result when such a volatile and eclectic group is placed face to face for more than two weeks

The Debaters of this Age is the tale of what happens inside a California hotel in 2018 when a group of intellectuals gather to vigorously discuss the religious issues of our time

Fire in the Streets Douglas R. Groothuis, 2022-08-02 From the origins of critical theory in the bowels of the academy to its use in justifying rioting and arson in the name of a dubious equity agenda an eminent philosopher unmasks the intellectual origins of this mental virus and details steps rational thinkers can take to combat its insidious spread What can we do amidst all the controversies over race and gender in society today Do we have anything constructive to offer the world As Jesus followers we do and this book shows the way A dangerous and revolutionary philosophy is responsible for the street fires in America It fuels the actions of Black Lives Matter and Antifa It invades curricula in public schools and in our military It is in our churches You have heard the phrase white privilege the need for safe spaces on campuses and perhaps the tongue twister intersectionality Behind all of these is an ideology called critical theory which is a form of cultural Marxism that divides society into the oppressed and the oppressors It claims that America is systemically racist and founded on slavery It believes that the voices of the minorities should trump the perspective of the dominant and oppressing culture Unfortunately this flawed perspective is overtaking our culture and infiltrating many of our churches In this book we consider the importance of critical theory explain its origins question its aims and subject it to a logical critique Readers will Gain a better understanding of critical theory See how it is permeating many aspects of society Discover how it opposes a Christian worldview Learn how to counter it constructively A biblical alternative to matters of justice and politics is available One that is right and true One based on the ideals of the American founding Find it in these

pages *Taking Off Roofs and Building Bridges* Alan J. Pihringer, 2022-09-27 Why don't they believe the same things I do? Why don't they see things my way? We get frustrated when people hold differing opinions from ours or view life's major issues from conflicting angles. Their system of belief, their worldview seems foreign to us as they filter the events of this world in ways that we would never have imagined and then come to conclusions that we would never even consider. When other people's worldviews contradict ours, both of us cannot be right. Is there a way to account for the differences and determine if one is right and the other wrong? For the Christian, especially, can we defend the Christian worldview in a way that upholds our entire system of belief and then opens the door to share the gospel with those who believe differently from us? The method of worldview apologetics enables the Christian to expose the faults in other worldviews, demonstrate the truth of the Christian worldview, and build a bridge for others to hear the gospel of Jesus Christ. Both scholarly and practical worldview apologetics equips the Christian to assess and critique differing belief systems and fulfill the call to Great Commission outreach.
