,1999 **The Urban Monk** Dishant Kapil,2023-03-27 For centuries the age old teachings of the Bhagavad Gita had politicians leaders saints and sages turn to it for answers to solve the dilemmas of administration the mind and everyday life It emphasises the value of reflection and self awareness and pursuing inner harmony and tranquillity by being aware of our thoughts deeds and intentions The teachings of the Bhagavad Gita are all the more significant today when India is going through rapid change due to globalisation While it results in the world s interconnectedness and evolution of global culture it is taking Indians away from traditional values and beliefs Another facet of globalisation is the western fascination with the Indian scriptures teachings traditions culture etc This aspect is testimony to the fact that the gems of wisdom held in the Gita and other ancient texts of India have immense power and relevance and the world is waking up to them The author believes this is the exact point in time when young Indians should return to India s ultimate book of answers to enrich themselves with ancient wisdom while scaling new heights In this book the author has shared nuggets of priceless wisdom and teachings from this revered text which can guide those seeking to attain the full expression of life on earth and evolve into their best

versions The Urban Monk Pedram Shojai,2016-02-02 We all struggle to discover satisfaction and contentment in the modern world and yet the more gadgets we buy the more things seem to get worse What are we all missing What will it take for us to find our centers Pedram Shojai shares how the centeredness and calm of Zen masters is attainable in today s fast paced world and guides you to become an urban monk who can interact with a demanding career family and environment in a grounded way Based on a lifetime of study The Urban Monk uses Eastern medicine techniques such as meditation to help you simplify your life and overcome a variety of pain points such as stress fatigue weight gain negative self image and loneliness **Exploring Karma & Rebirth** Nagapriya,2004 Exploring Karma Rebirth is a vigorous and thought provoking inquiry into two important but often misunderstood Buddhist doctrines This challenging book clarifies and critically appraises these traditional Buddhist doctrines examines them in relation to their cultural origins and discusses whether these teachings are still relevant today and offers an imaginative reading of what the teachings could mean for the postmodern Western world Above all Exploring Karma Rebirth insists that to be of enduring value these doctrines must continue to serve the overriding aim of Buddhism spiritual awakening **Karma is Negotiable** Nikias Annas,2025-02-01 Although the word karma is Sanskrit and is associated with Eastern religions it simply refers to the law of cause and effect Karma is not blind destiny or divine judgment but is the principle the describes the natural reverberation that emerges from every action whether that action is physical emotion mental or spiritual Suffering and pain are not punishment from a tyrant God nor are they normal or mere coincidence When we truly understand the law of action and consequence we can see that our lives are a result of our own moment to moment ignorance of the effects of our actions We create our own suffering therefore we can create our own happiness instead if we know how No matter what religion or background we come from through conscious action from moment to moment we can originate a new set of causes which in turn will generate a new set of results This is how we can revolutionize our life The power to change is in our hands Useful for followers of any spiritual tradition Gives practical methods to change our lives today Supported by solid science and authentic spiritual traditions *Divine Karma* David Ramirez,2025-03-18 The Journey Towards Enlightenment is a profound exploration of self discovery consciousness and spiritual awakening It challenges conventional beliefs guiding readers through a transformation that expands awareness and deepens their understanding of reality The book presents life as an intricate game where destiny and free will intersect and where each individual has the power to shape their experience The journey begins with an examination of limiting beliefs subconscious patterns that shape our perceptions and restrict personal growth Through introspection vulnerability and gratitude the reader learns to shed these limitations and step into a state of self awareness Inspired by philosophical teachings including Plato s Allegory of the Cave and St John of the Cross s Dark Night of the Soul the book illustrates the struggle of breaking free from societal illusions to embrace deeper truths A central theme is the concept of consciousness evolution The book outlines four stages of human awareness 1 Asleep Living unconsciously dictated by societal norms 2

Awakened Questioning reality seeking deeper understanding 3 Liberated Recognizing the power of thought and belief in shaping experiences 4 Enlightened Living as a conscious creator fully aligned with the universe Further the book explores vibrational frequencies and their role in shaping personal and collective reality It explains how aligning with higher states of consciousness such as love resilience and gratitude can transform perception and attract meaningful experiences Practical insights including mindfulness emotional intelligence and resilience are woven throughout offering tools for integrating enlightenment into daily life The final chapters emphasize that enlightenment is not a destination but an ongoing process of growth where one continuously refines their awareness and deepens their connection to the universe Ultimately The Journey Towards Enlightenment is an invitation to reclaim creative power question ingrained assumptions and live with intention It empowers readers to embrace their highest potential guiding them toward a life of purpose wisdom and interconnectedness

Karma Book University Press,2021-04-26 University Press returns with another short and captivating book a brief history of spiritual enlightenment Karma refers to the spiritual principle of cause and effect whereby one's actions and intentions in the present will affect one's life in the future Sages seers gurus and buddhas may have disagreed for centuries about particular causes and effects but all of the world's great religions emphasize seven essential keys to unlocking the good life mindfulness consciousness awareness enlightenment love wisdom and living in the now In this book you will learn about the seven essential keys to the good life by studying the remarkable lives words and teachings of some uniquely enlightened humans including The Buddha Jesus Thich Nhat Hanh Jay Shetty Mata Amritanandamayi Devi Eckhart Tolle and Oprah Winfrey This short book peels back the veil and provides a delightful glimpse into the heart warming history of spiritual enlightenment a glimpse that you can read in about an hour

The Divine Manual Wallace Ching,2013-11-12 The Divine Manual presents an innovative approach that unifies various branches of New Age theories practices and various energy healing modalities into an integrated framework Novice or intermediate readers eager to transform their lives can follow these step by step instructions and discover their own path to awakening by resolving their Past Life Karma cleansing their emotional scars accumulated in the present life and aligning the directions of their lives with their Divine Paths If you have experienced the following in your life the techniques presented in this book should be able to help you For instance if you feel stuck at your current job but do not know if changing your career is a good decision have been out of a job for a long time and do not know what to do work hard for most of your life but still cannot accumulate enough always feel that making money is difficult keep experiencing ups and downs in your personal fortunes have difficulties with your boss coworkers or people in general have constant fights with your spouse romantic partner get stuck in a relationship and do not know if you should walk out from it or let it drag on have not had a romantic partner for a long time get injured or chronically ill have loved ones who are seriously or terminally ill or become seriously or terminally ill and feel scared to face your possible death then you may find the information in this book useful Or if you are already an avid New Age follower you may still have

experienced confusion when trying to find answers from the myriad of New Age literature and teachings in the market For instance you may have the following questions Staying in the Now Presence and connected to the Higher Consciousness is important but what about our Karma and Life Missions Should we worry about those Which meditation method is better Should we just empty our thoughts or should we practice specific energy and visualization based meditation Should we wholly adopt the Principle of Surrender and accept everything that happens to us or should we practice the Law of Attraction manifestation techniques and try to change our lives for the better Studying our past lives through past life regression seem fascinating but what do we do with it Should we just focus on developing the upper three chakras for receiving Divine guidance or should we focus inward into our bodies for a more grounded earthly experience How does our human sexuality tie in with all of this What about angels and spirit guides Should we pray for their help or should we affect any changes from our internal selves through our own efforts In this book Dr Ching shares what he has learned after sieving through the maze and picking what works and what does not from the myriad of techniques He explains how to reconcile these techniques and fit them together into a holistic approach He has mapped out a path and put together an integrated framework that you can follow step by step at your own pace Once you are on your Divine Path you will discover a path of least resistance laid out before you All the Life Challenges will either mellow or even disappear You can then focus on sailing through your life journey with joy peace and blissfulness For more information please visit www.divinemanual.com

Beyond Karma José Trigueirinho Netto, 2021-03 Karma has become a household word but there are few books that can help us develop a deeper understanding of it This book discusses the law of karma and what we need to know about it in relation to personal and family ties as well as how attention to karmic issues can help us restore equilibrium and foster physical and psychic healing Instruction is offered regarding how to escape from the wheel of life associated with activities that create personal karma and suffering and we are introduced to a higher or deeper understanding of karma that allows us to transcend personal karmic bonds and to develop a karma of selfless service or as the author states actions for the glory of God in which we serve spiritual laws and planetary evolution as opposed to personal needs and goals This way of understanding karma places it within the context of the spiritual evolution of humanity as a species and the evolution of planet Earth as well as of the other planets in our solar system The author comments on deeper levels we are not guided by the law of karma but by what is known as the higher law of evolution or by even higher aspects of the law of equilibrium This book will be of great help to all those who want to dedicate their lives to a higher purpose
