Robinson,2013-04-26 Two decades ago the poet Robert Bly published a book that stayed on the New York Times Bestseller list for sixty two weeks and changed a generation of men

Based on an ancient fairy tale Iron John became an allegory for midlife men in search of an authentic life I was part of the men s movement launched by this poet and the book I wrote at that time Death of a Hero Birth of the Soul became one of its bibles This same army of 38 million men is now marching into their retirement years largely unprepared for what aging really entails or what to do with the next twenty five years of unprecedented longevity gifted them by science and medicine Boomers of course believe that they will conquer this stage with exercise attitude and nutrition As their problems and defeats multiply however aging men and I am one of them now discover that they are lost once again in an unknown land longing for another great story to guide them home I have found that story [How to Attract Men](#) Jean-Marie Faye,2018-01-08 Have you ever wondered how some women seem to naturally attract men without much effort We all know how finding quality men to date has become increasingly difficult nowadays let alone someone that is good enough for a long term relationship The great news is that it is actually possible to learn how to significantly increase quality options in your dating life without feeling like you re not being yourself or doing something that is not aligned with your core values Here s some of what you can expect to learn inside the pages of this book Demystifying guy talk and behavior Never be left scratching your head again How to develop a solid foundation of core beliefs that will dramatically improve your self confidence and success How to identify the key things that you are looking for in a partner so that the search becomes much easier How to avoid the most common mistakes that 95% of women do that makes them instantly less attractive in the eyes of men Understanding what traits men find incredibly attractive outside of good looks Have you ever been confused or frustrated by male behavior This book intends to put a magnifying glass above why men especially the quality type behave and think the way they do With the right knowledge it is very easy to stand out from hordes of women that believe that attraction is out of their control The benefits of having more quality options can have many positive effects that will spill over to other areas of your life Start by becoming the best version of yourself today **What Men Want** Amelia Farris,2015-08-21 What Men WantWhat Men Secretly Want What Men Really Want In a Woman and How to Make Men Chase You Do you want men to simply be crazy about you and have eyes for no other woman Maybe you have had a string of failed relationships for whatever reason and you re feeling disheartened by your experiences with dating and relationships so far Don t worry we all feel like this from time to time and there are ways to help ensure this cycle stops today In this book we will talk about the essential qualities that all men will instantly look for in a woman We will cover the initial attraction phase right through to getting a man to fall completely in love with you But we aren t going to stop there We will go on to cover keeping a man s interest for the long haul and making sure he only has eyes for you even as more and more time passes by I will expose the truth about how much looks really matter to men We will take a look at how we can seem far more approachable to the men that we find attractive We will discuss getting men to see you as a challenge and work for your attention even if they seem out of your league This will not just help you get and keep one man but it will actually give you the choice of a selection men that will be willing to

compete for your attention This information will really put you in the driver s seat and let you determine what happens without any of the sitting around waiting and wondering if he is going to text you back Percussion John

Why Men Cheat is intended to give its readers a realistic look into dating and relationships from an observation standpoint distinct from any book of its kind Unlike doing research where an author may interview several single people or a few couples with a questionnaire to get their perspective on dating longevity and infidelity Why Men Cheat is based on unscripted access and full disclosure based on the normal day to day interaction with would be friends family and coworkers My observation has been the type of fly on the wall access that we often after the fact wish we could have had to better make an assessment of a certain situation Rather than interviewing a couple or setting up a night to go out on the town to research the behavior of the person being interviewed as most people do in their research I have had undetected interaction and surveillance of the behavior and true intentions of friends and strangers because I too was part of the dating environment I have maintained and outside looking in perspective on many relationships and marriages throughout the years I have witnessed firsthand the start of romance for many relationships but unfortunately been around to see several of those bonds deteriorate over time because of neglect or infidelity My advice although sometimes not favorable to what women really want to hear as they confide in me is unbiased and based on what men really think **Why Men Want Sex and Women Need Love** Barbara Pease,Allan
