What Shall We Say? Thomas G. Living, Loving and Loss Brad DeFord, Richard Gilbert, 2016-12-05 One of the unspoken aspects of mourning concerns the ways that loss affects our intimate relationships and our sexual expressiveness This text opens these subjects for conversation with the aim of promoting the trust care and respect that enable us to be vulnerable It purposefully covers a range of topics including 1 the meaning of intimacy and the significance of sexuality providing a basis for the use of these terms throughout the book 2 death grief and differences in sexual orientation including death and intimacy in the lesbian gay bisexual and transgender LGBT community and the losses endured by young people due to gender issues 3 loss of relationship and restoration of intimacy in families including pharmacological effects on the grief processes of widowers grieving a not so loved parent the layered losses of infertility and intimacy and the tolls of war intimacy and sexuality challenges for soldiers and their families 4 adjusting to life's losses associated with aging or illness or infirmity including Alzheimer's and dementia related illnesses physical health losses after 50 and intimacy sex and hospice self determination and dignity at the end of life and 5 religious bases that have shaped our perspectives for understanding intimacy sexuality and healing after loss and which give us hope including the spiritual reflections of a rabbi and a Christian voice in defining what is right Set in a framework that is both psychological and spiritual the well researched contributions are intended to acknowledge these experiences both professionally and personally The book concludes with an extensive bibliography valuable for research and reference This book will be of value in undergraduate and graduate courses on thanatology as well as for anyone interested in knowing more about grief both those currently bereaved and those who wish to support others in mourning The contributors appreciate both the importance of our capacities for intimacy and sexuality and our inhibitions and hesitations in giving voice to our needs and concerns perhaps especially when we are grieving The information and compassionate understanding they provide encourage us to bridge the gap between the secret and the private and to share what is close to our hearts

The Good Funeral Thomas G. Long, Thomas Lynch, 2013-01-01 Before long I began to understand that showing up being there helping in an otherwise helpless situation was made heroic by the same gravity I had sensed when I first stood in that embalming room as a boy the

presence of the dead made the presence of the living more meaningful somehow as if it involved a basic and intuitively human duty to witness from Chapter 1 How We Come to Be the Ones We Are Two of the most authoritative voices on the funeral industry come together here in one volume to discuss the current state of the funeral Through their different lenses one as a preacher and one as a funeral director Thomas G Long and Thomas Lynch alternately discuss several challenges facing the good funeral including the commercial aspects that have led many to be suspicious of funeral directors the sometimes tense relationship between pastors and funeral directors the tendency of modern funerals to exclude the body from the service and the rapid growth in cremation The book features forewords from Patrick Lynch President of the National Funeral Directors Association and Barbara Brown Taylor highly praised author and preacher It is an essential resource for funeral directors morticians and pastors and anyone else with an interest in current funeral practices

Walking in Wonder George R. Sinclair, 2014-11-13 In ministry as in life we get knocked down Sometimes due to our folly or despair or fatigue or external opposition we stumble and fall How do we get back up again and again and again Resiliency the ability to bounce back is a gift of God Leaders are able to get up and follow the crucified and risen Lord when they are drawn when they are enchanted by the awesome mystery of the triune God Discipleship has never been easy The way staying on the narrow path that leads to abundant life is hard Today no less than the first disciples followers of Christ face an array of challenges not the least of which is disenchantment We had hoped he was the one to redeem Israel Luke 24:21 Seen through

an Enlightenment lens disenchantment may be more acute and prevalent in our times but it is not new We walk our own Emmaus Road And when we keep walking when we follow the one who joins us on the Road eyes are opened hearts burn the one standing before us is recognized and we are sustained for the journey This collection of theological essays on ministry is an invitation to run and not be weary to walk and not faint Isa 40 31 by walking in wonder with the wholly other God who is near

An Ecumenical Field Guide For Fresh Expressions Michael Adam Beck, 2024-08-20 Learn the essentials of fresh expressions for your church An Ecumenical Field Guide for Fresh Expressions is a practical manual for understanding and implementing Fresh Expressions for a church in any denominational setting The Fresh Expressions movement is a new way of thinking about the local church and a new way of doing church as a congregation It refers to new fresh iterations or types expressions of ministry usually outside the confines of the church building These iterations or types of ministries are formed intentionally but organically out in the community where people are They are based on shared activities or interests where people are gathering already and where the people are open to or interested in learning about Jesus Christian people share their own stories of how Jesus is part of

their lives Often these gatherings become regular and increasingly begin to adopt the practices of a church community like worship service study and giving Thus they become fresh expressions of the church from which they sprang

A Field Guide to Methodist Fresh Expressions Michael Adam Beck,2020-03-23 According to Fresh Expressions U S a Fresh Expression is a form of church for our changing culture established primarily for the benefit of those who are not yet part of any church Fresh Expressions are introducing people to Jesus expanding the kingdom and revitalizing churches Congregations need a practical and theological resource that can help them cultivate Fresh Expressions As consultants who work nationwide and as innovative pastors authors Michael Beck and Jorge Acevedo awaken congregational leaders and ministry teams to a distinctive Wesleyan approach for the Fresh Expressions movement In Wesleyan Fresh Expressions they show congregations how to cultivate and customize fresh expressions that fit their local context They motivate ministry teams to take risks experiment and when necessary fail well On April 2 1739 John Wesley went to a field just outside what was then the city limits of Bristol England There he tried a missional innovation called field preaching Thousands of people showed up many of whom who had no connection with a church Today most Methodists and other Wesleyans don t know their own story Lost in the milieu of divisive issues that threaten to tear the church apart Wesleyans have forgotten their DNA as a renewal movement born not from doctrinal disputes but from a missional imperative In this sense the Fresh Expressions movement is the most Methodist thing in the denomination today This iteration of the Spirit is taking it to the fields again Wesleyan Fresh Expressions will help guide the way

Joy Even on Your Worst Days Tom Are,2021-09-21 The world the apostle Paul inhabited was dramatically different from our time He knew nothing of capitalism or physics or Zoom and more significantly Paul was a regular in Caesar s prison For us Caesar is a salad But a constant in the human story is that every life faces suffering Paul s life was no different And yet on Paul s worst days he still exhibited a spirit of joy In this spirit of joy Paul offers us some inspiration Joy is not a common reality in modern life We are more acquainted with anxiety and fear and on good days we can settle for happiness but joy is less common The worst days come to all of us At some point the dreams die the body fails the spirit is crushed Those days leave their mark on us But an imprisoned apostle passed down 104 verses to an ancient congregation in Philippi and they have passed it down to us It is their testimony that when the worst days come and they will they do not have to be the end of joy Indeed they might be the beginning

Preaching on Social Suffering Jeremy Kangsan Kim,2023-03-01 In this book Jeremy Kim criticizes current Korean and

Asian American homiletical strategies for their lack of a theological point of view on social suffering He argues that preachers must develop an alternative theological homiletical viewpoint on social suffering one that has pastoral and prophetic approaches These two approaches offer people a refuge and a voice not only in the church community but also in the larger social community Thus the author suggests that preachers adopt the biblical lament highlighting its dual tasks of compassion the pastoral dimension and resistance the prophetic dimension The author who is a non Western Asian American preacher also incorporates East Asian philosophical and hermeneutical research on ren a positive element of Confucianism into his argument He applies this core concept of Confucianism to the preacher s homiletical strategy toward social suffering Thus the author proposes that Korean preachers should recover ren which contains sincere compassion for others as well as a voice of resistance that reveals unjust social structures as the cause of social suffering and expresses both within Uri we the community

Stumbling over the Cross Joni S. Sancken, 2016-04-21 It has never been easy to preach about the cross and resurrection of Jesus but difficulties today are particularly challenging Hearers ask tough questions of the church and the Christian faith and they are not satisfied by formulaic answers People are often suspicious of doctrine and are attracted to a broad but vague or pluralistic spirituality rather than the classical claims of Christianity In this climate preachers often see preaching on the central events of the Christian story the crucifixion and resurrection as more of a problem than a possibility more of a burden than a joy They wonder not only how to preach the old old story of cross and resurrection but whether they should preach these themes at all This book addresses these concerns and shows preachers how to preach the cross and resurrection in fresh culturally relevant ways that deepen Christian discipleship Each chapter shows the relevance of preaching the cross for addressing a particular congregational concern What has ironically become a stumbling block in the pulpit the stone that preachers often reject preaching on the cross and resurrection of Jesus can serve as the cornerstone for building up the congregation for discipleship in our world

Beautiful and Terrible Things Christian M. M. Brady, 2020-09-01 Bible scholar Christian Brady an expert on Old Testament lament was as prepared as a person could be for the death of a child which is to say not nearly well enough When his eight year old son died suddenly from a fast moving blood infection Brady heard the typical platitudes about accepting God s will and knew that quiet acceptance was not the only godly way to grieve With deep faith knowledge of Scripture and the wisdom that comes only from experience Brady guides readers grieving losses and setbacks of all kinds in voicing their lament to God reflecting on the nature of human existence and persevering in hope Brady finds that rather than an image of God managing every event and action in our lives the biblical account describes the very real world in which we all live a world full of hardship and calamity that often comes unbidden and unmerited Yet it also is a world into which God lovingly intrudes to bring comfort peace and grace
