From the Ballfield to the Boardroom Brian Goff,2005-04-30 No one can deny that sports and business are two of the most potent forces in our culture today Sport play and the terms and phrases that define them are engrained in our collective psyche influencing the ways in which we conduct business as a game with rules of engagement tournaments of competition the shame that accompanies defeat and the bragging rights that accrue to the victor The parallels are ubiquitous as the NFL's Bill Parcells stated in a Harvard Business Review article my guess is that the challenges I've faced are not all that different from the ones that executives deal with every day People are people and the keys to motivating them and getting them to perform to their full potential are pretty much the same whether they're playing on a football field or working in an office From the Ballfield to the Boardroom draws from Brian Goff's expertise as a managerial economist to shed new light on the sports business connection Using dozens of examples from across the spectrum of professional and college sports he analyzes the ways in which key decisions are made on the playing fields and locker rooms and applies these lessons to the corporate context From the distinctive leadership styles of legendary coaches Tom Landry Vince Lombardi John Wooden and Bobby Knight among others to such culturally significant developments as the racial integration of Major League Baseball and the meteoric rise of NASCAR Goff draws from the world of sports to provide a solid foundation in the managerial arts including assessing risk and uncertainty conducting market and competitive analysis wooing customers fostering an innovative culture managing information and communication flows and resolving labor disputes The result is an incisive look at the sport of business with practical insights for successful management at all levels of your organization

Rettig,2022-07-18 Educational leaders work within a system that does not best leverage attributes of their professional employees This book focuses on three areas leadership motivation and organization as they related to educational leadership Each of these areas has a particular chapter devoted to it Each chapter begins with a review of the extant literature covering the theme 40 elite professional and Olympic athletes and coaches were interviewed for this book to learn their perspectives on what makes the best leaders in athletics in the areas of leadership motivation and organization These interviews are subsequently interwoven into each of the three chapters outlined above The book concludes with a

chapter that pulls all these aspects together and utilizes a newly created Leadership Congruency Model **Emotional Intelligence for Success & High Performance** Granville Ed D'Souza DBA,2019-08-20 Emotional Intelligence for High Performance is specifically for those who are seeking that extra edge in their career This book reveals 9 fundamental competencies that can be learned and developed in weeks You just have to stay focused and do the work With the rapid takeover of technology in every industry people must increasingly stand out from the hungry pack And the energy to keep up with this wave of change requires a different mindset and attitude In this book you will Learn how purpose lays the foundation for passion and energy Practice Intra personal skills such as consciousness managing emotions and optimism which are the skills that top performers possess and use constantly Discover how self efficacy and the related behaviors push performers to the front of the pack Harness your knowledge and practice of interpersonal skills such as trust connection influence and empathy These building blocks forge everlasting relationships Each competency is explained through anecdotes and stories of top performers and less notable high flyers who are making their mark on the world And you can do the same by understanding these fundamental principles which the most successful people in the world have consciously or unconsciously mastered over time Clemente David Maraniss,2013-03-26 Discover the remarkable life of Roberto Clemente one of the most accomplished and beloved baseball heroes of his generation from Pulitzer Prize winner David Maraniss On New Year s Eve 1972 following eighteen magnificent seasons in the major leagues Roberto Clemente died a hero s death killed in a plane crash as he attempted to deliver food and medical supplies to Nicaragua after a devastating earthquake David Maraniss now brings the great baseball player brilliantly back to life in Clemente The Passion and Grace of Baseball s Last Hero a book destined to become a modern classic Much like his acclaimed biography of Vince Lombardi When Pride Still Mattered Maraniss uses his narrative sweep and meticulous detail to capture the myth and a real man Anyone who saw Clemente as he played with a beautiful fury will never forget him He was a work of art in a game too often defined by statistics During his career with the Pittsburgh Pirates he won four batting titles and led his team to championships in 1960 and 1971 getting a hit in all fourteen World Series games in which he played His career ended with three thousand hits the magical three thousandth coming in his final at bat and he and the immortal Lou Gehrig are the only players to have the five year waiting period waived so they could be enshrined in the Hall of Fame immediately after their deaths There is delightful baseball here including thrilling accounts of the two World Series victories of Clemente s underdog Pittsburgh Pirates but this is far more than just another baseball book Roberto Clemente was that rare athlete who rose above sports to become a symbol of larger themes Born near the canebrakes of rural Carolina Puerto Rico on August 18 1934 at a time when there were no blacks or Puerto Ricans playing organized ball in the United States Clemente went on to become the greatest Latino player in the major leagues He was in a sense the Jackie Robinson of the Spanish speaking world a ballplayer of determination grace and dignity who paved the way and set the highest standard for waves of Latino players

who followed in later generations and who now dominate the game The Clemente that Maraniss evokes was an idiosyncratic character who unlike so many modern athletes insisted that his responsibilities extended beyond the playing field In his final years his motto was that if you have a chance to help others and fail to do so you are wasting your time on this earth Here in the final chapters after capturing Clemente's life and times Maraniss retraces his final days from the earthquake to the accident using newly uncovered documents to reveal the corruption and negligence that led the unwitting hero on a mission of mercy toward his untimely death as an uninspected overloaded plane plunged into the sea

Some reputable sociological research indicates that a surprising number of evangelical churchgoers are living out a version of the Christian life that's more informed by the values of the surrounding culture than by the discipleship teachings of Jesus and his apostles Viewing the cause of this disturbing trend in the church to be a discipleship deficit that's exacerbated by a pneumatological deficit Gary Tyra has written a book that addresses both In this work Tyra encourages evangelical Christians of all stripes to become more fully aware of the tremendous difference it makes when the Holy Spirit is experienced in ways that are real and existentially impactful rather than merely theoretical conceptual and or ritualistic Intended to be read by church leaders as well as by students in Christian colleges and seminaries the message here is that the cure for the ministry malady currently confronting us is the recovery of a robust fully Trinitarian doctrine of the Spirit A pneumatological realism says Tyra combined with an understanding of just how important a spiritual moral and missional faithfulness is to a genuine Christian discipleship can revitalize the lives of individual Christians and churches making it possible for them to reach their post Christian peers for Christ **Full Range Leadership Development** John J.
