When Charity Destroys Dignity Glenn J. From Dependence to Dignity Brian Fikkert, Russell Mask, 2015-05-12 The church of Jesus Christ finds itself at a very unique moment in history The average Christian living in the economically advanced countries enjoys a level of prosperity that has been unimaginable for most of human history At the same time over 2.5 billion people in the Majority World Africa Asia and Latin America live on less than 2 per day with many of these people being Christians Ironically it is amongst the least of these in the Global South that the global church is experiencing the most rapid growth All of this raises profound challenges to the global church How can churches and missionaries in the Majority World effectively address the devastating poverty both inside their congregations and just outside their doors How can churches in the economically advanced countries effectively partner with Global South churches in this process The very integrity of the global church's testimony is at stake for where God's people reside there should be no poverty Deuteronomy 15:4 Acts 4:34 For the past several decades microfinance MF and microenterprise development MED have been the leading approaches to poverty alleviation MF MED is a set of interventions that allow households to better manage their finances and start small businesses From remote churches in rural Africa to the short term missions programs of mega churches in the United States churches and missionaries have taken the plunge into MF MED trying to emulate the apparent success of large scale relief and development organizations Unfortunately most churches and missionaries find this to be far more difficult than they had imagined Repayment rates on loans are low and churches typically end up with struggling programs that require ongoing financial subsidies Everybody gets hurt in the process donors relief and development agencies churches and missionaries and most importantly the poor people themselves This book explains the basic principles for successfully utilizing microfinance in ministry Drawing on best practice research and their own pioneering work with the Chalmers Center Brian Fikkert and Russell Mask chart a path for churches and missionaries to pursue a path that minimizes the risks of harm relies on local resources and enables missionaries and churches to minister in powerful ways to the spiritual and economic needs of some of

the poorest people on the planet The insights of microfinance can play a tremendous role in helping to stabilize poor households removing them from the brink of disaster and enabling them to make the changes that are conducive to long term progress Moreover when combined with evangelism and discipleship a church centered microfinance program can be a powerful tool for holistic ministry one that is empowering for the poor and devoid of the dependencies plaguing most relationships between churches in economically advanced countries and churches in poor nations When Charity Destroys

Christian Barriers to Jesus (Revised Edition) J. Paul Pennington,2022-02-15 A Call to Follow Jesus When He Challenges Our Traditions There are many challenges to adequately representing Jesus to the majority world and often Western Christian traditions create unnecessary hindrances to people accepting His truth This book grew out of many interviews with Indian Jesus followers both Christians and Yesu bhaktas who identified painful stumbling blocks to receiving and sharing the gospel While Hindus often have a high view of Jesus they struggle with the conventions practices and labels around church Christian Barriers to Jesus uniquely challenges readers to examine nine barrier producing Christian traditions exploring The assumptions Christians may hold about the value origin or necessity of their customs The concerns Hindus commonly raise about traditions that confuse offend or alienate them Teachings from Jesus in Scripture that often question the same ideas or practices Pennington suggests that by not asking deep enough questions about what is essential for following Jesus and what is a non essential human invention the church is unnecessarily alienating millions of people from Him As a body it is time to honestly address these concerns developing new patterns of discipleship that reveal Jesus s heart for breaking down barriers instead of creating them The analysis presented in this book will empower readers to critically examine their personally cherished traditions and the purity of the gospel they present with insights that are relevant in all contexts **Ex Auditu -**

Christians in an Age of Wealth Craig L. Blomberg, 2013-11-26 What does the Bible say about money material possessions and stewardship In Christians in an Age of Wealth Craig Blomberg addresses tough questions about the place and purpose of wealth and material possessions in a Christian s life He points to the goodness of wealth as God originally designed it but also surveys the Bible s many warnings against making an idol out of money Taking a close exegetical look at this topic as it s discussed in Scripture Blomberg answers the toughest questions about Christianity and wealth Is there any one key to keeping possessions in their proper God intended perspective Are there limits on how rich we should become or on how poor we should allow others to get What does a truly Christian economic system look like How does the Bible s teaching on wealth fit into the gospel Blomberg expounds upon how the sharing of goods and possessions is the key safeguard against both greed and covetousness He expands on the concept of giving generously even sacrificially to those who are needier demonstrating how Christians can participate in God s original good design for abundance and demonstrate the world altering gospel of Christ _____ Part of the Biblical Theology for Life series this practical and

challenging book will help you and your church ground your worldly possessions on the solid foundation of biblical understanding and reflection Guiding Light Kevin George Hovey, 2019-04-18 Rev Dr Alan Tippett was arguably one of the leading missiologists of the twentieth century Through his prolific pen poignant observations and powerful insights he significantly influenced mission research and activity in the period of the 1960s to 1980s This was particularly facilitated through his research writing and teaching at the Institute of Church Growth Fuller Theological Seminary School of World Mission and his inaugural editorship of the American Society of Missiology's journal *Missiology: An International Review* Yet for those who did not know Tippett's material well the very specific nature of his research and writing limited the influence of his insights For example without already knowing the pertinent content why would a missionary to Thailand think of reading Tippett's *Solomon Islands Christianity* However according to Doug Priest editor of a number of Tippett's posthumous publications this volume has done what even Tippett himself did not do and that is to capture the key features of his missiology in one volume So *Guiding Light* functions as an in depth overview of The Essential Alan Tippett I can attest that the nature of Tippett's material continued to inform and inspire me throughout the eleven years of the research and writing of this study *The Diaspora Returns Home* Bryan M. Woods, 2024-03-15 In recent years the Vietnamese diaspora including some of whom are Protestant Christian Vi t Ki u have returned to their natal homeland of Vietnam in large numbers This book investigates the phenomenon of the Protestant Christian Vi t Ki u who have returned and reestablished belonging in Vietnam with a missional purpose and the perspective of non migrant local Protestant Christian leaders as a case study of diaspora missiology It is based upon doctoral research utilizing in depth interviews which sought to answer the following questions 1 What are the motivating factors of Protestant Christian Vi t Ki u returning to Vietnam for mission related purposes 2 What has been the experience in ministry of the returning Protestant Christian Vi t Ki u regarding mission related reasons for returning 3 How have the non migrants experienced the phenomenon of return This book explores the answers to these questions as a case study of diaspora missiology Findings suggest that the Protestant Christian Vi t Ki u are welcomed back in Vietnam and contributing in many dynamic ways in the homeland At the same time the return journey is a road layered with complexities contradictions opportunities and unique challenges Findings from this diaspora community engaged in missions by and beyond the diaspora give insight into the paradigm of diaspora missiology and temper the enthusiasm for widely promoted theory Important questions arise regarding how far diaspora as a framework can carry us
