Time Never Was Where the Human Race Were Not Heyward C. Sanders,2017-10-03 Time Never Was Where the Human Race Were Not By Heyward C Sanders This book will help you focus

more on life and the things that matter This will help you see what society you are functioning in fiction or nonfiction Each community has both but some are higher than the other That s because some have a higher profit rate than other communities because they re being more brainwashed by the entertainment world You will read things about history religion criminal law business law lifestyles politics and how all of it works together in trying to take control of our minds See our minds are easily exploited based on who is exploiting us Some might say they have control over their minds but how could that be when you live in a society that controls your every move One might say they have an understanding of what is being done around them and they try to move with the flow that would be more beneficial for them But that is still called control which is a good thing because if everybody saw the things in front of them it could be easier to change in a positive way Heyward C Sanders believes this book will help you have a better understanding of what we need to stay focus Thanks Peace and Blessing
