Suzanne M. Ward,Robert S. Freeman,Judith M. Nixon,2015-11-15 Academic E Books Publishers Librarians and Users
provides readers with a view of the changing and emerging roles of electronic books in higher education The three main
sections contain contributions by experts in the publisher vendor arena as well as by librarians who report on both the
challenges of offering and managing e books and on the issues surrounding patron use of e books The case study section
offers perspectives from seven different sizes and types of libraries whose librarians describe innovative and thought
provoking projects involving e books Read about perspectives on e books from organizations as diverse as a commercial
publisher and an association press Learn about the viewpoint of a jobber Find out about the e book challenges facing
librarians such as the quest to control costs in the patron driven acquisitions PDA model how to solve the dilemma of
resource sharing with e books and how to manage PDA in the consortial environment See what patron use of e books reveals
about reading habits and disciplinary differences Finally in the case study section discover how to promote scholarly e books
how to manage an e reader checkout program and how one library replaced most of its print collection with e books These
and other examples illustrate how innovative librarians use e books to enhance users experiences with scholarly works

Libraries Supporting Online Learning Christina D. Mune,2020-10-07 Using practical examples from librarians in the field
this book lays out current issues in online learning and teaches librarians how to adapt a variety of library services including
instruction reference and collection development to online education Recent studies highlighting the challenges faced by
online learners show that skills librarians are uniquely qualified to teach such as information and digital literacy and source
evaluation can improve academic performance in online courses and enhance the online learning experience Just as
