Whet Dark Comely John Stark:

Queen of the Martian Catacombs Leigh Brackett, 2011-12-10 Erik John Stark is sent on a perilous mission into the Valkis and encounters the Queen of the Martian Catacombs Excerpt The leader of the four men rode slowly toward the tor his right arm raised His voice carried clearly on the wind Eric John Stark he called and the dark man tensed in the shadows The rider stopped He spoke again but this time in a different tongue It was no dialect of Earth Mars or Venus but a strange speech as harsh and vital as the blazing Mercurian valleys that bred it Oh N Chaka oh Man without a tribe I call you There was a long silence The rider and his mount were motionless under the low moons waiting Eric John Stark stepped slowly out from the pool of blackness under the tor Who calls me N Chaka The rider relaxed somewhat He answered in English You know perfectly well who I am Eric May we meet in peace Stark shrugged Of course He walked on to meet the rider who had dismounted leaving his beast behind He was a slight wiry man this EPC officer with the rawhide look of the frontiers still on him His hair was grizzled and his sun blackened skin was deeply lined but there was nothing in the least aged about his hard good humored face nor his remarkably keen dark eyes It s been a long time Eric he said Stark nodded Sixteen years The two men studied each other for a moment and then Stark said I thought you were still on Mercury Ashton They ve called all us experienced hands in to Mars He held out cigarettes Smoke Stark took one They bent over Ashton s lighter and then stood there smoking while the wind blew red dust over their feet and the three men of the patrol waited quietly beside the Banning Ashton was taking no chances The electro beam could stun without injury Presently Ashton said I m going to be crude Eric I m going to remind you of some things Save it Stark retorted You ve got me There s no need to talk about it Yes said Ashton I ve got you and a damned hard time I ve had doing it That s why I m going to talk about it His dark eyes met Stark s cold stare and held it
