Higher Education Pathways Ashwin, Paul, Case, Jennifer M., 2018-12-14 In what ways does access to undergraduate education have a transformative impact on people and societies What conditions are required for this impact to occur What are the pathways from an undergraduate education to the public good including inclusive economic development These questions have particular resonance in the South African higher education context which is attempting to tackle the challenges of widening access and improving completion rates in a system in which the segregations of the apartheid years are still apparent Higher education is recognised in core legislation as having a distinctive and crucial role in building post apartheid society Undergraduate education is seen as central to addressing skills

shortages in South Africa It is also seen to yield significant social returns including a consistent positive impact on societal institutions and the development of a range of capabilities that have public as well as private benefits This book offers comprehensive contemporary evidence that allows for a fresh engagement with these pressing issues *Transforming Ethnomusicology Volume II* Beverley Diamond, Salwa El-Shawan Castelo-Branco, 2021-03-09 This two volume collection transforms our understanding of the discipline of ethnomusicology by exploring how ethnomusicologists can contribute to positive social and environmental change within institutional frameworks The second volume focuses on the intersection of ecological and social issues and features a variety of Indigenous perspectives *Inclusive Businesses in Agriculture* Wytske Chamberlain, Ward Anseeuw, 2017-03-30 Inclusive business is hailed as a win win scenario for the development of poor communities yet there is little insight into how these inclusive businesses work and more importantly for whom This book aims for a thorough understanding of the range of inclusive businesses in agriculture by examining the structures they implement the actors involved and whether they are effectively inclusive of smallholders It presents a range of case studies and is therefore empirically based and practically oriented By offering a critical assessment of inclusive businesses overall it allows for a better perception of what works where and under which conditions It provides useful insights that will benefit smallholders agri businesses support groups policy makers and investors who are willing to promote more inclusive businesses that foster a better integration of smallholders into commercial value chains and a more equitable and sustainable agricultural sector *Transforming Ethnomusicology Volume I* Beverley Diamond, Salwa El-Shawan Castelo-Branco, 2021 For decades ethnomusicologists across the world have considered how to affect positive change for the communities they work with Through illuminating case studies and reflections by a diverse array of scholars and practitioners *Transforming Ethnomusicology* aims to both expand dialogues about social engagement within ethnomusicology and at the same time transform how we understand ethnomusicology as a discipline The first volume of *Transforming Ethnomusicology* focuses on ethical practice and collaboration examining the power relations inherent in ethnography and offering new strategies for transforming institutions and ethnographic methods These reflections on the broader framework of ethnomusicological practice are complemented by case studies that document activist approaches to the study of music in challenging contexts of poverty discrimination and other unjust systems *Handbook of Research on Museum Management in the Digital Era* Bifulco, Francesco, Tregua, Marco, 2022-03-25 While digital tools are not new to museum management more activities are being performed through their use in order to attract visitors enrich the cultural experience vary the experience context and innovate the cultural industry However these tools need to be tested in order to understand the effects they have on both museum offerings and visitors Further perspectives and insights are needed on the implementation of these digital instruments in museums The *Handbook of Research on Museum Management in the Digital Era* combines theoretical efforts and empirical research to contribute to the debate on museum management in a digital context It further observes tracks

and assesses the ongoing changes brought on by digital solutions Covering topics such as organizational change catalysts sustainability of cultural heritage and phygital experience this book is an excellent resource for museum managers museum curators computer specialists students and educators of higher education researchers and academicians

The Oxford Handbook of Musical Repatriation Frank D. Gunderson, Robert C. Lancefield, Bret D. Woods, 2019 The Oxford Handbook of Musical Repatriation is a significant edited volume that critically explores issues surrounding musical repatriation chiefly of recordings from audiovisual archives The Handbook provides a dynamic and richly layered collection of stories and critical questions for anyone engaged or interested in repatriation or archival work Repatriation often is overtly guided by an ethical mandate to return something to where it belongs by such means as working to provide reconnection and Indigenous control and access to cultural materials Essential as these mandates can be this remarkable volume reveals dimensions to repatriation beyond those which can be understood as simple acts of giving back or returning an archive to its homeland Musical repatriation can entail subjective negotiations involving living subjects intangible elements of cultural heritage and complex histories situated in intersecting webs of power relations and manifold other contexts The forty eight expert authors of this book s thirty eight chapters engage with multifaceted aspects of musical repatriation situating it as a concept encompassing widely ranging modes of cultural work that can be both profoundly interdisciplinary and embedded at the core of ethnographic and historical scholarship These authors explore a rich variety of these processes many streams making the volume a compelling space for critical analysis of musical repatriation and its wider significance The Handbook presents these chapters in a way that offers numerous emergent perspectives depending on one s chosen trajectory through the volume From retracing the paths of archived collections to exploring memory performance research goals institutional power curation preservation pedagogy and method media and transmission digital rights and access policy and privilege intellectual property ideology and the evolving institutional norms that have marked the preservation and ownership of musical archives The Oxford Handbook of Musical Repatriation addresses these key topics and more in a deep richly detailed and diverse exploration
