What is ALEKS Math Placement?

Math placement will be processed according to 1) scores, 2) scores, 3) credit transfer credits, and 4) equivalent course completion. If a student does not have any offerings in credit for the mathematics course they wish to enroll in, their scores on either Placement Preparation or placement test will be used to determine placement. The Placement Preparation is up to 25 questions and generally takes 30-45 minutes to complete. After the Placement Assessment, an individualized three-week learning module is created for students to enhance their knowledge on topics they need.
