Truth Commissions and Criminal Courts Alison Bisset, 2012-04-16 A multi level analysis of truth commissions and courts in the ICC era *Impact, Legitimacy, and Limitations of Truth Commissions* Angela D.

Nichols,2019-02-06 This book develops a theoretical understanding of how truth commissions achieve legitimacy and contribute to peace and stability Angela D Nichols argues that truth commissions are most likely to impact society when they possess certain institutional characteristics characteristics that send important political signals to the state and broader society alike If these signals suggest greater degrees of authority a break with the past and transparency in both its investigations and its findings the truth commission is more likely to impact society In particular Nichols examines whether or not states that adopt truth commissions with these characteristics are more likely to respect human rights and experience lower levels of violence She concludes with an analysis of Colombia s newly established Truth Coexistence and Non Recurrence Commission *Assessing the Long-Term Impact of Truth Commissions* Anita Ferrara,2014-09-19 In 1990 after the end of the Pinochet regime the newly elected democratic government of Chile established a Truth and Reconciliation Commission TRC to investigate and report on some of the worst human rights violations committed under the seventeen year military dictatorship The Chilean TRC was one of the first truth commissions established in the world This book examines whether and how the work of the Chilean TRC contributed to the transition to democracy in Chile and to subsequent developments in accountability and transformation in that country The book takes a long term view on the Chilean TRC asking to what extent and how the truth commission contributed to the development of the transitional justice measures that ensued and how the relationship with those subsequent developments was established over time It argues that contrary to the views and expectations of those who considered that the Chilean TRC was of limited success that the Chilean TRC has in fact over the longer term played a key role as an enabler of justice and a means by which ethical and institutional transformation has occurred within Chile With the benefit of this historical perspective the book concludes that the impact of truth commissions in general needs to be carefully reviewed in light of the Chilean experience This book will be of great interest and use to students and scholars of conflict resolution criminal international law and comparative legal systems in Latin America **Handbook of Global Media Ethics** Stephen J.A. Ward,2021-09-02 This handbook is one of the first comprehensive research and teaching tools for the developing area of global media ethics The advent of new media that is global in reach and impact has created the need for a journalism ethics that is global in principles and aims For many scholars teachers and journalists the existing journalism ethics e g existing codes of ethics is too parochial and national It fails to provide adequate normative guidance for a media that is digital global and practiced by professional and citizen A global media ethics is being constructed to define what responsible public journalism means for a new global media era Currently scholars write texts and codes for global media teach global media ethics analyse how global issues should be covered and gather together at conferences round tables and meetings However the field lacks an authoritative handbook that presents the views of leading thinkers on the most important issues for global media ethics This handbook is a milestone in the field and a major contribution to media ethics **The Oxford Handbook of Criminology** Alison Liebling,Shadd

Money as God? Jürgen von Hagen, Michael Welker, 2014-05-01 The nature of money and its impact on society has long interested scholars of economics history philosophy law and theology alike and the recent financial crisis has moved these issues to the forefront of current public debate In this study authors from a range of backgrounds provide a unified examination of the nature and the purpose of money Chapters cover the economic and social foundations of money the historical origins of money in ancient Greece China the ancient Middle East and medieval Europe problems of justice connected to the use of money in legal systems and legal settlements with examples both from ancient history and today and theological aspects of monetary and market exchange This stimulating interdisciplinary book with its nontechnical and lively discussion will appeal to a global readership working in the interfaces of economics law and religion

A Research Agenda for Human Rights Michael Stohl, Alison Brysk, 2020-12-25 This Research Agenda maps thought provoking research trends for the next generation of interdisciplinary human rights scholars in this particularly troubled time It charts the historic trajectory of scholarship on the international rights regime looking ahead to emerging areas of inquiry and suggesting alternative methods and perspectives for studying the pursuit of human dignity

Restorative Responses to Sexual Violence Estelle Zinsstag, Marie Keenan, 2017-02-17 Sexual violence in all its forms is a crime for which anecdotal accounts and scholarly reports suggest victims in their great majority do not receive adequate justice or redress The theory and practice of restorative justice is rapidly developing and offers some well argued new avenues for dealings with crime in general It has the potential to be extended to cases of sexual violence and a number of small scale programmes are already underway across the world Restorative Responses to Sexual Violence examines this innovative justice paradigm in more

depth in the particular context of sexual trauma and violence in order to establish the empirical realities of restorative justice approaches in cases of sexual violence and considers how such approaches could be developed adequately in the future This book is divided into two parts each representing a key area of research and practice theoretical and conceptual frameworks and justice and therapeutic perspectives This international collection brings together leading expert scholars and practitioners to offer both theoretical and practical perspectives on restorative justice and sexual violence This book will be of interest to researchers in the field of law criminology psychology social science social work and psychotherapy as well as practitioners in the fields of criminal justice restorative justice and sex offender and victim trauma therapies

Documentation from Truth and Reconciliation Commissions Proscovia Svärd, Bonny Ibhawoh, 2024-08-12

Documentation from Truth and Reconciliation Commissions highlights the need for post conflict societies to have access to and to use Truth Reconciliation Commissions TRCs documentation to achieve reconciliation and to work towards a democratic society Including international contributions from a range of disciplines the volume discusses the challenges that surround TRCs documentation Considering the impact of the politicization of documentation chapters also highlight the lack of political will to democratize information the lack of dissemination and the preservation infrastructures that hinder access and its effective use and re use Arguing that TRCs documentation should be used to inform policy improve governance and to promote justice healing and reconciliation the volume considers the ethical challenges involved in disseminating such information Contributing authors argue that information professionals should play a major role in the planning for the TRCs information management infrastructures if they are to facilitate access effectively manage the generated documentation deal with preservation of the compound records and promote the dissemination of the TRC findings Documentation from Truth and Reconciliation Commissions demonstrates that TRCs documentation provides validation of human rights violations and that it helps to promote an understanding of the causes of conflict As such it will be essential reading for academics and students working in Archival Studies Information Science History Transitional Justice and Peace and Conflict Studies

Economic, Social, and Cultural Rights Eibe H. Riedel, Gilles Giacca, Christophe Golay, 2014-03 Economic social and cultural rights are protected by an international covenant recently amended by the optional protocol which allows individuals to bring rights violations before a UN committee This book addresses how successfully these rights are implemented and safeguarded worldwide assessing the key challenges to their protection

The Oxford Handbook of International Law in Armed Conflict Andrew Clapham, Paola Gaeta, Tom Haeck, 2014-03 Written by a team of distinguished and internationally renowned experts this Oxford Handbook gives an analytical overview of international law as it applies in armed conflicts The Handbook draws on international humanitarian law human rights law and the law of neutrality to provide a comprehensive picture of the status of law in war

Global Challenges and Local Reactions: Czech Republic and South Africa Hana Horáková, Stephanie Rudwick, 2014 This book presents an interdisciplinary perspective on the large scale processes of socio

economic and political change of two young democracies post apartheid South Africa and the post socialist Czech Republic As the political transition in both countries coincides with the intensified effects of globalization especially with the advent of neoliberal economic ideologies and policies the two countries exhibit a number of common features and parallels in their respective transitions and post developments The book s chapters describe the particular place s South Africa and the Czech Republic occupy in the dual processes of internationalization and globalization Series International Politics Internationale Politik Vol 19 Subject Politics Economics European Studies African Studies **The Sage Handbook of Peace and Conflict Studies** Maia Carter Hallward, Ji Eun Kim, Cécile Mouly, Timothy Seidel, Zubairu Wai, 2025-06-07 The Sage Handbook of Peace and Conflict Studies offers a comprehensive exploration of the complexities of violence conflict and peace from a global interdisciplinary perspective The handbook addresses the traditional Western centric approach while emphasizing the need to integrate Global South perspectives to create a more inclusive and transformative understanding of peace and conflict While important voices in peace and conflict studies have long stressed the need to not only address direct violence but also structural and cultural one certain strands of the field have upheld conservative knowledge production and reinforced unequal power structures This volume seeks to challenge these biases by foregrounding critical and decolonial approaches that emphasize gender race culture global history and political economy Its diverse chapters invite us to question mainstream assumptions and promote a broader more inclusive analysis of peace and conflict The handbook explores the evolution of the field highlighting the impact of historical events and the role of oppositional knowledge in political change It offers a critical overview of theoretical approaches emphasizing reflexivity inclusivity and the importance of local actors in peace and conflict dynamics Additionally it examines how cultural and disciplinary assumptions shape peacebuilding and conflict transformation and it critiques traditional global narratives on issues like governance climate change and human rights Finally the handbook presents real world case studies that integrate themes of decoloniality race gender and power inequalities across diverse global contexts By centering the Global South and integrating interdisciplinary perspectives this handbook provides valuable insights for scholars and practitioners committed to fostering a more equitable and just world

Section 1 History Knowledge and Power in Peace and Conflict Studies Section 2 Theory and Analysis in Peace and Conflict Studies Section 3 Practices and Approaches in Peace and Conflict Studies Section 4 Global Issues Institutions and Change in Peace and Conflict Studies Section 5 Case Studies in Peace and Conflict Studies *Peace Maintenance in Africa* Giovanni Cellamare, Ivan Ingravallo, 2018-01-25 This book discusses the many legal aspects arising in relation to the maintenance of peace in Africa Over the past twenty years the majority of peace operations have been deployed on this continent most of them established by the UN Security Council sometimes in cooperation with the African Union and other African regional organizations with contributions from the European Union and NATO In some cases the African Union has invoked its primary responsibility for promoting peace security and stability in Africa thus questioning the legal partnership between UN

and regional organizations provided for in Chapter VIII of the UN Charter The peace operations deployed in Africa have sometimes received a very robust mandate which also includes the use of force and the protection of civilians human rights The implementation of this broad mandate which goes well beyond the traditional peacekeeping approach requires considerable human and economic resources Moreover it raises several issues of concern with regard to the impact on the economic and political systems of the states in which the operations are deployed and more generally on the exercise of sovereignty over their territorial communities by these states Offering an update for lawyers in practice and in academia interested in the field of international law the book also contributes to the theoretical studies concerning the activities of international organizations focusing on one of the most challenging issues to emerge in recent times *Building Sustainable Peace* Arnim Langer, Graham K. Brown, 2016-06-17 Countries emerging from civil war or protracted violence often face the daunting challenge of rebuilding their economy while simultaneously creating the political and social conditions for a stable peace The implicit assumption in the international community that rapid political democratisation along with economic liberalisation holds the key to sustainable peace is belied by the experiences of countries such as Iraq and Afghanistan Often the challenges of post conflict reconstruction revolve around the timing and sequencing of different reform that may have contradictory implications Drawing on a range of thematic studies and empirical cases this book examines how post conflict reconstruction policies can be better sequenced in order to promote sustainable peace The book provides evidence that many reforms that are often thought to be imperative in post conflict societies may be better considered as long term objectives and that the immediate imperative for such societies should be people centred policies **Latin American Politics and Society** Gerardo L. Munck, Juan Pablo Luna, 2022-06-09 Taking a fresh thematic approach to politics and society in Latin America this introductory textbook analyzes the region s past and present in an accessible and engaging style well suited to undergraduate students The book provides historical insights into modern states and critical issues they are facing with insightful analyses that are supported by empirical data maps and timelines Drawing upon cutting edge research the text considers critical topics relevant to all countries within the region such as the expansion of democracy and citizenship rights and responses to human rights abuses corruption and violence Each richly illustrated chapter contains a compelling and cohesive narrative followed by thought provoking questions and further reading suggestions making this text a vital resource for anyone encountering the complexities of Latin American politics for the first time in their studies The War Report Annyssa Bellal, 2016-01-09 This annual Report on armed conflicts around the world provides detailed information on each conflict which occurred in 2014 The Report sets out the conflicts classification applicable norms key actors methods of warfare and the number of casualties It also analyses key legal issues that arose in the context of these armed conflicts
