Washington and Taipei have put more efforts into their respective relations with Beijing while contending that they have pursued positive parallel U S Taiwan cooperation

U.S.-Taiwan Relationship Wayne M. Morrison, Shirley Kan, 2015-06-25 This CRS Report updated through the 113th Congress provides an overview with analysis of the major issues in U S policy on Taiwan Taiwan formally calls itself the Republic of China ROC tracing its political lineage to the ROC set up after the revolution in 1911 in China The ROC government retreated to Taipei in 1949 The United States recognized the ROC until the end of 1978 and has maintained a non diplomatic relationship with Taiwan after recognition of the People s Republic of China PRC in 1979

China and America: Destined for Conflict? Wenzhao Tao, 2022-09-25 This book explores the possibility and feasibility of building a new model of major country relations between China and the United States which is of great significance to the sound interaction between the two countries and the preservation of peace and stability of the world In early June 2013 Chinese President Xi Jinping and US President Barack Obama reached a consensus on building a new model of major country relations at the historical Sunny lands meeting in California In the years that followed the two leaders were committed to that goal despite the different interpretations in its substance How is the new model of major country relations conceptualized and developed What renders it possible Is the major country conflict inevitable These are the basic issues addressed in this book Now China US relations are at a critical juncture The international community is watching the world s two largest economies and is quite concerned about the future of one of the world s most complicated bilateral relationships This timely publication of Professor Tao Wenzhao provides us with a realistic approach to managing this vital relationship in a candid and balanced way

China-Taiwan Rapprochement Min-Hua Chiang, 2015-10-30 This book examines how since about 2008 the economy of Taiwan has become ever more deeply integrated into the economy of China It goes beyond a consideration of trade and investment flows and discusses also the large population flows the growing integration of the two financial systems and the nature of the deep economic integration at the industry and firm level It considers the impact of growing economic integration on society and politics assesses how China Taiwan economic integration is affecting the East Asian region more widely and explores the implications for international relations including the United States dominance in the region Overall the book presents a comprehensive analysis of all the issues

Power Plays Allison Carnegie, 2015-09-03 Coercive diplomacy the use of threats and assurances to alter another state s behavior is indispensable to international relations Most scholarship has focused on whether and when states are able to use coercive methods to achieve their desired results However employing game theoretic tools statistical modeling and detailed case study analysis Power Plays builds and tests a theory that explains how states develop strategies of coercive diplomacy how their targets shield themselves from these efforts and the implications for interstate relations Focusing on the World Trade Organization Power Plays argues that coercive diplomacy often precludes cooperation due to fears of exploitation but that international institutions can solve these problems by convincing states to eschew certain tools for coercive purposes

East and South-East Asia Andrew T.H. Tan, 2013-07-03 The economic growth of East and South East Asia in the context of the global financial crisis has strengthened the view that this region is emerging in the 21st century as the most economically vibrant region in the world With some of the largest economies and generally high economic growth rates compared to the rest of the world it is unsurprising that East and South East Asia has become the subject of global interest East Asia's rise inevitably focuses attention on the issue of China's emergence as a regional and global power Such a prospect challenges the current status quo in which the region is dominated by the USA and its regional allies and issues in Sino US strategic relations have raised global awareness of the need to understand this pivotal region better In addition the Taiwan issue continues to evoke nationalist sentiments in China and North Korea continues to threaten regional stability Non traditional or alternative security issues are also of major importance in the region including natural disasters and epidemics as well as challenges relating to human rights and governance transnational crime demographic issues economics and trade and regionalism This Handbook aims to offer an insight into these issues The volume is divided into two main sections The first International Relations and Security Perspectives will focus on the international relations of the region paying special attention to the key state players The chapter contributions will examine the security perspectives and foreign and defence policies of these states as well as key bilateral relationships The second section will examine key Regional Non traditional Security Issues including globalization transnational health challenges population growth and the environment **2017**
