More Everything Forever Adam Becker, 2025-04-22 This wild and utterly engaging narrative Melanie Mitchell shows why Silicon Valley's heartless baseless and foolish obsessions with escaping death building AI tyrants and creating limitless growth are about oligarchic power not preparing for the future Tech billionaires have decided that they should determine our futures for us According to Elon Musk Jeff Bezos Sam Altman and more the only good future for humanity is one powered by technology trillions of humans living in space functionally immortal served by superintelligent AIs In *More Everything Forever* science journalist Adam Becker investigates these wildly implausible and often profoundly immoral visions of tomorrow and shows why in reality there is no good evidence that they will or should come to pass Nevertheless these obsessions fuel fears that overwhelm reason for example that a rogue AI will exterminate humanity at the expense of essential work on solving crucial problems like climate change What's more these futuristic visions cloak a hunger for power under dreams of space colonies and digital immortality The giants of Silicon Valley claim that their ideas are based on science but the reality is darker they come from a jumbled mix of shallow futurism and racist pseudoscience *More Everything Forever* exposes the powerful and sinister ideas that dominate Silicon Valley challenging us to see how foolish and dangerous these visions of the future are

Michel de Montaigne, 2021-10-12 The Essays of Michel de Montaigne 1877 is a collection of essays and letters by Michel de Montaigne Originally published in French as *Essais* 1580 this edition was translated by English poet Charles Cotton in the late 17th century and republished by William Carew Hazlitt the grandson of renowned English essayist and critic William Hazlitt No man living is more free from this passion of sorrow than I who yet neither like it in myself nor admire it in others and yet generally the world as a settled thing is pleased to grace it with a particular esteem clothing therewith wisdom virtue and conscience Foolish and sordid guise In his masterful essays Michel de Montaigne eschews the typical distancing required of the authorial voice in order to investigate public matters through a personal lens As the subject of his own musings he provides both a stirring self portrait and an invaluable new voice that will resonate throughout Western literature Unlike the Enlightenment thinkers who would follow in his footsteps Montaigne is skeptical of the possibility of human certainty and takes an ethical stand against the European colonial project in the Americas and elsewhere At times serious at others tongue in cheek his wide ranging topics include conscience politics sorrow solitude fear friendship war and poetry The Essays of Michel de Montaigne were written at a crossroads in human history between Renaissance and Enlightenment Catholicism and Protestantism Montaigne argues that to look outward requires we first look within and that the quest for happiness requires us to accept what we cannot know With a beautifully designed cover and professionally typeset manuscript this edition of The Essays of Michel de Montaigne is a classic of French philosophy reimagined for modern readers The Independent ,1916 **The Spiritual Truth Series** Lucian Phoenix-Wolf, 2004-10 Have you ever had anything weird or unusual happen to you You are not alone Most people use religion to explain anything supernatural that may have happened to them The author did this and he soon found out how wrong he was Finding the truth is a very freeing experience This book is about opening your mind and finding out the power you have in your beliefs I bet you would be surprised at what you could do if you just change how you think That's right you control what you believe When you uncover the power that you have in your beliefs you could do almost anything All you have to do is accept the fact that truth is stranger than fiction Publisher description *English Prose and Verse from Beowulf to Stevenson* Henry Spackman Pancoast, 1915 **Essays, Critical and Miscellaneous ...
