What the Ice Gets Melinda Mueller, 2000 Blending historical scientific and literary scholarship with an impressive range of poetic forms Melinda Mueller masterfully brings us the legendary tale of Sir Ernest Shackleton's Trans Antarctic Expedition *What the Ice Gets* is an adventure story a requiem and a love poem written to twenty eight heroes and the mythic landscape they set out to explore but that instead explored them Book jacket [Encyclopedia of the Antarctic](#) Beau Riffenburgh, 2007 Publisher description [Antarctica in Fiction](#) Elizabeth Leane, 2012-06-29 This first comprehensive exploration of literary responses to Antarctica maps the far south as a space of the imagination **Terra Antarctica** William L. Fox, 2011-04-15 How does the human mind transform space into place or land into landscape For more than three decades William L Fox has looked at empty landscapes and the role of the arts to investigate the way humans make sense of space In *Terra Antarctica* Fox continues this line of inquiry as he travels to the Antarctic the largest and most extreme desert on earth This contemporary travel narrative interweaves artistic cartographic and scientific images with anecdotes from the author's three month journey in the Antarctic to create an absorbing and readable narrative of the remote continent Through its images history and firsthand experiences snowmobile trips through whiteouts and his icy solo hikes past the edge of the mapped world Fox brings to life a place that few have seen and offers us a look into both the nature of landscape and ourselves **"Terra Incognita"** Virginia Hyde, Earl G. Ingersoll, 2010 *Terra Incognita* D H Lawrence at the Frontiers edited by Virginia Crosswhite Hyde and Earl G Ingersoll is a collection of nine essays by scholars from five countries They show ways in which Lawrence explored not only remote regions of the earth but also consciousness and human relations The book also considers implications of terms like frontier boundary and place It gives readings that are the first to utilize new texts and research in the final prose volumes of the Cambridge Lawrence Edition This includes all the essays Lawrence wrote in America about Southwestern and Mexican Indians *Mornings in Mexico and Other Essays* 2009 Writers are Michael Hollington Judith Ruderman Edina Pereira Crunfli Tina Ferris Virginia Crosswhite Hyde Jack Stewart Keith Cushman Julianne Newmark and Paul Poplawski In addition to the essays the book contains eight pages of color illustrations It will interest both general readers and scholars of Lawrence and of twentieth century literature Publisher's website

Shackleton's Epic Tim Jarvis, 2015-08-01 A new edition to mark the centenary Ernest Shackleton's epic 1916 journey across 1300 kms of hostile ocean in a tiny leaking boat and unmapped ice and snow to reach a rescue station by British Australian explorer Tim Jarvis who recreated Shackleton's Epic in 2012 Sir Edmund Hillary called it the greatest survival story of all time In 1916 just months into Ernest Shackleton's third expedition to the South Pole his ship the *Endurance* became trapped in pack ice and sank With winter setting in and supplies running out Shackleton faced a terrible quandary should he and his crew stay on a tiny inhospitable stretch of Antarctic island and die waiting Or should they make an almost certainly doomed journey and sail in a lifeboat across 900 miles of the world's wildest ocean then trek over unmapped

glaciers to reach help Showing astonishing courage Shackleton and a small band of men set off in an open boat Even more astonishingly they survived Almost a century later explorer and environmental scientist Tim Jarvis set out with a crew of five to replicate Shackleton's journey using the same equipment eating the same unpalatable food and facing the same hostile ocean conditions Shackleton's Epic is the story of that trip the wretched lows and the occasional highs and the mental and physical toughness required to survive in one of the last wildernesses on earth Moving between the past and the present this is a must read book for all Shackleton fans and lovers of epic adventure Jarvis's tribute to Ernest Shackleton's Antarctic expedition had had a danger and heroism worthy of the original GUARDIAN UK bone chilling and breathtakingly frightening a well written compelling read KIRKUS REVIEWS a ripping yarn BRISBANE NEWS serves to show just how brave skilled resourceful and optimistic the original explorers had been Verdict victory over adversity HERALD SUN *The Wide White Page* Bill Manhire, 2004 The wide white page spans eight centuries of writing from Dante's epic account of Ulysses's last southbound ocean journey to Michael Chabon's writing of a WWII US army base on the ice in Kavalier and Clay There is fiction and poetry from nearly a dozen different countries and genres range from Coleridge's Rime of the ancient mariner via H P Lovecraft's Gothic fantasy and Kim Stanley Robinson future fiction to the surreal comedy of Monty Python's Scott of the Sahara book jacket

Antarctica in British Children's Literature Sinead Moriarty, 2020-11-29 For over a century British authors have been writing about the Antarctic for child readers yet this body of literature has never been explored in detail Antarctica in British Children's Literature examines this field for the first time identifying the dominant genres and recurrent themes and tropes while interrogating how this landscape has been constructed as a wilderness within British literature for children The text is divided into two sections Part I focuses on the stories of early twentieth century explorers such as Robert F Scott and Ernest Shackleton Antarctica in British Children's Literature highlights the impact of children's literature on the expedition writings of Robert Scott including the influence of Scott's close friend author J M Barrie The text also reveals the important role of children's literature in the contemporary resurgence of interest in Scott's long term rival Ernest Shackleton Part II focuses on fictional narratives set in the Antarctic including early twentieth century whaling literature adventure and fantasy texts contemporary animal stories and environmental texts for children Together these two sections provide an insight into how depictions of this unique continent have changed over the past century reflecting transformations in attitudes towards wilderness and wild landscapes

shaped for centuries by explorers adventurers scientists and dreamers The Entire Earth and Sky conjures all these ideas and interweaves them with the experience and history of Antarctica balancing the reality of the frigid outpost populated by a ragtag alliance of international researchers against the crystalline dreamscape of a continent at the bottom of the world When Leslie Carol Roberts went to Antarctica for the first time with Greenpeace she was hoping to save the world In the twenty years since then she has shifted to the no less difficult task of saving Antarctica itself compiling memoirs and stories learning the biology and geography of the icy land and documenting her own journey This book pieces together the tragic and heroic tales of nineteenth century exploration interviews with scientists and the author s personal observations The result is a remarkable collage that evokes the beauty and the complexity the perils and the rewards of a lifelong engagement with the earth s last wilderness A kaleidoscope of legends stories field notes images reports history letters and research the book renders an impression at once vast and microscopic of the effect of human beings on the land and ice we call Antarctica and its effect on us
