Whats So Great About Christianity By Dinesh Dsouza 2008 Paperback:

What's So Great about God Dinesh D'Souza, 2013-09-13 For a lot of people the biggest question about God is not surprisingly enough whether He exists Instead it is about whether God is truly good Dinesh D Souza in his debates with leading atheists quickly realized that many of those debates revolved around the question of evil in this world how God could create a world that allowed such suffering and evil In What s So Great about God Dinesh D Souza takes these questions head on Does God act like a tyrant Is God really responsible for the evil in this world Why is there suffering in the world For the first time ever Dinesh D Souza approaches this apologetic topic with historical and scientific proof and presents to the reader why God is truly worthy of our worship and love Previously published as Godforsaken What's So Great About Christianity Dinesh D'Souza, 2008-11-04 Is Christianity true Can educated thinking people really believe the Bible Or do the athiests have it right Has Christianity been disproved by science and discredited as a guide to morality Best selling author Dinesh D Souza What s So Great About America approaches Christianity with a skeptical eye but treats the skeptics with equal skepticism The result is a book that will challenge the assumptions of doubters and affirm that there really is indeed something great about Christianity Systematic Theology/Historical Theology Bundle Wayne A. Grudem, Gregg Allison, 2015-10-27 A collection that includes two of our most exemplary textbooks Systematic Theology and Historical Theology The ebook will provide an introduction to Biblical and Christian doctrine 50 Great Myths About Atheism, 2013-08-12 Tackling a host of myths and prejudices commonly leveled at atheism this captivating volume bursts with sparkling eloquent arguments on every page The authors rebut claims that range from atheism being just another religion to the alleged atrocities committed in its name An accessible yet scholarly commentary on hot button issues in the debate over religious belief Teaches critical thinking skills through detailed rational argument Objectively considers each myth on its merits Includes a history of atheism and its advocates an appendix detailing atheist organizations and an extensive bibliography Explains the differences between atheism and related concepts such as agnosticism and naturalism **Good News for Moderns** Nero James Pruitt, 2015-06-27 There are many ways to be a Christian In Good News for Moderns author Nero James Pruitt shows that within the pages of the New Testament there is room for a diversity of Christianities This is a diversity that is not talked about often but when properly understood expands the perception of what a Christian is Consider the words of Justin Martyr the second century Christian writer recognized as a saint by the Catholic Church the Anglicans and the Eastern Orthodox in about 150 AD We are taught that Christ is the first born of God and we have shown that He is the reason word of whom the whole human race partake And those who live according to reason are Christians even though they are counted atheists Such were Socrates and Heraclitus among the Greeks and those like them Consider the words of John Adams the second President of the United States in 1816 The Ten Commandments and the Sermon on the Mount contain my religion Consider the words Bill Clinton the forty second President of the United States In 1955 I had absorbed enough of my churchs teachings to know

that I was a sinner and to want Jesus to save me Finally consider the words of the writer of the small New Testament Book of III John Whoever does good is from God Good News for Moderns is based on Pruitts reading of the scriptures and over one hundred authors of various points of view In our busy time it is brief slightly more than one hundred thousand words supplemented by slightly less than one hundred thousand words of end notes It recognizes that human life moves by fast in what seems like an infinity of time and space and the book closes this way By listing many who have come before us and the immensity of time and space I have underscored the brevity of our lives because as a Psalmist taught recognizing our own mortality is the path to wisdom

If God Were Real John Avant,2009-07-07 In this provocative book pastor John avant encourages readers to uphold a consistent practice of what they believe not just a verbalization of what they believe If Christians truly believe in God they should live genuinely changed lives as the ultimate proof that He is real Many Christians live their lives as if they do not believe in God They go to church and praise His name on Sundays but in their daily lives they don t think about the Lord that often They don t show much concern or charity for others They don t feel gratitude to the Lord for His blessings They don t allow God s love to be reflected in their actions giving Christianity a bad name in the process In their practical day to day lives many Christians are almost living as though they are atheists Pastor Avant witnesses many Christians not living up to their claims and he asserts that there is not much Christ left in that form of Christianity In *If God Were Real* he challenges Christians to consider whether or not they believe in God If they do Pastor Avant wants readers to consider what life would be like if they lived as if they believed in God He advocates for the pursuit of a new Jesus movement that resembles Christ s original followers followers who were so steadfastly devoted to Him that their every action reflected His glory With *If God Were Real* readers will embark on an adventure of discovery of the real God and a life lived in praise of Him

Religion and the New Atheism ,2010-06-14 The term new atheism has been given to the recent barrage of bestselling books written by Richard Dawkins Sam Harris Daniel Dennett Christopher Hitchens and others These books and their authors have had a significant media presence and have only grown in popularity over the years This book brings together scholars from religious studies science sociology of religion sociology of science philosophy and theology to engage the new atheism and place it in the context of broader scholarly discourses This volume will serve to contextualize and critically examine the claims arguments and goals of the new atheism so that readers can become more informed of some of the debates with which the new atheists inevitably and at times unknowingly engage Contributors include Richard Harries Reza Aslan Amarnath Amarasingam Robert Platzner Jeffrey Robbins Christopher Rodkey Rory Dickson Steve Fuller William Sims Bainbridge William A Stahl Stephen Bullivant Michael Borer Richard Cimino Christopher Smith Gregory R Peterson Jeff Nall Ryan Falcioni and Mark Vernon *Studies in Critical Research on Religion* vol 1

we different Were we created by God or are we just accidents of nature Are you a child of the King or just a child of King Kong This is a book of apologetics for laypeople It looks at arguments for the existence of God and especially at those arguments that can be drawn from human nature It argues in plain language with illustrations and humor that we cannot explain human nature without God that men are miracles **The Atheist Delusion** Fernandes,2009-04 *The Coping Strategy* Larry R. Alexis,2010 Today many in Hollywood and the media have declared open warfare on the family education and Christianity in general Intellectuals have labeled religion particularly Christianity as mere wish fulfillment or a virus of the mind something to be eradicated at all costs In *Christianity's Dangerous Idea* Jonas Alexis picks up where he left off in his previous books and continues to examine the ideological fallacies that have been fabricated in order to attack Christianity and the people who promote those fallacies This latest book is a tour de force of rigorous logic and testable evidence for the Christian worldview from history science experience common sense and final destiny More importantly Alexis subjects the rivals of Christianity to the same rigorous testing *Christianity's Dangerous Idea* clearly demonstrates the destructive nature of popular atheistic and anti Christian philosophies spread throughout Western culture by such famous people as Friedrich Nietzsche Sigmund Freud Carl Jung David Cronenberg Steven Spielberg Alan Moore William S Burroughs Philip K Dick Bruce Lee Ayn Rand Bart D Ehrman Richard Dawkins and many more In a scholarly yet readable fashion Alexis shows that what the ancient Greeks often referred to as the cult of Dionysus has become mainstream in our modern age **The Moral Arc** Michael Shermer,2015-01-20 The New York Times bestselling author of *The Believing Brains* explores how science makes us better people From Galileo and Newton to Thomas Hobbes and Martin Luther King Jr thinkers throughout history have consciously employed scientific techniques to better understand the non physical world The Age of Reason and the Enlightenment led theorists to apply scientific reasoning to the non scientific disciplines of politics economics and moral philosophy Instead of

relying on the woodcuts of dissected bodies in old medical texts physicians opened bodies themselves to see what was there instead of divining truth through the authority of an ancient holy book or philosophical treatise people began to explore the book of nature for themselves through travel and exploration instead of the supernatural belief in the divine right of kings people employed a natural belief in the right of democracy In *The Moral Arc* Shermer explains how abstract reasoning rationality empiricism skepticism scientific ways of thinking have profoundly changed the way we perceive morality and indeed move us ever closer to a more just world Michael Shermer is a beacon of reason in an ocean of irrationality Neil deGrasse Tyson A memorable book a book to recommend and discuss late into the night Richard Dawkins A brilliant contribution Sherman's is an exciting vision Nature [My Life - A to Z](#) John Mark Read,2008-11 If you like the good old days hard work cars girls and even God you will not only enjoy this book but may find yourself thinking about your own life and what it means to be a boy growing into a man husband father and grandfather especially in light of one of the most prevalent societal problems What became a fascination at an early age blossomed into an addiction to pornography that ended the author's professional career and almost ruined his marriage [How Science Has Discovered God: Physics, Metaphysics and Beyond](#) Darrell Hall,2024-04-16 If you are searching for practical strategies and arguments to defend your Christian faith *How Science Has Discovered God Physics Metaphysics and Beyond* is a must read Through meticulous research and analysis Darrell Hall skillfully conveys scientific concepts and theories from the origins of the universe to the origins of life all the while displaying the fingerprints of an intelligent Creator Hall bridges the perceived gap between reason and belief offering compelling scientific philosophical historical and theological arguments for the existence of God *How Science Has Discovered God* is not just another book on the relationship between science and religion It is a quest for the truth about reality and the meaning and purpose of life It engages the reader in a thought provoking exploration of Christian Apologetics revealing the existence of a loving and purposeful Creator Explore with the author why God is the best explanation for the big bang the fine tuning of the universe the mathematical intelligibility of the universe the existence of mind consciousness and free will and much more Unearth the evidence for the claims of Jesus and his resurrection and see how suffering and evil are best explained through a loving God This authoritative and comprehensive study is sure to provide material for thought and inspiration Over two thousand years ago Jesus assured us that God is real that God does care and that everything we do does matter With a willingness to follow where the evidence leads join Darrell Hall in a search for truth Open your mind and heart and listen to the voice of God as He speaks through His Creation and His Son Jesus Christ **What Are You Afraid Of?** David Jeremiah,2013-10-01 For many people worry anxiety and fear are constant companions fear of death fear of danger fear of disease And too often these fears are crippling keeping us from the life God has called us to live But it doesn't have to be that way says Dr David Jeremiah As Christians we have been given all we need in order to face down even the most frightening unexpected and overwhelming obstacles in life In his new book *What Are You Afraid Of* Dr Jeremiah

explores the top ten fears that are holding so many of us back from the life God has called us to live and shares the supernatural secrets for facing down these fears with faith *Augustine's Teaching on the Two Cities (Civitates) and Nigerian Society* Leonard Oshiokhamele Anetekhai, 2020-09-28 Augustine's creative and allegorical thought in his City of God on social life is one that provides citizens of the earthly cities especially Christians an opportunity to understand why and how they should contribute positively to public life through faith and social responsibility Believing that human life is social our human social existence must transcend and go beyond social religious and political affiliations This requires that individuals be good and upright in their social engagements as religious and political citizens It also entails individual rights duties and obligations without excluding the fight against injustice social vice exploitation and power abuse within human society These sets of values and the positive outcome thereof can only be achieved through love This love is the driving force to social peace a love which must promote order and justice within societal life Irrespective of its heavenly orientation these teachings are significantly context bound like every theological and philosophical endeavour that concerns and connects the human person to its earthly realities Contextualising these concepts within human existence flows from a social religious and political assessment It tends primarily towards moral benefits and social norms that must not lose sight of the spiritual reality which enlightens and build good moral conscience that impacts virtues and values in society Enough Is Enough Rick Scarborough, 2008 It's no secret that Christians have had a major impact on the last two presidential elections and Dr Rick Scarborough believes that now is not the time to retreat Now more than ever it is critical that all Bible believing Americans step up and let our voices be heard Scarborough challenges Christians to become involved in political action by revealing the issues that have caused the demise of America's Judeo Christian foundation and outlining several key steps readers can take right where they live if they agree that it's time to get involved Discover America's rich Christian foundations and the journey to the current political landscape Enough Is Enough will motivate every person who reads it to influence our country's policies and culture with biblical values Faith and Doubt John Ortberg, 2008-09-09 What if the most important word is the one in the middle We often think of doubt as the opposite of faith but could it actually strengthen our relationship with God According to John Ortberg best selling author and pastor the very nature of faith requires the presence of uncertainty In this refreshingly candid look at a life of faith he traces the line between belief and unbelief less a dividing line between hostile camps than a razor's edge that runs through every soul His findings point us toward the relief of being totally honest Questions can expand our understanding uncertainty can lead to trust and honest faith can produce outrageous hope Written from Ortberg's own struggle with faith and doubt this book will challenge comfort and inspire you with the truth that God wants all of us including our doubts *The Surge* Pete Briscoe, 2010 Are you a church leader struggling to engage your congregation in global outreach and missions to the nations Are you a Christian who feels spiritually tired and thirsty Do you sometimes feel like giving up You're not alone In *The Surge* author Pete Briscoe calls this time in history Dry Lands and we

re stranded in it But a flood of the power of God is coming Are you and your church ready **He Claimed to Be God** Allyn Ricketts PhD,2021-03-30 Critical voices within the culture and church frequently make the claim that Jesus never claimed to be God If Jesus never made the claim to deity why would the early church have held such a belief from its earliest days He Claimed to Be God responds to this idea and reviews the various ways Jesus did claim to be God It is aimed at doubters but also seeks to build the faith of believers and give them some ways to respond to the charge Jesus claimed to have the attributes of God Qualities such as sovereignty omniscience holiness and love show that Jesus was claiming to be the God of the Old Testament During the exploration of this topic other apologetic issues come to the surface as we look briefly at the Trinity the validity of miracles and the power to exist as one of God s attributes Uplifting and thoroughly supported by scripture this theological study examines one aspect of the case for Christ and demonstrates that Jesus claimed to be God
