When Men Become Gods By Stephen Singular 2009 Paperback:

When Men Become Gods Stephen Singular, 2009-07-07 In *When Men Become Gods* New York Times bestselling author Stephen Singular casts a light on a dark corner of religious extremism. He reveals a group of fundamentalists operating in the present day United States where teenage girls are kept in virtual bondage in the name of upholding the sacred principle of polygamy. As the leader and self-proclaimed prophet of the Fundamentalist Latter Day Saints, a sect of Mormonism based in isolated southern Utah, Warren Jeffs held sway over thousands of followers for nearly a decade. His rule was utterly tyrannical. In addition to coercing young girls into polygamous marriages with older men, Jeffs reputedly took scores of wives, many of whom were his father's widows. Television, radio, and newspapers were shunned, creating a hidden community where polygamy was prized above all else. But in 2007, after a two-year manhunt that landed him on the FBI's Ten Most Wanted List, Jeffs's reign was forcefully ended. He was convicted of rape as an accomplice for his role in arranging a marriage between a fourteen-year-old girl and her nineteen-year-old first cousin. In *When Men Become Gods*, Edgar Award nominee Stephen Singular traces Jeffs's rise to power and the concerted effort that led to his downfall. It was a movement championed by law enforcement, private investigators, the Feds, and perhaps most vocal of all, a group of former polygamous wives seeking to liberate young women from the arranged marriages they'd once endured. The book offers new revelations into a nearly impenetrable enclave, a place of nineteenth-century attire, inbreeding, and eerie seclusion, providing readers with a rare glimpse into a tradition that's almost a century old but that has only now been exposed.

Sexual Abuse, Shonda and Concealment in Orthodox Jewish Communities Michael Leshner, 2014-07-15 This book, the first of its kind, analyzes how and why cases of child sexual abuse have been systematically concealed in Orthodox Jewish communities. The book examines many such cover-ups in detail, showing how denial, backlash against victims, and the manipulation of the secular justice system have placed Orthodox Jewish community leaders in the position of defending or even enabling child abusers. The book also examines the generally disappointing treatment of this issue in popular media while dissecting the institutions that contribute to the cover-ups, including two rabbinic courts and local Orthodox patrols that are more or less unique to Orthodox Jewish communities. Finally, the book explores the cultural factors that have contributed to this tragedy and concludes with hopes and proposals for future reform.

Polygamy in Primetime Janet Bennion, 2012 A provocative look at the costs and benefits of polygamy among western fundamentalist Mormon women.

Answer Them Nothing Debra Weyermann, 2011-08-01 When police raided the Short Creek compound of the Fundamental Church of Jesus Christ of Latter Day Saints in 1953, it soon became a political and publicity nightmare and eventually cost the governor of Arizona his job. From that point on, skittish public officials allowed the polygamist sect to practice its tenets unmolested for the next 50 years and turned a blind eye to child abandonment, kidnapping, statutory rape, incest, and massive tax and welfare fraud. But then Warren Jeffs, a new FLDS prophet, escalated the sect's crimes to near madness. Activists watched in horror as he used his

limitless authority and the resources of a tax supported community in essence a feudal empire on the Utah Arizona border to devastate thousands of lives on cruel whims marrying girls as young as 11 to 60 year old men and driving off teenage lost boys who Jeffs felt threatened his authority Answer Them Nothing is the chilling story of the victims activists prosecutors judges cops and attorneys who in 2001 began the struggle to dismantle the FLDS empire and bring Jeffs and his henchmen to justice It is a mesmerizing journey into one of America s darkest corners a story that stretches over three states and deep into history of the powerful Mormon Church *Book Review Index - 2009 Cumulation* Dana Ferguson,2009-08 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year Journal of Mormon History ,2009 **Paul within Paganism** Alexander Chantziantoniou,Paula Fredriksen,Stephen L. Young,2025-11-04 A collaborative project this work introduces a burgeoning new approach to the study of Paul which contextualizes the pagans apostle within the wider world of ancient Mediterranean religion so called paganism The anthology assembles cutting edge essays from both senior and rising scholars whose contributions collectively demonstrate how Paul s Jewish religious program is native to the ancient Mediterranean While providing a go to introductory resource for teachers and scholars of biblical studies the essays are pitched to be accessible for students both liberal arts and divinity in order to invite seminarians and church groups to think in religious studies ways about Paul s letters This volume explores in particular how Paul positively avails himself of ideas and activities constitutive of his own time and place such as divination deification magic idols and a host of other social practices traditionally attributed to pagans and so emphatically denied of Jews and Christians At the same time it interrogates how features of Paul s letters traditionally categorized as exclusively Jewish such as his use of scripture his claims about faith his ideas about law and his focus on foreskin are themselves evidence of Paul s participation in wider Mediterranean ways of promoting engagement with the numinous Paul operated within paganism even at his supposedly most Jewish points Just as the Paul within Judaism movement emphasizes Judaism not primarily as the contrast to but rather as the context for and content of Paul s gospel Paul within Paganism does the same for Paul in relation to wider Greco Roman culture Paul and his Judaism emerge here as instances of not exceptions to ancient Mediterranean religion **Stephen Crane** George Monteiro,2009 Stephen Crane 1871 1900 was a controversial figure in American literature and journalism In a literary career that lasted a mere decade he produced short stories novellas novels and poetry for which he was both lauded and reviled With *The Red Badge of Courage* he entered the American canon Despite Crane s lack of experience of war at the time of the novel s composition it is a classic of realist war fiction This book presents a

representative selection of the reviews of Stephen Crane's books beginning with the publication of his first novel *Maggie A Girl of the Streets* 1893 through the posthumously published last novel *The O Ruddy* 1903 Many of the reviews will be new to Crane scholars The volume offers readers an insight into how Crane's reputation was formed and how it changed during his lifetime ending with the shifts in emphasis upon his early death [The Soul Delusion](#) David P. Barash, 2025-11-13 The case against the soul and why life is better without one The soul like the Christian notion of the devil has increasingly become contested even for traditional believers Considered objectively the soul is a strange notion one entirely at odds with everything we know about how the world actually works And yet belief in the soul persists among both the religiously inclined and non believers The Soul Delusion is a wake up call encouraging readers to think critically about something widely taken for granted Evolutionary biologist David P Barash takes a deep dive into the nature of the soul by reviewing the diverse and often conflicting notions of what the soul is supposed to be and revealing practical problems deriving from such delusive beliefs how the soul certain agitate against early and mid stage abortions because of their insistence that an embryo has a soul and thus must be saved even at the risk of the mother's health for instance and how soul belief has provided marching orders for cruelty toward animals because of the claim that only we have souls and therefore animals don't deserve protection The Soul Delusion also aims to liberate people from fear of hell and free them to enjoy what poet Mary Oliver called your wild and precious life It challenges the assumption that a soul is needed for people to live moral lives while exposing the misleading nature of supposed near death experiences It also illuminates how being soul free opens us to an appreciation of our wonderful lives in the real the here and now and the prospect of a future without souls **La théologie africaine : son émergence entre le continent africain et la diaspora** Dieudonné Mushipu Mbombe, 2025-05-12 La théologie africaine socle d'une foi raisonnée pour les communautés croyantes est plus que vivante en cette période postconciliaire Elle est en marche et se déploie sur le continent soutenue par le magistère et les théologiens sur place Cependant elle ne se ferme pas sur elle-même en Afrique Elle s'enrichit des apports de la diaspora par de nombreux ouvrages dont certains qui taient pionniers de cette théologie ont été publiés dans les maisons d'éditions européennes Elle continue à croître galement avec la participation de plusieurs penseurs africains installés en Occident Et c'est le cas du grand théologien Benzet Bujo qui a produit une œuvre importante en théologie Ce livre lui rend hommage Il a réussi à montrer que les multiples expressions de la théologie africaine s'inspirent des échanges entre l'Afrique et d'autres univers scientifiques de notre société mondialisée afin de développer leurs méthodes d'établir la pertinence de leur discours et d'asseoir la crédibilité de leur pistologie propre Les contributions contenues dans ce volume illustrent suffisamment *Portland Transcript*, 1854 **The Hymn**, 2010 [The Compact Edition of the Oxford English Dictionary](#) Sir James Augustus Henry Murray, 1971 Micrographic reproduction of the 13 volume Oxford English dictionary published in 1933 [Forthcoming Books](#) Rose Arny, 1996-06
