Going the Distance? National Research Council, Transportation Research Board, Nuclear and Radiation Studies Board, Committee on Transportation of Radioactive Waste, 2006-06-21 This new report from the National Research Council's Nuclear and Radiation Studies Board NRSB and the Transportation Research Board reviews the risks and technical and societal concerns for the transport of spent nuclear fuel and high level radioactive waste in the United States Shipments are expected to increase as the U S Department of Energy opens a repository for spent fuel and high level waste at Yucca Mountain and the commercial nuclear industry considers constructing a facility in Utah for temporary storage of spent fuel from some of its nuclear waste plants The report concludes that there are no fundamental technical barriers to the safe transport of spent nuclear fuel and high level radioactive and the radiological risks of transport are well understood and generally low However there are a number of challenges that must be addressed before large quantity shipping programs can be implemented successfully Among these are managing social risks The report does not provide an examination of the security of shipments against malevolent acts but recommends that such an examination be carried out **When I'm 64** National Research Council, Division of Behavioral and Social Sciences and Education, Board on Behavioral, Cognitive, and Sensory Sciences, Committee on Aging Frontiers in Social Psychology, Personality, and Adult Developmental Psychology, 2006-03-13 By 2030 there will be about 70 million people in the United States who are older than 64 Approximately 26 percent of these will be racial and ethnic minorities Overall the older population will be more diverse and better educated than their earlier cohorts The range of late life outcomes is very dramatic with old age being a significantly different experience for financially secure and well educated people than for poor and uneducated people The early mission of behavioral science research focused on identifying problems of older adults such as isolation caregiving and dementia Today the field of gerontology is more interdisciplinary When I m 64 examines how individual and social behavior play a role in understanding diverse outcomes in old age It also explores the implications of an aging workforce on the economy The book recommends that the National Institute on Aging focus its research support in social personality and life span psychology in four areas motivation and behavioral change socioemotional influences on decision making the influence of social engagement on cognition and the effects of stereotypes on self and others When I m 64 is a useful resource for policymakers researchers and medical professionals [Free Kindle Books Online: The Ultimate Guide to Creating Your Own Free Kindle Library](#) , **Biographical Memoirs** National Academy of Sciences, 2005-08-15 Biographic Memoirs Volume 86 contains the biographies of deceased members of the National Academy of Sciences and bibliographies of their published works Each biographical essay was written by a member of the Academy familiar with the professional career of the deceased For historical and bibliographical purposes these volumes are worth returning to time and again **Frontiers of Bioinformatics** , 2005 **The Graphic Communication Handbook** Simon Downs, 2013-03-01 The Graphic

Communication Handbook is a comprehensive and detailed introduction to the theories and practices of the graphics industry. It traces the history and development of graphic design, explores issues that affect the industry, examines its analysis through communications theory, explains how to do each section of the job, and advises on entry into the profession. The Graphic Communication Handbook covers all areas within the industry, including pitching, understanding the client, researching a job, thumbnail drawings, developing concepts, presenting to clients, working in 2D, 3D motion graphics, and interaction graphics, situating and testing the job, getting paid, and getting the next job. The industry background, relevant theory, and the law related to graphic communications are situated alongside the teaching of the practical elements. Features include introductions that frame relevant debates, case studies, examples, and illustrations from a range of campaigns, philosophical and technical explanations of topics, and their importance.

Preventing Teen Motor Crashes National Research Council, Transportation Research Board, Institute of Medicine, Division of Behavioral and Social Sciences and Education, Board on Children, Youth, and Families, Program Committee for a Workshop on Contributions from the Behavioral and Social Sciences in Reducing and Preventing Teen Motor Crashes, 2007-02-23 From a public health perspective motor vehicle crashes are among the most serious problems facing teenagers Even after more than six months of being licensed to drive alone teens are two to three times more likely to be in a fatal crash than are the more experienced drivers Crash rates are

significantly higher for male drivers and young people in the United States are at greater risk of dying or being injured in an automobile than their peers around the world In fact in 2003 motor vehicle crashes was the leading cause of death for youth ages 16 20 in the United States Understanding how and why teen motor vehicle crashes happen is key to developing countermeasures to reduce their number Applying this understanding to the development of prevention strategies holds significant promise for improving safety but many of these efforts are thwarted by a lack of evidence as to which prevention strategies are most effective Preventing Teen Motor Crashes presents data from a multidisciplinary group that shared information on emerging technology for studying monitoring and controlling driving behavior The book provides an overview of the factual information that was presented as well as the insights that emerged about the role researchers can play in reducing and preventing teen motor crashes *Buying Books Online* Stephen Windwalker,2002-06 **Where the**

Polar Icebreakers in a Changing World National Research Council, Transportation Research Board, Marine Board, Division on Earth and Life Studies, Polar Research Board, Committee on the Assessment of U.S. Coast Guard Polar Icebreaker Roles and Future Needs, 2007-03-14 The United States has enduring national and strategic interests in the polar regions including citizens living above the Arctic circle and three year round scientific stations in the Antarctic Polar icebreaking ships are needed to access both regions Over the past several decades the U S government has supported a fleet of four icebreakers three multi mission U S Coast Guard ships the POLAR SEA POLAR STAR and HEALY and the National Science Foundation s PALMER which is dedicated solely to scientific research Today the POLAR STAR and the POLAR SEA are at the end of their service lives and a lack of funds and no plans for an extension of the program has put U S icebreaking capability at risk This report concludes that the United States should continue to support its interests in the Arctic and Antarctic for multiple missions including maintaining leadership in polar science The report recommends that the United States immediately program budget design and construct two new polar icebreakers to be operated by the U S Coast Guard The POLAR SEA should remain mission capable and the POLAR STAR should remain available for reactivation until the new polar icebreakers enter service The U S Coast Guard should be provided sufficient operations and maintenance budget to support an increased regular and influential presence in the Arctic with support from other agencies The report also calls for a Presidential Decision Directive to clearly align agency responsibilities and budgetary authorities

Water Resources Planning for the Upper Mississippi River and Illinois Waterway National Research Council, Transportation Research Board, Division on Earth and Life Studies, Water Science and Technology Board, Committee to Review the Corps of Engineers Restructured Upper Mississippi River-Illinois Waterway Draft Feasibility Study, 2005-11-18 The U S Army Corps of Engineers recently completed its feasibility study for the Upper Mississippi River Illinois Waterway which was one of the agency s longest and most complicated studies in its history The first two reports from this WSTB committee reviewed analytical aspects of the Corps feasibility study Water Resources Planning

for the Upper Mississippi River and Illinois Waterway considers the broader issue of managing the multiple resources of the Upper Mississippi River and Illinois Waterway especially with regard to several recently issued NRC reports on Corps of Engineers planning procedures The report finds that a key issue regarding planning decisions on these river systems is the ambiguity related to several different pieces of legislation and acts that govern river management and thus recommends that the administration and Congress clarify the federal intent for managing this river and waterway system The report recommends an independent retrospective review of the experience with a federal inter agency Principals Group which was convened to provide guidance to the Corps study It is also recommended that the Corps strive to incorporate flexible adaptive management principles through its entire water planning program including operations of the lock and dam system
